Board of Directors

Washington State Major League Baseball Stadium Public Facilities District
Seattle, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Washington State Major League Baseball Stadium Public Facilities District, King County, Washington, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 5, 2014.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

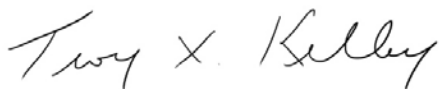

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

Washington State Major League Baseball Stadium Public Facilities District King County January 1, 2013 through December 31, 2013

Board of Directors
Washington State Major League Baseball Stadium Public Facilities District
Seattle, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the Washington State Major League Baseball Stadium Public Facilities District, King County, Washington, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed on page 9.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Washington State Major League Baseball Stadium Public Facilities District, as of December 31, 2013, and the changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

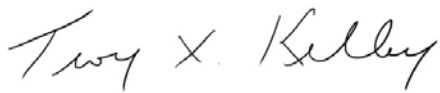

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2014 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis December 31, 2013

The Management's Discussion and Analysis of Washington State Major League Baseball Stadium Public Facilities District (the District) is designed to:

- Assist the reader in focusing on significant financial issues.
- Provide an overview of the District's financial activity.
- Identify changes in the District's financial position and their ability to meet future year's challenges.

The Management Discussion and Analysis focuses on the current year's activities, resulting changes and currently known facts. Therefore, it should be read in conjunction with the District's financial statements.

Overview of the Financial Statements

The District's financial statements consist of management's discussion and analysis (this section), and financial statements required by the Governmental Accounting Standards Board (GASB). The financial statements include the District's financial statements and notes to the financial statements.

- The financial statements provide information about the District's overall financial position and results of operations. These statements, which are presented on the accrual basis, consist of the Balance Sheet, Statement of Revenues, Expenses, and Change in Net Position, and the Statement of Cash Flows.
- The financial statements also include a "Notes to Financial Statements" section that provides additional information that is essential to a full understanding of the data provided in the District's statements.

The District's statements report information about the organization as a whole using accounting methods substantially similar to those used by private sector companies and private, nonprofit corporations. The Balance Sheet includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Change in Net Position regardless of when cash is received or paid.

Fund Financial Statements - The Fund Financial Statements are the traditional reporting format for governments. A fund is a fiscal and accounting entity with a self-balancing set of accounts used to account for specific activities or meet certain objectives. The District only has one fund type, proprietary funds.

Proprietary funds are used by governments to account for their business-type activities and use the same basis of accounting utilized in private industry. Business-type activities provide specific goods or services to a group of customers that are paid for by fees charged to those customers. There is a direct relationship between the fees paid and the services rendered.

The District has one type of proprietary fund, enterprise funds. Enterprise funds are used to report any activity for which a fee is charged to external users for goods or services.

**Management's Discussion and Analysis
December 31, 2013**

Financial Highlights

- The District's net position decreased by \$6,455,212 as a result of current year operations offset by capital contributions. The decrease is primarily attributed to the normal annual depreciation of the District's capital assets.
- The District's total capital assets decreased by \$11,906,075, primarily due to depreciation expense totaling \$12,955,224 offset by purchases of capital assets.

Financial Analysis

Overall Analysis - The District's overall financial position did not change significantly from the previous year. Net position decreased by \$6,455,212. This decline can be primarily attributed to the annual depreciation of the District's capital assets.

Balance Sheets as of December 31,

	<u>2013</u>	<u>2012</u>
Current assets	\$ 4,453,619	\$ 4,060,107
Net capital assets	<u>372,897,168</u>	<u>384,803,243</u>

Total Liabilities and Net Position	<u>\$ 377,350,787</u>	<u>\$ 388,863,350</u>

Total Assets - Total assets decreased by \$11,512,563 during 2013. The most significant component of this decrease was depreciation of the capital assets, which was partially offset by the current year capital improvements.

Total Liabilities - Total liabilities decreased by \$5,057,351 during 2013. The most significant components of this decrease were a decrease in sales taxes payable and obligation under excess revenue fund due to the payments made. Sales tax payable decreased by \$3,271,098 as the District made the ninth of ten installment payments in 2013. The obligation under excess revenue fund decreased by \$1,789,381 as the District and the Mariners mutually approved the unanticipated capital costs incurred in 2013 totaling \$982,620 that will be reimbursed to the Mariners from the Excess Revenue Fund. The District made payment of \$3,399,700 toward the fund.

