AUDIT SUMMARY

Results in brief

In most areas we audited, City operations complied with applicable requirements and provided adequate safeguarding of public resources. The City also complied with state laws and regulations and its own policies and procedures in most areas we examined.

However, we noted certain matters that we communicated to City management in a letter dated December 13, 2017, related to overtime controls. We appreciate the City's commitment to resolving those matters.

About the audit

This report contains the results of our independent accountability audit of the City of Cashmere from January 1, 2014 through December 31, 2016.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the City's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Payroll
- Utility billings, cash receipting, and adjustments
- Contract monitoring
- General disbursements
- Safeguarding of small and attractive assets
