Auburn School District No. 408
Auburn, Washington

Report on Alternative Learning Experience

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for District operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the District's compliance with alternative learning experience enrollment reporting rules. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

Pat McCarthy
State Auditor
Olympia, WA

AUDIT SUMMARY

Results in brief

District operations complied with applicable state laws and regulations and its own policies and procedures regarding alternative learning experience (ALE) enrollment. For the year ending August 31, 2016, the District received approximately \$98,236,703 in combined enrollment and staff mix funding; approximately \$722,724 of this was related to its ALE programs.

- West Auburn ALE – The program reported 71.30 average annual full-time equivalent (AAFTE). Our audit tested a sample of 11 student files and found 0.2 AAFTE overreported. Errors were due to a missing monthly progress review for one student and one student was counted after meeting graduation requirements.

We estimate this resulted in approximately \$1,262 in over-funding.

- Auburn Graduation Alliance – The program reported 43.26 average annual full-time equivalent (AAFTE). Our audit tested a sample of 5.94 average annual full-time equivalent (AAFTE) and found 3.08 AAFTE overreported. Errors were due to December monthly progress reviews completed more than five days after the end of the month. This occurred for all students enrolled in December 2015 and counted in January 2016 and written student learning plans not being approved prior to count date for the month of January.

We estimate this resulted in approximately \$19,430 in over-funding.

About alternative learning experience programs

ALE programs are a form of basic K-12 public school education in Washington State. While students in traditional basic education attend classes on campus and have face-to-face contact with teachers and other staff, ALE students may spend most, or even all, of their time outside of a regular classroom setting.

Districts may build Internet-based educational programs that enroll students from anywhere in the state. Besides Internet programs, ALE can be accomplished through a contract between a student and district instructors, or through a parent-partner program in which parents participate in the design and teaching of the student's courses. These programs are different from homeschooling in that students remain part of the public school system and districts claiming funding are responsible for supervision, monitoring, assessing and evaluating the student's education.

Districts may count ALE students for funding when they report enrollment to the Office of Superintendent of Public Instruction (OSPI). In order to claim ALE students for funding, ALE programs must satisfy OSPI's requirement for courses of study leading to a high school diploma. Districts must prepare detailed plans for each student, maintain regular contact with students, and evaluate student progress on a monthly basis. Districts must also keep detailed records to show they have met all of these requirements.

During the period under review, the District operated two ALE programs, which accounted for less than one percent of its total basic student enrollment:

- West Auburn ALE is an online/onsite program that serves students in grades 9-12. This program has operated for 23 years and nonresident students represent 10 percent of students reported for funding.
- Auburn Graduation Alliance is an online program that serves students in grades 9-12. This program has operated for four years and nonresident students represent 5.3 percent of students reported for funding.

About the audit

Per RCW 28A.232.010, school districts must receive biennial audits of their ALE program. This report contains the results of our independent audit of ALE enrollment at Auburn School District No. 408 from September 1, 2015 through August 31, 2016.

Management is responsible for ensuring compliance with applicable ALE requirements. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the District's compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters, with regard to its ALE program.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of noncompliance.

INFORMATION ABOUT THE DISTRICT

Auburn School District No. 408 provides public education to students in preschool through twelfth grade. The public education provided includes an academic program of basic education, a comprehensive education for special education students including preschool, a career and technical education program at the secondary level, a special program for academically gifted students and alternative programs for those students requiring individualized learning opportunities.

An elected, five-member Board of Directors governs the District. The Superintendent is appointed by the Board and is responsible for the day-to-day operations. The District is located within King and Pierce Counties and serves the cities of Auburn, Algona, Pacific and a portion of the cities of Black Diamond and Kent. The District covers an area of over 62 square miles with an estimated population of 84,947 residents. Auburn School District operates 14 elementary schools, four middle schools and four high schools. The District operated on a 2015-2016 school year general fund budget of approximately \$185,000,000.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
