### ***ASSERTION AND RESULTS***

Our Office received an assertion that a supervisor at Coyote Ridge Correctional Center was selling a nutritional supplement at the facility during work hours.

We found reasonable cause to believe an improper action occurred.

### ***ABOUT THE INVESTIGATION***

We reviewed the subject's Internet use and email folders and found she had not used either for her outside business. However, witnesses said the subject was promoting, selling and delivering the product at the facility.

The subject said she had sold the product at work until her supervisor told her to cease that activity. She said she sold and delivered at work, but had not approached anyone directly to purchase.

During our interviews, we were told the subject had previously sold another product during work hours at the facility. The subject said she had sold that product four or five years previously, but had not done so at the office. However, she did deliver the product at the facility and kept a catalog of products at work.

State ethics laws do not allow the use of state resources for the purpose of conducting an outside business.

### ***DEPARTMENT'S PLAN OF RESOLUTION***

*The Department considers any ethics violations to be serious. The appointing authority has reviewed the draft report and is prepared to follow established procedures to determine the appropriate action to take as soon as the State Auditor's Office provides the supporting documentation and interview notes gathered during their investigation.*

### ***STATE AUDITOR'S OFFICE CONCLUDING REMARKS***

We thank Agency officials and personnel for their assistance and cooperation during the investigation.
