**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

**Northshore Fire Department
King County
January 1, 2014 through December 31, 2015**

Board of Commissioners
Northshore Fire Department
Kenmore, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Northshore Fire Department, King County, Washington, as of and for the years ended December 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated February 8, 2017.

We issued an unmodified opinion on the fair presentation of the District's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared by the District using accounting practices prescribed by Washington State statutes and the State Auditor's *Budgeting, Accounting and Reporting System* (BARS) manual described in Note 1, which is a basis of accounting other than GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audits of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's

internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other

purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

Northshore Fire Department King County January 1, 2014 through December 31, 2015

Board of Commissioners
Northshore Fire Department
Kenmore, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the Northshore Fire Department, King County, Washington, for the years ended December 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the District's financial statements, as listed on page 11.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Washington State statutes and the *Budgeting, Accounting and Reporting System* (BARS) manual prescribed by the State Auditor described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's

judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinion on Regulatory Basis of Accounting (BARS Manual)

As described in Note 1, the Northshore Fire Department has prepared these financial statements to meet the financial reporting requirements of Washington State statutes using accounting practices prescribed by the State Auditor's *Budgeting, Accounting and Reporting System* (BARS) manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The differences in these accounting practices are also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Northshore Fire Department, for the years ended December 31, 2015 and 2014, on the basis of accounting described in Note 1.

Basis for Adverse Opinion on U.S. GAAP

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. The effects on the financial statements of the variances between GAAP and the accounting practices the District used, as described in Note 1, although not reasonably determinable, are presumed to be material. As a result, we are required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

Adverse Opinion on U.S. GAAP

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Northshore Fire Department, as of December 31, 2015 and 2014, or the changes in financial position or cash flows for the years then ended, due to the significance of the matter discussed in the above “Basis for Adverse Opinion on U.S. GAAP” paragraph.

Other Matters

Supplementary and Other Information

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedules of Liabilities are presented for purposes of additional analysis, as required by the prescribed BARS manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2017 on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That

report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

King County Fire Protection District No. 16 (The District) is a Special Purpose District that provides fire protection and emergency medical services to the general public and is supported through property taxes and a benefit charge as provided by RCW 52.18. The District was incorporated on October 15, 1942 and operates under Chapter 52 RCW and other laws of the state of Washington applicable to fire districts.

The District reports financial activity in accordance with the Cash Basis Budgeting, Accounting and Reporting System (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The Schedule of Liabilities is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

Financial transactions of the government are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and expenditures. The government's resources are allocated to and accounted for in individual funds depending on their intended purpose. Each fund is reported as a separate column in the financial statements. The following fund types are used:

GOVERNMENTAL FUND TYPES:

General Fund

This fund is the primary operating fund of the District. It accounts for all financial resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the government.

Debt Service Funds

These funds account for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

Capital Project Funds

These funds account for financial resources, which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

B. Basis of Accounting and Measurement Focus

The District reports financial activity using the revenue and expenditure classifications, statements and schedules contained in the Cash Basis Budgeting Accounting and Reporting System (BARS) manual. The cash basis of accounting and reporting is another comprehensive basis of accounting (OCBOA) that is prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Revenues are recognized only when cash is received and expenditures are recognized when paid.

C. Budget

The District adopts annual appropriated budgets for the general fund. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at the fiscal year end.

Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting.

The appropriated and actual expenditures for the legally adopted 2015 budget were as follows:

Fund Name	Appropriated Amounts	Actual Expenditures	Variance
General Fund	\$7,893,877	\$7,363,554	\$530,323

Any revisions that alter the total authorized expenditure of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the District's legislative body.

D. Cash and Investments

Cash

It is the District's policy to invest all temporary cash surpluses. The amount is included on the statement of resources and uses arising from cash transactions as cash and investments.

Investments

See note 2

E. Capital Assets

Capital assets are assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of 3 years. Capital assets are recorded as capital expenditures when purchased.

