In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

AUDIT RESULTS

This report describes the overall results and conclusions for the areas we examined. In those selected areas, County operations complied with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

About the audit

This report contains the results of our independent accountability audit of Thurston County from January 1, 2018 through December 31, 2018.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the State Auditor to examine the financial affairs of all local governments. Our audit involved performing procedures to obtain evidence about the County's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, based on our risk assessment for the year ended December 31, 2018, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Use of restricted funds – internal service funds, interfund transfers, Auditor's O&M fund, hotel-motel taxes, impact fees and credits
- Accounts payable – general disbursements, credit cards, and travel expenditures
- Assessor's Office – property tax valuations and billings, exemptions and deferrals, new construction appraisals, personal property assessments, real property revaluation schedule, and statutory reporting guidelines
- Tracking and monitoring of theft sensitive assets, such as computers, tools, and equipment
- Procurement – emergency resolutions for public works projects and cooperative purchases
- Cash receipting – timeliness and completeness of deposits, voids, and adjustments at the WSU extension office
- On-call contracts – compliance with contracting method requirements
- Payroll – benefit deductions and adjustments
- Open public meetings – documentation of minutes and executive sessions
- Financial condition and fiscal sustainability
