## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

## City of Connell Franklin County January 1, 2013 through December 31, 2015

Mayor and City Council City of Connell Connell, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the City of Connell, Franklin County, Washington, as of and for the years ended December 31, 2015, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the City's financial statements, and have issued our report thereon dated November 17, 2016.

We issued an unmodified opinion on the fair presentation of the City's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared by the City using accounting practices prescribed by Washington State statutes and the State Auditor's *Budgeting, Accounting and Reporting System* (BARS) manual described in Note 1, which is a basis of accounting other than GAAP. The effects on the financial statements of the variances between the basis of accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audits of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of the City's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However,

this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

## INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

## City of Connell Franklin County January 1, 2013 through December 31, 2015

Mayor and City Council City of Connell Connell, Washington

## **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of the City of Connell, Franklin County, Washington, for the years ended December 31, 2015, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the City's financial statements, as listed on page 11.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Washington State statutes and the *Budgeting, Accounting and Reporting System* (BARS) manual prescribed by the State Auditor described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's

judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Unmodified Opinion on Regulatory Basis of Accounting (BARS Manual)

As described in Note 1, the City of Connell has prepared these financial statements to meet the financial reporting requirements of Washington State statutes using accounting practices prescribed by the State Auditor's *Budgeting, Accounting and Reporting System* (BARS) manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The differences in these accounting practices are also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the City of Connell, for the years ended December 31, 2015, 2014 and 2013, on the basis of accounting described in Note 1.

## **Basis for Adverse Opinion on U.S. GAAP**

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. The effects on the financial statements of the variances between GAAP and the accounting practices the City used, as described in Note 1, although not reasonably determinable, are presumed to be material. As a result, we are required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

#### Adverse Opinion on U.S. GAAP

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the City of Connell, as of December 31, 2015, 2014 and 2013, or the changes in financial position or cash flows for the years then ended, due to the significance of the matter discussed in the above "Basis for Adverse Opinion on U.S. GAAP" paragraph.

#### **Other Matters**

#### Supplementary and Other Information

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedules of Liabilities are presented for purposes of additional analysis, as required by the prescribed BARS manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

# OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2016 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That

report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

#### CITY OF CONNELL NOTES TO FINANCIAL STATEMENTS JANUARY 1, 2015 THROUGH DECEMBER 31, 2015

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The <u>City of Connell</u> was incorporated on <u>November 28, 1910</u> and operates under the laws of the state of Washington applicable to a <u>Non-Charter Code City</u>. The <u>City of Connell</u> is a general purpose local government and provides <u>public safety</u>, fire protection, street improvements, parks and recreation, general administrative services, sewer service, and a city owned water utility.

The <u>City of Connell</u> reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System* (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classification defined in GAAP.

#### A. Fund Accounting

Financial transactions of the government are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and expenditures. The government's resources are allocated to and accounted for in individual funds depending on their intended purpose. Each fund is reported as a separate column in the financial statements. The following fund types are used:

#### GOVERNMENTAL FUND TYPES:

#### General (Current Expense) Fund (001)

This fund is the primary operating fund of the government. It accounts for all financial resources except those required or elected to be accounted for in another fund.

#### Special Revenue Funds (100-199)

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the government.

#### Capital Projects Funds (300-399)

These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

#### PROPRIETARY FUND TYPES:

#### Enterprise Funds (400-499)

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

#### FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of others.

#### Agency Funds (600-699)

These funds are used to account assets that government holds on behalf of others in a custodial capacity.

B. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received and expenditures are recognized when paid.

In accordance with state law the <u>**City of Connell**</u> also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

C. Budgets

The <u>City of Connell</u> adopts <u>annual</u> appropriated budgets for <u>general, special revenue, capital project,</u> <u>enterprise, and agency</u> funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. <u>Annual</u> appropriations for these funds lapse at the fiscal year end.

Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting.

#### I. <u>Risk Management</u>

The City of Connell is a member of the Cities Insurance Association of Washington. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a program or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The program was formed on September 1, 1988 when 34 cities in the state of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of December 1, 2015 there are 210 members in the program.

The program provides the following forms of joint self-insurance and reinsurance coverage for its members: Property, including automobile comprehensive and collision, equipment breakdown, and crime protection; and liability, including general, automobile, and wrongful acts, which are included to fit members' various needs.

