FEDERAL SUMMARY

Raymond School District No. 116
Pacific County
September 1, 2014 through August 31, 2015

The results of our audit of Raymond School District No. 116 are summarized below in accordance with U.S. Office of Management and Budget Circular A-133.

Financial Statements

An unmodified opinion was issued on the financial statements.

Internal Control Over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the District.

Federal Awards

Internal Control Over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the District's compliance with requirements applicable to each of its major federal programs.

We reported no findings that are required to be disclosed under section 510(a) of OMB Circular A-133.

Identification of Major Programs:

The following were major programs during the period under audit:

<u>CFDA No.</u>	<u>Program Title</u>
10.555	Child Nutrition Cluster – National School Lunch Program
10.559	Child Nutrition Cluster – Summer Food Service Program for Children
10.553	Child Nutrition Cluster – School Breakfast Program

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by OMB Circular A-133, was \$300,000.

The District qualified as a low-risk auditee under OMB Circular A-133.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

**Raymond School District No. 116
Pacific County
September 1, 2014 through August 31, 2015**

Board of Directors
Raymond School District No. 116
Raymond, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Raymond School District No. 116, Pacific County, Washington, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated May 12, 2016. As discussed in Note 1 to the financial statements, during the year ended August 31, 2015, the District implemented Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency,

or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

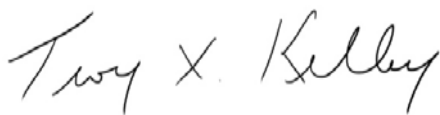

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

TROY KELLEY
STATE AUDITOR
OLYMPIA, WA

May 12, 2016

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB
CIRCULAR A-133**

**Raymond School District No. 116
Pacific County
September 1, 2014 through August 31, 2015**

Board of Directors
Raymond School District No. 116
Raymond, Washington

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM**

We have audited the compliance of Raymond School District No. 116, Pacific County, Washington, with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2015. The District's major federal programs are identified in the accompanying Federal Summary.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program

occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2015.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal

control that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PURPOSE OF THIS REPORT

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

A handwritten signature in black ink that reads "Troy X. Kelley". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

Raymond School District No. 116 Pacific County September 1, 2014 through August 31, 2015

Board of Directors
Raymond School District No. 116
Raymond, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Raymond School District No. 116, Pacific County, Washington, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the District's financial statements, as listed on page 14.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Washington State statutes and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's

judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant account estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinion on Regulatory Basis of Accounting (Accounting Manual)

As described in Note 1, the District has prepared these financial statements to meet the financial reporting requirements of Washington State statutes using accounting practices prescribed by the Accounting Manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The difference in these accounting practices is also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Raymond School District No. 116, as of August 31, 2015, and the changes in financial position thereof for the year then ended in accordance with the basis of accounting described in Note 1.

Unmodified Opinions on the Governmental Funds Based on U.S. GAAP

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the General, ASB, Debt Service, Capital Projects and Transportation Vehicle funds as of August 31, 2015, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Matters of Emphasis

As discussed in Note 1 to the financial statements, the District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary and Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The accompanying Schedules of Long-Term Liabilities are also presented for purposes of additional analysis, as required by the prescribed Accounting Manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated May 12, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

RAYMOND SCHOOL DISTRICT #116
Notes to the Financial Statements
September 1, 2014 through August 31, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Raymond School District (District) is a municipal corporation organized pursuant to Title 28A of the Revised Code of Washington (RCW) for the purposes of providing public school services to students in grades K–12. Oversight responsibility for the District's operations is vested with the independently elected board of directors. Management of the District is appointed by and is accountable to the board of directors. Fiscal responsibility, including budget authority and the power to set fees, levy property taxes, and issue debt consistent with provisions of state statutes, also rests with the board of directors.

The District presents governmental fund financial statements and related notes on the modified accrual basis of accounting in accordance with the *Accounting Manual for Public School Districts in the State of Washington*, issued jointly by the State Auditor's Office and the Superintendent of Public Instruction by the authority of RCW 43.09.200, RCW 28A.505.140, RCW 28A.505.010(1) and RCW 28A.505.020. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- (1) Districtwide statements, as defined in GAAP, are not presented.
- (2) A Schedule of Long-Term Liabilities is presented as supplementary information.
- (3) Supplementary information required by GAAP is not presented.

Fund Accounting

Financial transactions of the District are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (or expenses) as appropriate. All funds are considered major funds. The various funds in the report are grouped into governmental (and fiduciary) funds as follows:

Governmental Funds

General Fund

This fund is used to account for all expendable financial resources, except for those that are required to be accounted for in another fund. In keeping with the principle of having as few funds as are necessary, activities such as food services, maintenance, data processing, printing, and student transportation are included in the General Fund.

Capital Projects Funds

These funds account for financial resources that are to be used for the construction or acquisition of major capital assets. There are two funds that are considered to be of the capital projects fund type: the Capital Projects Fund and the Transportation Vehicle Fund.

Capital Projects Fund. This fund is used to account for resources set aside for the acquisition and construction of major capital assets such as land and buildings.

Transportation Vehicle Fund. This fund is used to account for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment.

