Accountability Audit Report

**King County Museum of Flight
Authority**

For the period January 1, 2011 through December 31, 2014

Published April 2, 2015

Report No. 1013892

Washington State Auditor

Troy Kelley

April 2, 2015

Board of Directors
King County Museum of Flight Authority
Seattle, Washington

Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for Authority operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the Authority's compliance and safeguarding of public resources. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

TROY KELLEY
STATE AUDITOR
OLYMPIA, WA

AUDIT SUMMARY

Results in brief

In the areas we audited, Authority operations complied with applicable requirements and provided adequate safeguarding of public resources. The Authority also complied with state laws and regulations and its own policies in the areas we examined.

However, we noted certain matters that we communicated to the Authority. We appreciate the Authority's commitment to resolving those matters.

About the audit

This report contains the results of our independent accountability audit of the King County Museum of Flight Authority from January 1, 2011 through December 31, 2014.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the Authority's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance.

INFORMATION ABOUT THE AUTHORITY

Established by King County Ordinance on December 14, 1985, the Museum of Flight Authority was created to undertake, assist with or otherwise facilitate or provide for the development and operation of a first class air and space museum near Boeing Field in south King County.

A seven-member Board of Directors oversees the operations of the Authority. The King County Executive appoints the Board consisting of three members at large, three members nominated by the Museum of Flight Foundation and one member nominated by the Board of Directors.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