***Management's Discussion and Analysis
December 31, 2013***

Capital Contribution - During the year ended December 31, 2013, the Mariners made a capital contribution of \$3,216,098 to the District.

Budget

The District's operating results are consistent with its operating budgets.

Capital Assets and Long-Term Debt Activity

The District's capital assets include the baseball stadium, parking garage, related land, and furniture, fixtures and equipment. The baseball stadium and parking garage are under a long-term lease with the Mariners. In 2013, the District's total capital assets balance decreased by \$11,906,075 from the prior year due to depreciation, offset by capital improvements.

The District's long-term debts include Sales Tax Payable and Obligation under Excess Revenue Fund. In 2013, the sales tax payable balance decreased by \$3,271,098 due to the ninth installment payment made. In 2013, the District and the Mariners mutually approved the unanticipated capital costs incurred in 2013 totaling \$1,610,319, which will be reimbursed to the Mariners from the Excess Revenue Fund. The District made a payment of \$3,399,700 toward the Obligation under Excess Revenue Fund. See Note 8 of the financial statements for further discussion of the Obligation under Excess Revenue Fund.

Other Potentially Significant Factors Impacting Next Year

The District was granted a sales and use tax deferral certificate by the State of Washington Department of Revenue on qualifying acquisitions made for five years after the completion of the ballpark. The final installment payment is expected to be made on December 19, 2014.

Contacting the District's Financial Management

***Notes to Financial Statements
For the Year Ended December 31, 2013***

Note 1 - Summary of Significant Accounting Policies

The accounting policies of Washington State Major League Baseball Stadium Public Facilities District (the District) conform to accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to special purpose governments. The following is a summary of the most significant policies.

The Reporting Entity - The District was created through the passage of EHB 2115 and King County Ordinance 12000, which was approved by the Metropolitan King County Council on October 24, 1995. The District is considered a component unit of King County. The Washington State Governor and King County Executive appoint the District board members. The Governor and King County Council may remove District Board members whom they have appointed or ratified. The District operates as a municipal corporation of the State of Washington and was formed to site, design, build and operate a major league baseball park.

Basis of Accounting - The District uses the accrual basis of accounting. Expenses are recorded at the time liabilities are incurred and revenues are recorded when earned.

Operating and Nonoperating Activity - Operating activities represent revenues and expenses related to the lease, including admission and parking tax revenues. Nonoperating activities are the revenues and expenses related to investments and debt.

Cash and Cash Equivalents - For the purpose of reporting cash flows, the District considers all highly liquid instruments purchased with an original maturity of three months or less and investments in the King County Treasury Division's Investment Pool to be cash equivalents. The King County Treasury Division Manager pools and invests all short-term cash surpluses not otherwise invested by individual funds of the County. Earnings from these pooled investments are allocated to the District based upon the District's proportionate share in the pooled investments.

Capital Assets - Capital assets include land, the baseball stadium and furniture, fixtures, and equipment. The Baseball Stadium includes all costs associated with the development and construction of the ballpark project. Furniture, fixtures, and equipment include items with a cost greater than or equal to \$500.

Capital assets are valued at historical costs, and depreciated on a straight-line basis based over their estimated useful lives. Furniture, fixtures, and equipment are depreciated over three or five years. The baseball stadium is depreciated over 40 years from the date it was placed in service.

Risk Management - The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions, injuries to employees, and natural disasters. The District carries commercial insurance for risk of loss. The District did not settle any claims in excess of its commercial insurance coverage during the year ended December 31, 2013.

Compensated Absences Payable - District employees earn 12 days of sick leave and 10 to 15 days of vacation per year, depending on the employee's length of service. An unlimited amount of sick leave and two times the annual vacation allotment may be accrued. An employee leaving the employment of the District is entitled to be paid for all unused vacation. Unused sick leave is forfeited upon termination of employment. There was no accrual for unused vacation in the accompanying statement of net position as no employees were employed by the District at December 31, 2013.

Note 3 - Employee Benefit Plans

All employees of the District can participate in either the Public Employees' Retirement System (PERS) or the Stadium Public Facilities District (PFD) Retirement Plan. Employer contributions are paid by the District in accordance with rates specified by the individual plans. Total payroll covered by all systems for the year ended December 31, 2013, was \$13,538.