Debt Service Fund

This fund is used to account for the accumulation of resources for and the payment of matured general long-term debt principal and interest.

Special Revenue Fund

In Washington state, the only allowable special revenue fund for school districts is the Associated Student Body (ASB) Fund. This fund is accounted for in the District's financial statements as the financial resources legally belong to the District. As a special revenue fund, amounts within the ASB Fund may only be used for those purposes that relate to the operation of the Associated Student Body of the District.

Permanent Funds

These funds are used to report resources that are legally restricted such that only earnings, and not principal, may be expended. Amounts in the Permanent Fund may only be spent in support of the District's programs and may not be used to the benefit of any individual.

Fiduciary Funds

Fiduciary funds include pension and other employee benefit trust funds, private-purpose trust funds, and agency funds, and are used to account for assets that are held in trust by the District in a trustee and agency capacity.

Private-Purpose Trust Fund

This fund is used to account for resources that are legally held in trust by the District. The trust agreement details whether principal and interest may both be spent, or whether only interest may be spent. Money from a Private-Purpose Trust Fund may not be used to support the District's programs, and may be used to benefit individuals, private organizations, or other governments.

Pension (and Other Employee Benefit) Trust Fund^②

This fund is used to account for resources to be held for the members and beneficiaries of a pension plan or other employee benefit plans.

Agency Funds

These funds are used to account for assets that the District holds on behalf of others in a purely custodial capacity.

Measurement focus, basis of accounting, and fund financial statement presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered "measurable" if the amount of the transaction can be readily determined. Revenues are considered "available" when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. Property taxes receivable are measurable but not available and are, therefore, not accrued.

Categorical program claims and interdistrict billings are measurable and available and are, therefore, accrued.

Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for unmatured principal and interest on long-term debt which are recorded when due. Purchases of capital assets are expensed during the year of acquisition. For federal grants, the recognition of expenditures is dependent on the obligation date. (Obligation means a purchase order has been issued, contracts have been awarded, or goods and/or services have been received.)

Budgets

Chapter 28A.505 RCW and Chapter 392-123 Washington Administrative Code (WAC) mandate school district budget policies and procedures. The board adopts annual appropriated budgets for all governmental funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Appropriations lapse at the end of the fiscal period.

Budgets are adopted on the same modified accrual basis as used for financial reporting. Fund balance is budgeted as available resources and, under statute, may not be negative, unless the District enters into binding conditions with state oversight pursuant to RCW 28A.505.110.

The government's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The District receives state funding for specific categorical education-related programs. Amounts that are received for these programs that are not used in the current fiscal year may be carried forward into the subsequent fiscal year, where they may be used only for the same purpose as they were originally received. When the District has such carryover, those funds are expended before any amounts received in the current year are expended.

Additionally, the District has other restrictions placed on its financial resources. When expenditures are recorded for purposes for which a restriction or commitment of fund balance is available, those funds that are restricted or committed to that purpose are considered first before any unrestricted or unassigned amounts are expended.

The government's fund balance classifications policies and procedures.

The District classifies ending fund balance for its governmental funds into five categories.

Nonspendable Fund Balance. The amounts reported as Nonspendable are resources of the District that are not in spendable format. They are either non-liquid resources such as inventory or prepaid items, or the resources are legally or contractually required to be maintained intact.

Restricted Fund Balance. Amounts that are reported as Restricted are those resources of the District that have had a legal restriction placed on their use either from statute, WAC, or other legal requirements that are beyond the control of the board of directors. Restricted fund balance includes anticipated recovery of revenues that have been received but are restricted as to their usage.

Committed Fund Balance. Amounts that are reported as Committed are those resources of the District that have had a limitation placed upon their usage by formal action of the District's board of directors. Commitments are made either through a formal adopted board resolution or are related to a school

board policy. Commitments may only be changed when the resources are used for the intended purpose or the limitation is removed by a subsequent formal action of the board of directors.

Assigned Fund Balance. In the General Fund, amounts that are reported as Assigned are those resources that the District has set aside for specific purposes. These accounts reflect tentative management plans for future financial resource use such as the replacement of equipment or the assignment of resources for contingencies. Assignments reduce the amount reported as Unassigned Fund Balance, but may not reduce that balance below zero.

In other governmental funds, Assigned fund balance represents a positive ending spendable fund balance once all restrictions and commitments are considered. These resources are only available for expenditure in that fund and may not be used in any other fund without formal action by the District's board of directors and as allowed by statute.

The {title of person or persons} is/are the only person (persons) who have the authority to create Assignments of fund balance.

Unassigned Fund Balance. In the General Fund, amounts that are reported as Unassigned are those net spendable resources of the District that are not otherwise Restricted, Committed, or Assigned, and may be used for any purpose within the General Fund.

In other governmental funds, Unassigned fund balance represents a deficit ending spendable fund balance once all restrictions and commitments are considered.

A negative Unassigned fund balance means that the legal restrictions and formal commitments of the District exceed its currently available resources.

Cash and Cash Equivalents

All of the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Receivables and Payables

There are no receivables and payables expected to be collected within one year.

