Examination Report

The Washington State Department of Retirement Systems (DRS) administers eight public retirement systems for state and local government employees, with 15 different plans within those systems. These systems serve nearly 700,000 current and former public employees. Both public employers and their employees contribute to the retirement plans and the amounts they contribute are calculated as a percentage of the employee's pay.

Government entities are responsible for reporting accurate and complete pensionable wage and contribution information to DRS in accordance with the applicable retirement plan's requirements set forth in Title 415 of the Washington Administrative Code. The plan's actuarially derived pension liabilities are dependent on demographic data of the plan participants, which is referred to as census data. Significant elements of census data may include: date of birth; date of hire or years of service; marital status; eligible compensation; class of employee; gender; date of termination or retirement; spouse date of birth; and employment status (active, inactive, or retired).

INDEPENDENT ACCOUNTANT'S REPORT

Department of Corrections
July 1, 2014 through June 30, 2015

Richard Morgan, Acting Secretary
Department of Corrections
Olympia, Washington

Marcie Frost, Director
Department of Retirement Systems
Olympia, Washington

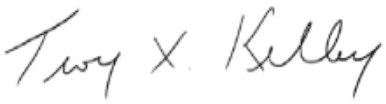

We have examined the Department of Correction's management's assertion that pensionable wages and contributions reported to the Washington State Department of Retirement Systems (DRS) for the year ended June 30, 2015 are accurate and complete in accordance with applicable retirement plan requirements set forth in Title 415 of the Washington Administrative Code.

The Department's management is responsible for the assertion. Our responsibility is to express an opinion on the assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Accordingly, it included examining on a test basis, evidence supporting management's assertion and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, management's assertion above is fairly stated, in all material respects, based on the applicable retirement plan requirements set forth in Title 415 of the Washington Administrative Code.

Our examination disclosed no issues that are required to be reported under *Government Auditing Standards*.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as fraud, state whistleblower and citizen hotline investigations.

The results of our work are widely distributed through a variety of reports, which are available on our website and through our free, electronic subscription service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