The program acquires liability insurance through their Administrator, Clear Risk Solutions, which is subject to a per-occurrence self-insured retention of \$100,000, with the exception of wrongful acts and law enforcement liability which have a self-insured retention of \$25,000. The standard member deductible is \$1,000 for each claim (deductible may vary per member), while the program is responsible

for the \$100,000 self-insured retention. Insurance carriers cover insured losses over \$101,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$100,000 of the self insured retention. The program also purchases a Stop Loss Policy as another layer of protection to its membership, with an attachment point of \$2,140,107.

Property insurance is subject to a per-occurrence self-insured retention of \$25,000. Members are responsible for the first \$1,000 deductible for each claim. The program bears the \$25,000 self-insured retention, in addition to the deductible.

Equipment breakdown insurance is subject to a per-occurrence deductible of \$2,500, which may vary per member with the exception of pumps and motors \$10,000. Members are responsible for the deductible amount of each claim. There is no program self-insured retention on this coverage, with the exception of Pumps & Motors which is \$15,000 and is covered by the CIAW.

Members contract to remain in the program for a minimum of one year, and must give notice before December 1, to terminating participation the following December 1. The Interlocal Agreement is renewed automatically each year. In the event of termination, a member is still responsible for contributions to the program for any unresolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Agreement.

A board of ten members is selected by the membership from three geographic areas of the state on a staggered term basis and is responsible for conducting the business affairs of the program.

The program has no employees. Claims are filed by members/brokers with Clear Risk Solutions, who has been contracted to perform program administration, claims adjustment and loss prevention for the program. Fees paid to the third party administrator under this arrangement for the year ended December 1, 2015, were \$627,702.49.

The interest on these investments is prorated to the various funds.

#### NOTE 7 - OTHER DISCLOSURES

In the opinion of management, the City of Connell's insurance policies are adequate to pay all known or pending claims.

A lawsuit was filed against the City of Connell by Jeffrey McKee claiming a violation of the Open Public Records Act. Although the City did not believe that the case had any merit, the Connell City Council agreed to accept a settlement offer from Mr. Mckee in the sum of \$463.80 and the lawsuit was dismissed.

Litigation has been threatened by a landowner that alleges that the City's denial of a right to maintain a pigeon farm within the City limits is violative of the law and the City municipal code. The claim is covered by insurance to an extent. The City does not believe that the claim is meritorious, but the ultimate result is uncertain.

#### HEALTH & WELFARE

The City of Connell is a member of the Association of Washington Cities Employee Benefit Trust Health Care Program (AWC Trust HCP). Chapter 48.62 RCW provides that two or more local government entities may, by Interlocal agreement under Chapter 39.34 RCW, form together or join a pool or organization for the joint purchasing of insurance, and/or joint self-insurance, to the same extent that they may individually purchase insurance, or self-insure.

An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC Trust HCP was formed on January 1, 2014 when participating cities, towns, and non-city entities of the AWC Employee Benefit Trust in the State of Washington joined together by signing an Interlocal Governmental Agreement to jointly self-insure certain health benefit plans and programs for participating employees, their covered dependents and other beneficiaries through a designated account within the Trust.

As of December 31, 2015, 261 cities/towns/non-city entities participate in the AWC Trust HCP. The AWC Trust HCP allows members to establish a program of joint insurance and provides health and welfare services to all participating members. The AWC Trust HCP pools claims without regard to individual member experience. The pool is actuarially rated each year with the assumption of projected claims run-out for all current members. The AWC Trust HCP includes medical insurance through Group Health, Regence BlueShield and Asuris Northwest Health, dental insurance through Delta Dental of Washington, and vision insurance through Vision Service Plan. Eligible members are cities and towns within the state of Washington. Non-City Entities (public agency, public corporation, intergovernmental agency, or political subdivision within the state of Washington) are eligible to apply for coverage into the AWC Trust HCP, submitting application to the Board of Trustees for review as required in the Trust Agreement.

Participating employers pay monthly premiums to the AWC Trust HCP. The AWC Trust HCP is responsible for payment of all covered claims. The AWC Trust HCP purchases stop loss insurance for Regence/Asuris plans at an Individual Stop Loss (ISL) of \$1.5 million through Life Map, and Group Health ISL at \$750,000 through Sun Life. The aggregate policy is for 200% of expected medical claims.