Inventory

Inventory is valued at cost using the first-in, first-out (FIFO) method *(or weighted average)*®. The consumption method of inventory is used, which charges inventory as an expenditure when it is consumed. A portion of fund balance, representing inventory, is considered Nonspendable. *(Such reserves for inventory indicate that a portion of net current assets is set aside to replace or increase the inventory.)*® USDA commodity inventory consists of food donated by the United States Department of Agriculture. It is valued at the prices paid by the USDA for the commodities.

Accounting and Reporting Changes for 2014–15

Effective for the 2014–15 school year, the district implemented provisions of GASB Statement No. 68 Accounting and Financial Reporting for Pensions. As a result, the Schedule of Long-Term Liabilities now includes the district's proportionate share of the net pension liability for the cost-sharing, multiple-employer plans in which the district participates.

NOTE 2: DEPOSITS AND INVESTMENTS

The Pacific County Treasurer is the *ex officio* treasurer for the District and holds all accounts of the District. The District directs the County Treasurer to invest those financial resources of the District that the District has determined are not needed to meet the current financial obligations of the District.

All of the District's investments (except for investments of deferred compensation plans) during the year and at year-end were insured or registered and held by the District or its agent in the District's name.

The District's investments as of August 31, 2015, are as follows:

Type of Investment	(District's) own investments ^⑥	Investments held by (district) as an agent for other organizations ^⑦	Total
State Treasurer's Investment Pool	\$2,382,280.88		\$2,382,280.88
Total			\$2,382,280.88

NOTE 3: SIGNIFICANT EFFECTS OF SUBSEQUENT EVENTS

There were no events after the balance sheet date that would have a material impact on the next or future fiscal years.

NOTE 4: PENSION PLANS

General Information

The Washington State Department of Retirement Systems (DRS), a department within the primary government of the state of Washington, prepares a stand-alone comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each pension plan. The pension plan's basic financial statement is accounted for using the accrual basis of accounting. The measurement date of the pension plans is June 30. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The school district is reporting the net pension liability in the notes and on the Schedule of Long-term Liabilities calculated as the district's proportionate allocation percentage multiplied by the total plan collective net pension liability.

Detailed information about the pension plans' fiduciary net position is available in the separately issued DRS CAFR. Copies of the report may be obtained by contacting the Washington State Department of Retirement Systems, P.O. Box 48380, Olympia, WA 98504-8380; or online at <http://www.drs.wa.gov/administrations/annual-report>.

Membership Participation

Substantially all school district full-time and qualifying part-time employees participate in one of the following three contributory, multi-employer, cost-sharing statewide retirement systems managed by

DRS: Teachers' Retirement System (TRS), Public Employees' Retirement System (PERS) and School Employees' Retirement System (SERS).

Membership participation by retirement plan as of June 30, 2015, was as follows:

Plan	Active Members	Inactive Vested Members	Retired Members
PERS 1	4782	1178	51070
SERS 2	22950	5357	5796
SERS 3	30832	6963	4825
TRS 1	1824	323	35639
TRS 2	13632	2357	3894
TRS 3	51837	7655	6094

The latest actuarial valuations for all plans was June 30, 2014.

Source: Washington State Office of the State Actuary

Membership & Plan Benefits

Certificated employees are members of TRS. Classified employees are members of PERS (if Plan 1) or SERS. Plan 1 under the TRS and PERS programs are defined benefit pension plans whose members joined the system on or before September 30, 1977. TRS 1 and PERS 1 are closed to new entrants.

TRS is a cost-sharing multiple-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a defined benefit plan with a defined contribution component. TRS eligibility for membership requires service as a certificated public school employee working in an instructional, administrative or supervisory capacity.

TRS is comprised of three separate plans for accounting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

TRS Plan 1 provides retirement, disability and death benefits. TRS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the average final compensation (AFC), for each year of service credit, up to a maximum of 60 percent, divided by twelve. The AFC is the total earnable compensation for the two consecutive highest-paid fiscal years, divided by two. Members are eligible for retirement at any age after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. Other benefits include temporary and permanent disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

TRS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the average final compensation (AFC) per year of service for Plan 2 members and one percent of AFC for Plan 3 members. The AFC is the monthly average of the 60 consecutive highest-paid service credit months. There is no cap on years of service credit. Members are eligible for normal retirement at the age of 65 with at least five years of service credit. Retirement before age 65 is

considered an early retirement. TRS Plan 2/3 members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. TRS Plan 2/3 members who have 30 or more years of service credit, were hired prior to May 1, 2013, and are at least 55 years old, can retire under one of two provisions: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

TRS Plan 2/3 members hired on or after May 1, 2013 have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service.

TRS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit.

Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

PERS Plan 1 provides retirement, disability and death benefits. PERS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service.

Members retiring from inactive status prior to the age of 65 may receive actuarially reduced benefits. PERS Plan 1 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

SERS is a cost-sharing multiple-employer retirement system comprised of two separate plans for membership purposes. SERS Plan 2 is a defined benefit plan and SERS Plan 3 is a defined benefit plan with a defined contribution component. SERS members include classified employees of school districts and educational service districts.

SERS is reported as two separate plans for accounting purposes: Plan 2/3 and Plan 3. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members.

Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

SERS provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and one percent of AFC for Plan 3. The AFC is the monthly average of the member's 60 highest-paid consecutive service months before retirement, termination or death. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. SERS members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. SERS members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions, if hired prior to May 2, 2013: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

SERS members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. SERS retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

Plan Contributions

The employer contribution rates for PERS, TRS, and SERS (Plans 1, 2, and 3) and the TRS and SERS Plan 2 employee contribution rates are established by the Pension Funding Council based upon the rates set by the Legislature. The methods used to determine the contribution requirements are established under chapters 41.40, 41.32, and 41.35 RCW for PERS, TRS and SERS respectively. Employers do not contribute to the defined contribution portions of TRS Plan 3 or SERS Plan 3. Under current law the employer must contribute 100 percent of the employer-required contribution. The employee contribution rate for Plan 1 in PERS and TRS is set by statute at six percent and does not vary from year to year.

The Employer and employee contribution rates for the PERS plan are effective as of July 1. SERS and TRS contribution rates are effective as of September 1. The pension plan contribution rates (expressed as a percentage of covered payroll) for 2015 were as follows:

Pension Rates			
	7/1/15 Rate	7/1/14 Rate	
PERS 1			
Member Contribution Rate	6.00%	6.00%	
Employer Contribution Rate			
Pension Rates			
	9/1/15 Rate	9/1/14 Rate	
TRS 1			
Member Contribution Rate	6.00%	6.00%	
Employer Contribution Rate	13.13%	10.39%	
TRS 2			
Member Contribution Rate	5.95%	4.96%	
Employer Contribution Rate	13.13%	10.39%	
TRS 3			
Member Contribution Rate	varies*	varies*	
Employer Contribution Rate	13.13%	10.39%	**
SERS 2			
Member Contribution Rate	5.63%	4.64%	
Employer Contribution Rate	11.58%	9.82%	
SERS 3			
Member Contribution Rate	varies*	varies*	
Employer Contribution Rate	11.58%	9.82%	**
<i>Note: The DRS administrative rate of .0018 is included in the employer rate.</i>			
* = Variable from 5% to 15% based on rate selected by the member.			
** = Defined benefit portion only.			

The Collective Net Pension Liability

The collective net pension liabilities for the pension plans districts participated in are reported in the following tables.

The Net Pension Liability as of June 30, 2015:				
	PERS 1	SERS 2/3	TRS 1	TRS 2/3
Total Pension Liability	\$12,789,242	\$4,473,428	\$9,273,730	\$11,220,833
Plan fiduciary net position	(\$7,558,312)	(\$4,067,277)	(\$6,069,588)	(\$10,377,031)
Participating employers' net pension liability	\$5,230,930	\$406,151	\$3,168,142	\$843,802
Plan fiduciary net position as a percentage of the total pension liability	59.10%	90.92%	65.70%	92.48%

The School District's Proportionate Share of the Net Pension Liability (NPL)

At June 30, 2015, the school district reported a total liability of **\$2,958,172** for its proportionate shares of the individual plans' collective net pension liability. Proportions of net pension liability is based on annual contributions for each of the employers participating in the DRS administered plans. At June 30, 2015, the district's proportionate share of each plan's net pension liability is reported below:

June 30, 2015	PERS 1	SERS 2/3	TRS 1	TRS 2/3	Totals
District's Annual Contributions	\$48,946	\$68,610	\$119,511	\$133,056	\$370,123
Proportionate Share of the Net Pension Liability	\$557,081	\$286,622	\$1,691,989	\$422,480	\$2,958,172

At June 30, 2015, the district's percentage of the proportionate share of the collective net pension liability was as follows and the change in the allocation percentage from the prior period as illustrated below:

Change in Proportionate shares	PERS 1	SERS 2/3	TRS 1	TRS 2/3
Current year proportionate share of the Net Pension Liability	0.010650%	0.070570%	0.053406%	0.050069%
Prior year proportionate share of the Net Pension Liability	0.010676%	01.04063%	0.055287%	0.052641%
Net difference percentage	-0.000026%	-0.003493%	-0.001881%	-0.002572%

Actuarial Assumptions

Capital Market Assumptions (CMAs) and expected rates of return by asset class provided by the Washington State Investment Board. The Office of the State Actuary relied on the CMAs in the selection of the long-term expected rate of return for reporting purposes.

The total pension liabilities for TRS 1, TRS 2/3, PERS 1 and SERS 2/3 were determined by actuarial valuation as of June 30, 2014, with the results rolled forward to June 30, 2015, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation	3.0% total economic inflation, 3.75% salary inflation
Salary increases	In addition to the base 3.75% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
Investment rate of return	7.50%

Mortality Rates

Mortality rates used in the plans were based on the RP-2000 Combined Healthy Table and Combined Disabled Table published by the Society of Actuaries. The Office of the State Actuary applied offsets to the base table and recognized future improvements in mortality by projecting the mortality rates using 100 percent Scale BB. Mortality rates are applied on a generational basis, meaning members are assumed to receive additional mortality improvements in each future year, throughout their lifetime. The actuarial assumptions used in the June 30, 2014, valuation were based on the results of the 2007-2012 Experience Study. Additional assumptions for subsequent events and law changes are current as of the 2014 actuarial valuation report.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which a best-estimate of expected future rates of return (expected returns, net of pension plan investment expense, but including inflation) are developed for each major asset class by the Washington State Investment Board (WSIB). Those expected returns make up one component of WSIB's CMAs. The CMAs contain three pieces of information for each class of assets the WSIB currently invest in:

- Expected annual return
- Standard deviation of the annual return;
- Correlations between the annual returns of each asset class with every other asset class

WSIB uses the CMAs and their target asset allocation to simulate future investment returns over various time horizons.

