AUDIT SUMMARY

Results in brief

In the areas we audited, District operations complied with applicable requirements and provided adequate safeguarding of public resources. The District also complied with state laws and regulations and its own policies and procedures in the areas we examined.

About the audit

This report contains the results of our independent accountability audit of Ephrata School District No. 165 from September 1, 2012 through August 31, 2014.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the District's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Student enrollment reporting
- General disbursements
- Financial condition

Financial

Our opinion on the District's financial statements and compliance with federal grant program requirements is provided in a separate report issued in May 2015, which includes the District's financial statements. That report is available on our website, <http://portal.sao.wa.gov/ReportSearch>.

Federal grant programs

We evaluated internal controls and tested compliance with the federal program requirements, as applicable, for the District's major federal programs, which are listed in the Federal Summary section of the financial statement and single audit report issued in May 2015. That report is available on our website, <http://portal.sao.wa.gov/ReportSearch>.