Participating employers contract to remain in the AWC HCP for a minimum of three years. Participating employers with over 250 employees must provide written notice of termination of all coverage a minimum of 12 months in advance of the termination date, and participating employers with under 250 employees must provide written notice of termination of all coverage a minimum of 6 months in advance of termination date. When all coverage is being terminated, termination will only occur on December 31. Participating employers terminating a group or line of coverage must notify the HCP a minimum of 60 days prior to termination. A participating employer's termination will not obligate that member to past debts, or further contributions to the HCP. Similarly, the terminating member forfeits all rights and interest to the HCP Account.

The operations of the Health Care Program are managed by the Board of Trustees or its delegates. The Board of Trustees is comprised of four regionally elected officials from Trust member cities or towns, the Employee Benefit Advisory Committee Chair and Vice Chair, and two appointed individuals from the AWC Board of Directors, who are from Trust member cities or towns. The Trustees or its appointed delegates review and analyze Health Care Program related matters and make operational decisions regarding premium contributions, reserves, plan options and benefits in compliance with Chapter 48.62 RCW.

The Board of Trustees has decision authority consistent with the Trust Agreement, Health Care Program policies, Chapter 48.62 RCW and Chapter 200-110-WAC.

The accounting records of the Trust HCP are maintained in accordance with methods prescribed by the State Auditor's office under the authority of Chapter 43.09 RCW. The Trust HCP also follows applicable accounting standards established by the Governmental Accounting Standards Board ("GASB"). Year-end financial reporting is done on an accrual basis and submitted to the Office of the State Auditor as required by Chapter 200-110 WAC. The audit report for the AWC Trust HCP is available from the Washington State Auditor's office.

The City of Connell is a member of the Cities Insurance Association of Washington. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a program or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The program was formed on September 1, 1988 when 34 cities in the state of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of December 1, 2014 there are 223 members in the program.

The program provides the following forms of joint self-insurance and excess coverage for its members: Property, including automobile comprehensive and collision, equipment breakdown and crime protection; and liability, including general, automobile and wrongful acts, are included to fit members' various needs.

The program acquires liability insurance through their Administrator, Canfield, that is subject to a peroccurrence self insured retention of \$100,000. The standard member deductible is \$1,000 for each claim (deductible may vary per member), while the program is responsible for the \$100,000 self-insured retention. Insurance carriers cover insured losses over \$101,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$100,000 of the self insured retention. The program also purchases a Stop Loss Policy with an attachment point of \$3,259,396, to cap the total claims paid by the program in any one policy term. Property insurance is subject to a per-occurrence self-insured retention of \$25,000. Members are responsible for the first \$1,000 deductible for each claim. The program bears the \$25,000 self-insured retention, in addition to the deductible.

Equipment breakdown insurance is subject to a per-occurrence deductible of \$2,500, which may vary per member with the exception of pumps and motors \$10,000. Members are responsible for the deductible amount of each claim. There is no program self-insured retention on this coverage, with the exception of Pumps & Motors which is \$15,000 and is covered by the CIAW.

Members contract to remain in the program for a minimum of one year, and must give notice before August 31 terminating participation the following September 1. The Interlocal Agreement is renewed automatically each year. In the event of termination, a member is still responsible for contributions to the program for any unresolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Agreement.

A board of ten members is selected by the membership from three geographic areas of the state on a staggered term basis and is responsible for conducting the business affairs of the program. On July 21, 2014, the Board passed a resolution changing the CIAW's renewal date from September 1, to December 1<sup>st</sup> beginning with the 2014-15 policy term. An endorsement was added to the 2013-14 Memorandum of Coverage, extending coverage to December 1, 2014. The next full policy year will begin on December 1, 2014. Premiums were prorated for the extension period. Invoices and certificates were issued.

The program has no employees. Claims are filed by members/brokers with Canfield, who has been contracted to perform program administration, claims adjustment and administration, and loss prevention for the program. Fees paid to the third party administrator under this arrangement for the year ended December 1, 2014, were \$1,817,654.59.