The long-term expected rate of return of 7.50 percent approximately equals the median of the simulated investment returns over a fifty-year time horizon, increased slightly to remove WSIB's implicit and small short-term downward adjustment due to assumed mean reversion. WSIB's implicit short-term adjustment, while small and appropriate over a ten to fifteen-year period, becomes amplified over a fifty-year measurement period.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2015, are summarized in the following table:

TRS1, TRS 2/3, PERS 1, and SERS 2/3		
Asset Class	Target Allocation Percentage	% Long-term Expected Real Rate of Return
Fixed Income	20.00%	1.70%
Tangible Assets	5.00%	4.40%
Real Estate	15.00%	5.80%
Global Equity	37.00%	6.60%
Private Equity	23.00%	9.60%

The inflation component used to create the above table is 2.20 percent, and represents WSIB's most recent long-term estimate of broad economic inflation.

Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent. To determine the discount rate, an asset sufficiency test was completed to test whether the pension plan's fiduciary net position was sufficient to make all projected future benefit payments of current plan members. Consistent with current law, the completed asset sufficiency test included an assumed 7.70 percent long-term discount rate to determine funding liabilities for calculating future contributions rate requirements. Consistent with the long-term expected rate of return, a 7.50 percent future investment rate of return on invested assets was assumed for the test. Contributions from plan members and employers are assumed to continue to be made at contractually required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Therefore, the long-term expected rate of return of 7.50 percent on pension plan investments was applied to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Raymond School District's proportionate share of the collective net pension liability (NPL) calculated using the discount rate of 7.50 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.50 percent) or one percentage-point higher (8.50 percent) than the current rate. Amounts are calculated using the school district's specific allocation percentage, by plan, to determine the proportionate share of the collective net pension liability.

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
PERS1 NPL	\$6,368,671,000	\$5,230,930,000	\$4,252,577,000
Allocation Percentage	0.010650%	0.010650%	0.010650%
Proportionate Share of Collective NPL	\$678,247	\$557,081	\$452,888
SERS2/3 NPL	\$1,282,039,000	\$406,151,000	(\$273,474,000)
Allocation Percentage	0.070570%	0.070570%	0.070570%
Proportionate Share of Collective NPL	\$904,739	\$286,622	(\$192,992)
TRS1 NPL	\$3,982,571,000	\$3,168,142,000	\$2,467,801,000
Allocation Percentage	0.053406%	0.053406%	0.053406%
Proportionate Share of Collective NPL	\$2,126,946	\$1,691,989	\$1,317,962
TRS2/3 NPL	\$3,570,229,000	\$843,802,000	(\$1,183,066,000)
Allocation Percentage	0.050069%	0.050069%	0.050069%
Proportionate Share of Collective NPL	\$1,787,565	\$422,480	(\$592,345)

NOTE 5: ANNUAL OTHER POST-EMPLOYMENT BENEFIT COST AND NET OPEB OBLIGATIONS

The state, through the Health Care Authority (HCA), administers an agent multi-employer other post-employment benefit plan. The Public Employees Benefits Board (PEBB), created within the HCA, is authorized to design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria for both active and retired employees. Programs include (medical, dental, life insurance and long-term disability insurance)⁽⁵⁾.

Employers participating in the plan include the state of Washington (which includes general government agencies and higher education institutions), 60 of the state's K–12 school districts and educational service districts (ESDs), and 221 political subdivisions and tribal governments. Additionally, the PEBB

plan is available to the retirees of the remaining 237 K–12 school districts and ESDs. The District's retirees are eligible to participate in the PEBB plan under this arrangement.

According to state law, the Washington State Treasurer collects a fee from all school district entities which have employees that are not current active members of the state Health Care Authority but participate in the state retirement system. The purpose of this fee is to cover the impact of the subsidized rate of health care benefits for school retirees that elect to purchase their health care benefits through the state Health Care Authority. For the fiscal year 2014-15, the District was required to pay the HCA \$66.64 per month per full-time equivalent employee to support the program, for a total payment of \$70,321.86. This assessment to the District is set forth in the state's operating budget and is subject to change on an annual basis. This amount is not actuarially determined and is not placed in a trust to pay the obligations for post-employment health care benefits.

The District has no control over the benefits offered to retirees, the rates charged to retirees, nor the fee paid to the Health Care Authority. The District does not determine its annual required contribution nor the net other post-employment benefit obligation associated with this plan. Accordingly, these amounts are not shown on the financial statements.