F. Compensated Absences

Union Employees

Vacation pay may be accumulated up to 288 hours and is payable upon separation or retirement. Sick leave may accumulate indefinitely. Upon retirement or permanent disability employees receive payment for 50% of unused sick leave up to an equivalent of 400 hours. For line of duty death 100% of sick leave hours are paid to the designated beneficiary. The District's estimated liability for sick leave and vacation termination benefits on December 31, 2015 was \$482,745.28 and \$291,439.10 respectively. The total compensated leave liability for union employees decreased by \$41,427 from the 2014 calculated liability.

Non-Union Employees

Vacation pay may be accumulated up to 480 hours and is payable upon separation or retirement. Sick leave may accumulate indefinitely. Upon retirement or permanent disability employees receive payment for 50% of unused sick leave up to an equivalent of 400 hours. The District's estimated liability for sick leave and vacation termination benefits on December 31, 2015 was \$110,473.44 and \$101,393.75 respectively. The total compensated leave liability for non-union employees increased by \$4,422 from the 2014 calculated liability.

G. Long-Term Debt

See note 3

H. Other Financing Sources or Uses

The District did not have any other financing sources or uses in 2015.

I. Risk Management

The District manages its risk by maintaining insurance coverage for damages and losses to property, apparatus, portable equipment or criminal acts. Coverage for general, management, automotive related liability is included. The insurance coverage is purchased through Volunteer Firemen's Insurance Services, Inc. (VFIS). The District's local broker for VFIS is MacIlvennie Associates, Inc.

VFIS	MacIlvennie Associates, Inc.
183 Leader Heights Road	P.O. Box 8629
York, PA 17402	Covington, WA 98042

J. Reserved Portion of Ending Cash and Investments

Beginning and Ending Cash and Investments is reported as reserved when it is subject to restrictions on use imposed by external parties or due to internal commitments established by Resolution or requiring Board approval.

Listed below are the funds, year-end balances and restrictions for the District funds that have a beginning and end cash balance that are designated as reserved.

Reserve Fund

\$6,948,463 of the year-end fund balance has been reserved by Board resolution for capital acquisition, employee benefits, loss of revenues, natural disaster, losses not reimbursed by insurance and facility upgrades and major repairs.

Donation Fund

The fund balance of \$74,165 represents funds donated by members of the community and can only be expended for purposes approved by the Board of Commissioners.

GO Bond Fund

The fund balance of \$192,277 represents funds collected from a general obligation bond levy that can only be used to pay principal and interest on the outstanding bond debt (see note 3).

HRA Fund

This is a fiduciary account for the funds contributed to the employees of the District as part of their medical plan. Funds in this account are used to offset IRS authorized medical expenses by the employee and managed by Navia Benefit Solutions. The reconciled ending fund balance of this account was \$375,360.

NOTE 2 – INVESTMENTS

It is the District's policy to invest all temporary cash surpluses. The interest on these investments is prorated to the various funds.

All deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation and/or the Washington Public Deposit Protection Commission. All investments are insured, registered or held by the District or its agent in the government's name.

Investments are reported at the fair value. Investments by type at December 31, 2015, are as follows:

<u>Type of Investment</u>	<u>District's own investments</u>	<u>Investments held by District as an agent for other local governments, individuals, or private organizations</u>	<u>Total</u>

NOTE 4 - PROPERTY TAXES

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Collections are distributed as they are received.

Property tax revenues are recognized when cash is received by the District. Delinquent taxes are considered fully collectible because a lien affixes to the property after taxes are levied.

The District's regular levy for the year 2015 was \$.875 per \$1,000 on an assessed valuation of \$5,532,768,257 for a total regular levy of \$4,838,617.

In 2015 the District also levied \$.221 per \$1,000 for general obligation bond debt service requirements for a total additional levy of \$1,225,000.

In 2015, the District also assessed a benefit charge of \$2,650,000.