#### CITY OF CONNELL NOTES TO FINANCIAL STATEMENTS JANUARY 1, 2013 THROUGH DECEMBER 31, 2013

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The <u>City of Connell</u> reports financial activity using the revenue and expenditure classifications, statements, and schedules contained in the *Cash Basis Budgeting, Accounting and Reporting System* (BARS) manual. This basis of accounting and reporting is another comprehensive basis of accounting (OCBOA) that is prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

The <u>City of Connell</u> was incorporated on <u>November 28, 1910</u> and operates under the laws of the state of Washington applicable to a <u>Non-Charter Code City</u>. The <u>City of Connell</u> is a general purpose government and provides <u>public safety</u>, fire protection, street improvements, parks and recreation, general administrative services and a city owned water utility. The <u>City of Connell</u> uses single-entry, cash basis accounting which is a departure from generally accepted accounting principles (GAAP).

#### A. Fund Accounting

The accounts of the <u>City of Connell</u> are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. The <u>City of Connell's</u> resources are allocated to and accounted for in individual funds depending on their intended purpose. The following are the fund types used by the <u>City of Connell</u>:

This fund is the primary operating fund of the <u>**City of Connell**</u>. It accounts for all financial resources except those required or elected to be accounted for in another fund.

#### Special Revenue Funds (100-199)

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the <u>**City of Connell**</u>.

#### Capital Projects Funds (300-399)

These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

#### PROPRIETARY FUND TYPES:

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Revenues are recognized only when cash is received and expenditures are recognized when paid, including those properly chargeable against the report year(s) budget appropriations as required by state law.

In accordance with state law the <u>City of Connell</u> also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

Purchases of capital assets are expensed during the year of acquisition. There is no capitalization of capital assets, nor allocation of depreciation expense. Inventory is expensed when purchased.

The basis of accounting described above represents a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

#### C. Budgets

The <u>City of Connell</u> adopts <u>annual</u> appropriated budgets for <u>general, special revenue, capital project,</u> <u>enterprise, and agency</u> funds. These budgets are appropriated at the fund level. L. Risk Management

The City of Connell is a member of the Cities Insurance Association of Washington. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a program or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The program was formed on September 1, 1988 when 34 cities in the state of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of September 1, 2013, there are 236 members in the program.

The program provides the following forms of joint self-insurance and excess coverage for its members: Property, including automobile comprehensive and collision, equipment breakdown and crime protection; and liability, including general, automobile and wrongful acts, are included to fit member's various needs.

The program acquires liability insurance through their Administrator, Canfield, that is subject to a peroccurrence self insured retention of \$100,000. The standard member deductible is \$1,000 for each claim (deductible may vary per member), while the program is responsible for the \$100,000 self-insured retention. Insurance carriers cover insured losses over \$101,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$100,000 of the self insured retention. The program also purchases a Stop Loss Policy with an attachment point of \$3,247,000, to cap the total claims paid by the program in one year.

Property insurance is subject to a per-occurrence self-insured retention of \$25,000. Members are responsible for the first \$1,000 deductible for each claim. The program bears the \$25,000 self-insured retention, in addition to the deductible.

Equipment breakdown insurance is subject to a per-occurrence deductible of \$2,500 (\$10,000 for pumps and motors). Members are responsible for the deductible amount of each claim. There is no program self-insured retention on this coverage.

Members contract to remain in the program for a minimum of one year, and must give notice before August 31 terminating participation the following September 1. The Interlocal Agreement is renewed automatically each year. In the event of termination, a member is still responsible for contributions to the program for any unresolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Agreement.

A board of ten members is selected by the membership from three geographic areas of the state on a staggered term basis and is responsible for conducting the business affairs of the program. The program has no employees. Claims are filed by members with Canfield, which has been contracted to perform program administration, claims adjustment and administration, and loss prevention for the program. Fees paid to the third party administrator under this arrangement for the year ended August 31 2013, were \$1,423,019.12.

#### NOTE 8 - OTHER DISCLOSURES

In the opinion of management, the City of Connell's insurance policies are adequate to pay all known or pending claims.

In December of 2011 the City received notice that a lawsuit had been started against the Connell Police Department for violations of the Washington Public Records Act. The matter was settled in February of 2013.

Correction to Schedule 9 2012 Annual Report: A correction was made in 2013 to the Schedule 9 2012 Annual Report that showed an addition of \$107,230.45, a reduction of \$1,620.00, and an ending Balance of \$105,610.45 for the Police Vehicle Lease. The reduction was actually an interest payment and was not a payment on the principal balance of the lease. The ending balance for the Police Vehicle Lease should have been \$107,230.45. For the Schedule 9 2013 Annual Report the beginning balance has been corrected to \$107,230.45.