Note 6: Commitments under leases

For the fiscal year(s) ended August 31, 2015, the District had incurred additional long-term debt as follows:

Lessor	Amount	Annual Installment	Final Installment Date	Interest Rate	Balance
Lease-Purchase Commitments					
Apple Lease #4	15,667.95	15,667.95	02/15/2015	3.24	0

NOTE 7: OTHER SIGNIFICANT COMMITMENTS

Encumbrances

Encumbrance accounting is employed in governmental funds. Purchase orders, contracts, and other commitments for the expenditure of moneys are recorded in order to reserve a portion of the applicable appropriation. Encumbrances lapse at the end of the fiscal year and may be re-encumbered the following year. The following encumbrance amounts were re-encumbered by fund on September 1, 2015

NOTE 8: REQUIRED DISCLOSURES ABOUT CAPITAL ASSETS

The District's capital assets are insured in the amount of \$33,041,130 for fiscal year 2015. In the opinion of the District's insurance consultant, the amount is sufficient to adequately fund replacement of the District's assets.

NOTE 9: REQUIRED DISCLOSURES ABOUT LONG-TERM LIABILITIES

Long-Term Debt

Bonds payable at August 31, 2015, are comprised of the following individual issues:

Issue Name	Amount Authorized	Annual Installments	Final Maturity	Interest Rate(s)	Amount Outstanding
UTGO Refunding Bonds 2014	2,595,000	35,000/665,000	12/01/18	3.00	2,560,000
Track Stadium	262,527.39	33,305.28	06/01/20	5.690	197,886.20
Heating System	416,700.00	37,490.19	06/01/23	2.750	339,809.56
Total General Obligation Bonds	3,274,227.39	105,795.47			3,097,695.76

The following is a summary of general obligation long-term debt transactions of the District for the fiscal year(s) ended August 31, 2015:

Long-Term Debt Payable at 9/1/2014	3,818,395.06
New Issues	2,595,000
Debt Retired	3,315,699.30
Long-Term Debt Payable at 8/31/2015	3,097,695.76

The following is a schedule of annual requirements to amortize debt at August 31, 2015:

Years Ending August 31	Principal	Interest	Total
2016	688,714.75	71,727.46	760,442.21
2017	706,869.30	56,122.92	762,992.22
2018	730,147.01	40,045.20	770,192.21
2019	748,582.75	20,134.46	768,717.21
2020	87,181.32	6,560.90	93,742.22
2021-2023	136,200.63	6,629.25	142,829.88
Total	3,097,695.76	201,220.19	3,298,915.95

At August 31, 2015, the District had \$665,577.19 available in the Debt Service Fund to service the general obligation bonds.

Refunded Debt

On September 9, 2014, the District issued \$2,595,000 in unlimited tax general obligation refunding bonds with an average interest rate of .808936 percent to current refund \$2,625,000 of outstanding unlimited tax general obligation refunding bonds, series 2004 (the "Refunded Bonds") with an average interest rate of 3.871198 percent. The net proceeds of \$2,674,769.18 (after payment of \$10,250.25 in underwriting fees, and \$18,775.00 in attorney and rating fees) were used to purchase U.S. Government securities. Those securities were deposited in an irrevocable trust with an escrow agent, U.S. Bank National Association, to provide for all future debt service payments on the Refunded Bonds. As a result, the Refunded Bonds were considered defeased for purposes of the District's financial balance sheet liabilities. The Refunded Bonds were retired on December 1, 2014.

The District current refunded the Refunded Bonds to reduce its total debt service payments over the next 4 years by \$170,203.61 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$168,557.89.

Cash Flows Difference	
Old Debt Service Cash Flows	\$2,934,840.00
New Debt Service Cash Flows	\$2,764,636.39
Plus District Contribution from Sinking Fund Resources	0.00
Total	170,203.61
Economic Gain	
Present Value of New Debt Service Cash Flows	168,557.89
Less Accrued Interest Included in XX/XX/XX	0.00
Plus District Contribution from Sinking Fund Resources	0.00
Total	168,557.89

NOTE 10: ENTITY RISK MANAGEMENT ACTIVITIES

The Raymond School District #116 is a member of the United Schools Insurance Program. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The pool was formed on September 1, 1985 when 29 school districts in the State of Washington joined together by signing a Joint Purchasing Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. Current membership includes 156 full member school districts.

The pool allows members to jointly purchase insurance coverage and provide related services, such as administration, risk management, claims administration, etc. Coverage for Public Officials Liability is on a "claims made basis". All other coverages are on an "occurrence basis". The pool provides the following forms of group purchased insurance coverage for its members: Property, General Liability, Automobile Liability, School Board Legal Liability and Crime.

Liability insurance is subject to a self-insured retention of \$100,000. Members are responsible for a \$1000 deductible for each claim, while the program is responsible for the remaining \$100,000 self-insured retention. Insurance carriers cover insured losses of over \$101,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of \$100,000 self-insured retention. The program also purchases a stop loss policy with an attachment point of \$974,286, as an additional layer of protection for its members.

Property insurance is subject to a per-occurrence deductible of \$100,000. Members are responsible for the first \$1,000 of the deductible amount of each claim, while the program is responsible for the \$100,000 self-insured retention.

Boiler and machinery insurance is subject to a per-occurrence deductible of \$10,000. Members are responsible for the deductible amount of each claim.

