Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for District operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our independent audit report on the District's compliance with applicable requirements and safeguarding of public resources for the areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

AUDIT RESULTS

This report describes the overall results and conclusions for the areas we examined. In most of the areas we examined, District operations complied with applicable state laws, regulations, and its own policies, and provided adequate controls over safeguarding of public resources.

As referenced above, we noted certain matters that we communicated to the District management and Board of Directors in a letter dated April 25, 2019, related to internal controls over Associated Student Body (ASB) activities. We appreciate the District's commitment to resolving those matters.

Additionally, during the audit certain matters came to our attention that are currently under investigation.

About the audit

This report contains the results of our independent accountability audit of Sequim School District No. 323 from September 1, 2016 through August 31, 2018.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the State Auditor to examine the financial affairs of all local governments. Our audit involved performing procedures to obtain evidence about the District's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, based on our risk assessment for the years ended August 31, 2018 and 2017, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Associated Student Body activities at Sequim High School and Sequim Middle School – fundraisers, expenditures, and events
- Financial condition and fiscal sustainability
- Payroll – gross wages
- Self-insurance – health and welfare
