Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for County operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the County's compliance and safeguarding of public resources. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

AUDIT SUMMARY

Results in brief

In most areas we audited, County operations complied with applicable requirements and provided adequate safeguarding of public resources. The County also complied with state laws and regulations and its own policies and procedures in the areas we examined.

However, we noted certain matters that we communicated to County management in a letter dated August 16, 2016, related to cash receipting and safeguarding of property room items. We appreciate the County's commitment to resolving those matters.

About the audit

This report contains the results of our independent accountability audit of Klickitat County from January 1, 2015 through December 31, 2015.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the County's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Disbursements, including electronic fund transfers and credit cards
- District Court – receipting and jury payments
- Sheriff's Office – property room
- Use of restricted revenues
- County Fair – contract compliance and monitoring
- User access
- Recording fees – cash receipting and adjustments
- Payroll
- Disposition of surplus items
- Financial condition
- Citizen concerns
- Open public meeting minutes