Each new member now pays the pool an admittance fee. This amount covers the member's share of unrestricted reserves. Members contract to remain in the pool for a minimum of one year, and must give notice before August 31 before terminating participation the following September 1. The Interlocal

Agreement is renewed automatically each year. Even after termination, a member is still responsible for contributions to the pool for any unresolved, unreported, and in-process claims for the period they were a signatory to the Joint Purchasing Agreement.

The program is fully funded by its member participants. Claims are filed by members with Canfield which has been contracted to perform program administration, claims adjustment and loss prevention for the program. Fees paid to third party administrators under this arrangement for the year ending August 31, 2015 were \$1,678,247.63.

A Board of Directors of nine members is selected by the membership from six areas of the state on a staggered term basis and is responsible for conducting the business affairs of the pool. The Board of Directors has contracted with Canfield to perform day-to-day administration of the pool. This program has no employees.

Workers Compensation

In July 1983 the District joined the CR ESD 113 Workers' Compensation Trust (Trust), a public entity risk pool.

The Trust is organized pursuant to Title 51.14 RCW for the purpose of managing workers' compensation payroll taxes, employee claims, and safety programs. Membership is established by execution of an agreement between the CR ESD 113 and each local school district.

The Trust provides industrial injury accident insurance coverage for its 45 member districts. The Trust is fully funded by its member participants. Member contributions are calculated based on the members' hours worked and the members' experience rated contribution factor. The Trust retains responsibility for the payment of claims within specified self-insured retention limits prior to the application of coverage provided by its excess insurance contracts that the Trust acquires insurance from unrelated underwriters. The Trust's per-occurrence retention limit is \$450,000 and the annual aggregate retention is \$11,145,540 minimum for a two-year period FY 2013-15. Since the Trust is a cooperative program, there is joint liability among participating members.

For fiscal year 2014, there are 45 members in the pool including 44 participating school districts. A Board comprised of one designated representative from each participating member and a six member Executive Board governs the Trust. The Executive Board has five members elected by the Board and the CR ESD 113's Superintendent.

The CR ESD 113 is responsible for conducting the business affairs of the Trust. As of August 31, 2015, the amount of claim liabilities totaled \$7,510,000. This liability is the CR ESD 113's best estimate based on available information including actuarial reports. Changes in the reported liability since August 31, 2014, resulted in the following:

	Beginning Balance 9/1/2014	Current Year Claims and Changes in Estimates	Ending Balance 8/31/2015
Incurring but not Reported	\$ 5,749,000	\$ 163,000	\$ 5,912,000
Future L&I Assessments	\$ 1,106,000	\$ 96,000	\$ 1,202,000
Estimated Unallocated Loss Adjustment	\$ 385,000	\$ 11,000	\$ 396,000

Unemployment Insurance

In January 1978, the District joined with other school districts in the state to form the Unemployment Compensation Pool (Pool). The Pool is organized pursuant to Title 50.44 RCW for the purpose of managing unemployment compensation payroll taxes and employee claims. Membership is established by execution of an agreement between the CR ESD 113 and each member school district.

The Pool provides unemployment compensation coverage for members of the Pool arising from former employees. The Pool is fully funded by its member participants. Member districts pay a percentage of their employee's wages. These contributions plus investment earnings pays for unemployment claims and for the administration of the Pool. There is provision that members can be additionally assessed if the Pool needs additional funding.

Effective September 1, 2011, the Pool began "pooling" the unemployment risks among members. This was a change from the historical "banking model" whereby each member was essentially responsible for its own claims. This change to a pooling system required that the Pool had to develop an overall base rate, make individual adjustments to the base rate based upon member experience, and transition the prior bank balances to the capital position in the pooled system.

For fiscal year 2015, there are 38 school district members in the Pool in addition to the CR ESD 113. The Pool is governed by a Cooperative Board, which is comprised of one designated representative from each participating member and a six member Executive Board. Five members elected by the Cooperative Board and the CR ESD 113 Superintendent comprise the Executive Board.

As of August 31, 2015, the amount of claim reserves totaled \$534,374. This liability is the CR ESD 113's best estimate based on available information. Changes in the reported liability since August 31, 2014, resulted in the following:

	Beginning Balance 9/1/2014	Current Year Claims and Changes in Estimates	Ending Balance 8/31/2015
Claims Reserves	\$ 566,626	\$ (32,252)	\$ 534,374

Cash with a Trustee

The Raymond School District is a member of the CR ESD 113 Capital Compensated Absence Pool (Pool). This Pool was established to allow districts to set aside monies to meet the future payouts for accrued leave to employees upon termination or retirement. This Pool does not share risks among its members and therefore, monies held by the CR ESD 113 under this arrangement are considered *Cash with a Trustee*.

As of August 31, 2015 the CR ESD 113 Capital Compensated Absence Pool holds {\$164,547.83} on behalf of the District.

NOTE 11: PROPERTY TAXES

Property tax revenues are collected as the result of special levies passed by the voters in the District. Taxes are levied on January 1. The taxpayer has the obligation of paying all taxes on April 30 or one-half then and one-half on October 31. Typically, slightly more than half of the collections are made on the April 30 date. The October 31 collection is not available in time to cover liabilities for the fiscal period

ended August 31. Therefore, the fall portion of property taxes is not accrued as revenue. Instead, the property taxes due on October 31 are recorded as unavailable revenue.

