Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for Housing Authority operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the Housing Authority's compliance and safeguarding of public resources. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

TROY KELLEY

AUDIT SUMMARY

Results in brief

In the areas we audited, Housing Authority operations complied with applicable requirements and provided adequate safeguarding of public resources. The Housing Authority also complied with state laws and regulations and its own policies and procedures in the areas we examined.

About the audit

This report contains the results of our independent accountability audit of the Sunnyside Housing Authority from January 1, 2014 through December 31, 2015.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the Housing Authority's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Cash receipting
- Open public meeting minutes
- Procurement/bid law
- Disbursements
- Credit card use