Public Employees' Retirement System - The State Legislature established PERS in 1947 under RCW chapter 41.40. PERS is a cost-sharing multiple-employer system. The District's Board of Directors adopted participation in the PERS Plan in 1996. The District had one employee participating in PERS during 2013. Contributions totaled \$1,800.

Stadium PFD Retirement Plan - Employees are able to select the Stadium PFD Retirement Plan (the Plan) as an alternative benefit plan to PERS. The Plan is designated as a profit sharing plan in accordance with section 401(a)(27)(B) of the Internal Revenue Code.

The District makes all contributions to the Plan. No contributions by participants are required or permitted other than rollover contributions authorized by the Plan. The contributions are discretionary but shall be no less than the greater of seven and one-half percent of employee wages or the amount that would be required by PERS. All contributions to the Plan vest immediately. There were no contributions made to the Plan in 2013.

Note 4 - Sales Tax Payable

The District was granted a Sales and Use Tax Deferral Certificate by the State of Washington Department of Revenue. State and local retail sales tax and use tax due on qualifying acquisitions made from July 25, 1996 to July 31, 1999 were deferred until five years after the completion of the baseball park. Qualifying acquisitions include material, labor, services utilized in the construction of the stadium, and machinery and equipment integral and necessary for the operation of the ballpark. Payments on the deferred taxes are due in ten annual installments, which started on December 31, 2004. At December 31, 2013, total sales taxes deferred were \$3,271,101.

Estimated annual payment on deferred sales tax payable is \$3,271,101 for the year ended December 31, 2014.

Note 5 - Contributed Capital

Under King County Ordinance 12000, the County issued five series of general obligation bonds for the purpose of funding the construction of the baseball park and related parking facilities. Total par value of \$336,000,000 less any costs related to bond issuing were contributed to the District. Additionally, the Baseball Club of Seattle, LP (the Mariners) have contributed \$131,122,422 for the construction in prior years and \$3,216,098 in 2013. The contributed capital is included in the net position invested in capital assets net of related debt balance.

***Notes to Financial Statements
For the Year Ended December 31, 2013***

Note 6 - Deposits with Financial Institutions and Investments

The King County Treasurer is the ex-officio treasurer for the District. In this capacity, the County Treasurer receives deposits and transacts investments on the District's behalf. The District's deposits are covered entirely by federal depository insurance or uninsured but collateralized under the Public Deposit Protection Commission of the State of Washington (PDPC) collateral pool. The PDPC's agent in the name of the pool holds pledged securities under the PDPC pool.

Statutes authorize the District to: 1) deposit in any state bank or trust company, national banking association, stock savings bank, mutual savings bank, savings and loan association, and any branch bank engaged in banking in this state, if the institution has been approved by the PDPC to hold public deposits; and 2) invest in obligations of the United States Treasury and instrumentalities, banker's acceptances issued in the secondary market, commercial paper, primary certificates of deposits issued by PDPC qualified public depositories, and the State Treasurer's Investment Pool. The District is also authorized to enter into repurchase and reverse repurchase agreements.

All of the District's investments during the year and at year-end were insured or registered, or were held by the District or its agent in the District's name. The District does not have a custodial credit risk policy.

Note 7 - Ballpark Rent

The lease between the District and the Mariners runs through 2018, and calls for base rent of \$700,000 per year, with an annual CPI index adjustment. Total future minimum lease payments to be received under the lease are \$3,500,000, with an annual CPI index adjustment. Rent income for the 2013 season was \$950,018. The lease has two five-year extension options.

Note 8 - Obligation Under Excess Revenue Fund

Under the lease, the Excess Revenue Fund (the Fund) may be used to fund certain unanticipated Major Maintenance and Capital Improvement Expenses (collectively, "Unanticipated Capital Costs"). The Mariners has the right to obtain reimbursement from the Excess Revenue Fund for costs of repairs or maintenance that fall under the definition of "Unanticipated Capital Costs" it incurs, prior to funds being available in the fund. Obligations under the Fund require mutual approval of the District and the Mariners, and are limited to amounts available in the Fund and Fund revenues. The source of funding for the Excess Revenue is the 5% admission tax. The obligation to be paid under the Excess Revenue Fund is limited to amounts available in the Fund and cannot exceed the Fund revenues. Amounts accrued to the Fund totaled \$17,390,347 at December 31, 2013.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