NOTE 12: JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATIONS

(The Raymond School District is a member of the King County Director's Association (KCDA), a purchasing cooperative consisting of more than 200 school districts throughout the state. KCDA is a purchasing cooperative designed to pool the member districts' purchasing power. In 2014 the district purchased \$28,073.71 through KCDA contracts. Service fees attributable to your district amounted to \$6,467.13. This service fee amount is used as the basis for allocating net surplus (or deficit) to member school districts. Our equity balance at the beginning of the year was \$10,373.51. This amount was increased by our allocable share of the KCDA surplus; leaving the districts total equity in KCDA at \$10,855.54.

NOTE 13: FUND BALANCE CLASSIFICATION DETAILS

The District's financial statements include the following amounts presented in the aggregate.

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportation Vehicle Fund
Inventory and Prepaid Items	\$10,000				
For Carryover of Restricted Revenues	\$3899.52	\$177,185.69		\$667,413.11	\$165,205.66
Assigned Fund Balance	\$182,552.08				
Fund Purposes			\$49,684.28		
Unassigned Fund Balance	\$1,309,474.12				

NOTE 14: POST-EMPLOYMENT BENEFIT PLANS OTHER THAN PENSION PLANS—BOTH IN SEPARATELY ISSUED PLAN FINANCIAL STATEMENTS AND EMPLOYER STATEMENTS

457 Plan – Deferred Compensation Plan

(District employees have the option of participating in a deferred compensation plan as defined in §457 of the Internal Revenue Code that is administered by the state deferred compensation plan, or the District.)

403(b) Plan – Tax Sheltered Annuity (TSA)

The District offers a tax deferred annuity plan for its employees. The plan permits participants to defer a portion of their salary until future years under two types of deferrals: elective deferrals (employee contribution) and non-elective contribution (employer matching).

The District complies with IRS regulations that require school districts to have a written plan to include participating investment companies, types of investments, loans, transfers, and various requirements. The plan is administered by (American Fidelity). The plan assets are assets of the District employees, not the school district, and are therefore not reflected on these financial statements.

NOTE 15: TERMINATION BENEFITS

Compensated Absences

Employees earn sick leave at a rate of 12 days per year up to a maximum of one contract year.

Under the provisions of RCW 28A.400.210, sick leave accumulated by District employees is reimbursed at death or retirement at the rate of one day for each four days of accrued leave, limited to 180 accrued days. This chapter also provides for an annual buyout of an amount up to the maximum annual accumulation of 12 days. For buyout purposes, employees may accumulate such leave to a maximum of 192 days, including the annual accumulation, as of December 31 of each year.

District obligation for vested sick leave for employees eligible to retire at August 31, 2015 amounts to **\$216,841.14**

Unpaid vacation leave liability at August 31, 2015 amounts to **\$31,596.44**.

These expenditures are recorded when paid, except termination sick leave that is accrued upon death, retirement, or upon termination provided the employee is at least 55 years of age and has sufficient years of service. Vested sick leave was computed using the {termination payment method/vesting method}.

Vacation pay, including benefits, that is expected to be liquidated with expendable available financial resources is reported as expenditures and a fund liability of the governmental fund that will pay it.

RAYMOND SCHOOL DISTRICT #116
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For The Year Ended August 31, 2015
Employer Identification Number (EIN): 91-0971941

Federal Agency Name	Pass-Through Agency	Federal Program Title	Federal CFDA Number	Expenditures				
				Other I.D. No.	From Direct Awards	Pass-Through Awards	Total	Footnote Reference
U.S. Department of Education

The Accompanying Notes To The Schedule Of Federal Financial Assistance Are An Integral Part Of This Schedule

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE 1—BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards is prepared on the same basis of accounting as the Raymond School District's financial statements. The Raymond School District used an accrual basis of accounting in 2013-14. Expenditures represent only the federally funded portions of the program. District records should be consulted to determine amounts expended or matched from non-federal sources.

NOTE 2—PROGRAM COSTS/MATCHING CONTRIBUTIONS

The amounts shown as current year expenses represent only the *federal* grant portion of the program costs. Entire program costs, including the Raymond School District's portion, may be more than shown.

NOTE 3—NONCASH AWARDS

The amount of *commodities* reported on the schedule is the value of commodities distributed by the Raymond School District during the current year and priced as prescribed by OSPI.

NOTE 4—SCHOOLWIDE PROGRAMS

The Raymond School District operates a "schoolwide program" in one elementary building. Using federal funding, schoolwide programs are designed to upgrade an entire educational program within a school for all students, rather than limit services to certain targeted students. The following federal program amounts were expended by the Raymond School District in its schoolwide program. Title I (84.010)

NOTE 5—NOT AVAILABLE (N/A)

The Raymond School District was unable to obtain other identification number.

NOTE 6—FEDERAL INDIRECT RATE

The Raymond School District used the federal *restricted* rate of 1.82 percent for this program.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