NOTE 5 - PENSION PLANS

Substantially all of the District's full-time and qualifying part-time employees participate in the PERS and LEOFF II plans administered by the Washington State Department of Retirement Systems, under cost-sharing multiple-employer public employee defined benefit retirement systems. Actuarial information is on a system-wide basis and is not considered pertinent to the District's financial statements.

Contributions to the systems by both employee and employer are based upon gross wages covered by plan benefits.

Historical trend or other information regarding each plan is presented in the state Department of Retirement Systems annual financial report. A copy of this report may be obtained at:

PO Box 48380
Olympia WA 98504-8380

At June 30, 2015, the District's proportionate share of the collective net pension liabilities, as reported on the Schedule 09, was as follows:

	ALLOCATION %	NET LIABILITY
PERS 1 UAAL	.002707%	\$ 141,601
PERS 2 AND 3	.003497%	\$ 124,950
LEOFF 1	.001627%	(\$196,089)
LEOFF 2	.160988%	(\$1,654,635)

NOTE 6 - OTHER DISCLOSURES

The District is obligated to pay for post-employment benefits for former employees that belong to the LEOFF1 retirement system. These benefits include medical, dental, vision, and long term care. 6 retirees received benefits during the year and \$50,310.28 was paid out for those benefits during the year.

NORCOM

In November of 2007, Northshore Fire Department, with the cities of Bellevue, Bothell, Clyde Hill, Kirkland, Medina, Mercer Island, and Snoqualmie, along with Eastside Fire and Rescue, King County Fire Protection Districts 27 and 45, King and Kittitas County Fire Protection District 51, Woodinville Fire & Rescue and Shoreline Fire Department entered into an interlocal agreement to establish and maintain a consolidated emergency service communications center. In 2008, the City of Redmond joined as a subscriber. Prior to the interlocal agreement, the formation efforts were carried out under a Joint Powers Agreement originally approved in 2005 and amended in 2006 and 2007. On July 1, 2009, the separate dispatch operations of the cities of Bellevue and Kirkland were combined and began operating as the North East King County Regional Public Safety Communications Agency (or NORCOM). NORCOM includes 911 telephone answering, computer aided dispatch of fire, police and EMS resources, public safety field technology and a records management system. Operating revenues are provided by user fees charged to each member based on average call volume. For 2015, Northshore Fire Department's

share of these fees was \$190,957.00. Additional financial information may be obtained from NORCOM, c/o Gwen Pilo, Finance Manager, P.O. Box 50911, Bellevue, WA 98015-0911.

On February 28, 2014, the City of Bothell annexed approximately 4% of the District's jurisdiction. An agreement with the City of Bothell specified the property tax levy assessments for January and February of 2014 would be retained by the District. The agreement stipulated the 2014 benefit charge collection would be retained by the District. On January 12, 2015, the District made final payment of the property tax levy collections that were received in the second half of 2014 for the parcels in the annexation area. Payment was made from the general fund and totaled \$105,504.54.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

King County Fire Protection District No. 16 (The District) is a Special Purpose District that provides fire protection and emergency medical services to the general public and is supported through property taxes and a benefit charge as provided by RCW 52.18. The District was incorporated on October 15, 1942 and operates under Chapter 52 RCW and other laws of the state of Washington applicable to fire districts.

The District reports financial activity in accordance with the Cash Basis Budgeting, Accounting and Reporting System (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The Schedule of Liabilities is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

Financial transactions of the government are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and expenditures. The government's resources are allocated to and accounted for in individual funds depending on their intended purpose. Each fund is reported as a separate column in the financial statements. The following fund types are used:

GOVERNMENTAL FUND TYPES:

General Fund

This fund is the primary operating fund of the District. It accounts for all financial resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the government.

Debt Service Funds

These funds account for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

Capital Project Funds

These funds account for financial resources, which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

B. Basis of Accounting and Measurement Focus

The District reports financial activity using the revenue and expenditure classifications, statements and schedules contained in the Cash Basis Budgeting Accounting and Reporting System (BARS) manual. The cash basis of accounting and reporting is another comprehensive basis of accounting (OCBOA) that is prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Revenues are recognized only when cash is received and expenditures are recognized when paid.

