Accountability Audit Report

City of Battle Ground

For the period January 1, 2018 through December 31, 2018

Published June 6, 2019

Report No. 1024001
June 6, 2019

Mayor and City Council
City of Battle Ground
Battle Ground, Washington

**Report on Accountability**

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor’s Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for City operations. This information is valuable to management, the governing body and public stakeholders when assessing the government’s stewardship of public resources.

The attached comprises our independent audit report on the City’s compliance with applicable requirements and safeguarding of public resources for the areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

Pat McCarthy
State Auditor
Olympia, WA

AUDIT RESULTS

This report describes the overall results and conclusions for the areas we examined. In those selected areas, City operations complied with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

About the audit

This report contains the results of our independent accountability audit of the City of Battle Ground from January 1, 2018 through December 31, 2018.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the State Auditor to examine the financial affairs of all local governments. Our audit involved performing procedures to obtain evidence about the City’s uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, based on our risk assessment for the year ended December 31, 2018, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Software system conversion
- Utility accounts receivable – billing and adjustments
- Utility cash receipting – timeliness and completeness of deposits and voids and adjustments
- Payroll – leave cashouts, severance pay, and retroactive payments
- Accounts payable – general disbursements and procurement cards
RELATED REPORTS

Financial

Our opinion on the City’s financial statements is provided in a separate report, which includes the City’s financial statements. That report is available on our website, http://portal.sao.wa.gov/ReportSearch.

Performance audits

Initiative 900, approved by voters in 2005, gives the State Auditor's Office the authority to conduct independent performance audits of state and local government entities. Performance audits may include objective analysis on ways to improve program performance and operations, reduce costs and identify best practices.

We issued the separate Opportunities to Improve City of Battle Ground's Information Technology Security performance audit report, which is available on our website, http://portal.sao.wa.gov/ReportSearch.
INFORMATION ABOUT THE CITY

The City of Battle Ground was incorporated in 1951 and currently serves a population of approximately 20,890 Clark County citizens. The City provides municipal services such as police, planning and building, streets, parks and recreation and utilities (water, sewer and drainage). The City contracts with Clark County Fire District 3 to provide fire protection services.

An elected, seven-member Council governs the City. Each biennium, the Council selects one of its members to serve as Deputy Mayor who, after a two-year term, will then serve as Mayor for a two-year term. The Council appoints a City Manager to oversee the City’s daily operations as well as its 80 employees. For fiscal year 2018, the City operated on an annual budget of approximately $36.4 million.

**Audit history**

ABOUT THE STATE AUDITOR’S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as fraud, state whistleblower and citizen hotline investigations.

The results of our work are widely distributed through a variety of reports, which are available on our website and through our free, electronic subscription service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