C. Budget

The District adopts annual appropriated budgets for the general fund. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at the fiscal year end.

Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting.

The appropriated and actual expenditures for the legally adopted 2014 budget were as follows:

Fund Name	Appropriated Amounts	Actual Expenditures	Variance
General Fund	\$7,634,460	\$7,338,427	\$296,033

Any revisions that alter the total authorized expenditure of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the District's legislative body.

D. Cash and Investments

Cash

It is the District's policy to invest all temporary cash surpluses. The amount is included on the statement of resources and uses arising from cash transactions as cash and investments.

Investments

See note 2

E. Capital Assets

Capital assets are assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of 3 years. Capital assets are recorded as capital expenditures when purchased.

F. Compensated Absences

Union Employees

Vacation pay may be accumulated up to 288 hours and is payable upon separation or retirement. Sick leave may accumulate indefinitely. Upon separation or retirement employees do receive payment for 50% of unused sick leave up to 400 hours. For line of duty death 100% of sick leave hours are paid to the designated beneficiary. The District's estimated liability for sick leave and vacation termination benefits on December 31, 2014 was \$301,743 and \$513,868 respectively. The total compensated leave liability for union employees increased by \$14,115 from the 2013 calculated liability.

Non-Union Employees

Vacation pay may be accumulated up to 480 hours and is payable upon separation or retirement. Sick leave may accumulate indefinitely. Upon separation or retirement employees receive payment for 50% of unused sick leave up to 400 hours. For line of duty death 100% of sick leave hours are paid to the designated beneficiary. The District's estimated liability for sick leave and vacation termination benefits on December 31, 2014 was \$111,245 and \$96,199 respectively. The total compensated leave liability for non-union employees increased by \$49,156 from the 2013 calculated liability.

G. Long-Term Debt

See note 3

H. Other Financing Sources or Uses

The District did not have any other financing sources or uses in 2014.

I. Risk Management

The District manages its risk by maintaining insurance coverage for damages and losses to property, apparatus, portable equipment or criminal acts. Coverage for general, management, automotive related liability is included. The insurance coverage is purchased through Volunteer Firemen's Insurance Services, Inc. (VFIS). The District's local broker for VFIS is MacIvennie Associates, Inc.

J. Reserved Portion of Ending Cash and Investments

Beginning and Ending Cash and Investments is reported as reserved when it is subject to restrictions on use imposed by external parties or due to internal commitments established by Resolution or requiring Board approval.

Listed below are the funds, year-end balances and restrictions for the District funds that have a beginning and end cash balance that are designated as reserved.

Reserve Fund

\$6,877,595 of the year-end fund balance has been reserved by Board resolution for capital acquisition, employee benefits, loss of revenues, natural disaster, losses not reimbursed by insurance and facility upgrades and major repairs.

Donation Fund

The fund balance of \$74,551 represents funds donated by members of the community and can only be expended for purposes approved by the Board of Commissioners.

GO Bond Fund

The fund balance of \$115,688 represents funds collected from a general obligation bond levy that can only be used to pay principal and interest on the outstanding bond debt (see note 3).

Capital Project Fund

The Capital Project Fund was established to fund the headquarters fire station project. The project was completed in 2014 and the fund was closed at the end of the year with all remaining funds transferred to the General Fund.

HRA Fund

This is a fiduciary account for the funds contributed to the employees of the District as part of their medical plan. Funds in this account are used to offset IRS authorized medical expenses by the employee and managed by Navia Benefit Solutions. The reconciled ending fund balance of this account was \$379,556.

NOTE 2 – INVESTMENTS

It is the District's policy to invest all temporary cash surpluses. The interest on these investments is prorated to the various funds.

All deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation and/or the Washington Public Deposit Protection Commission. All investments are insured, registered or held by the District or its agent in the government's name.

Investments are reported at the fair value, by type at December 31, 2014, as follows:

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
