About the audit

This report contains the results of our independent accountability audit of Castle Rock School District No. 401 from September 1, 2017 through August 31, 2019.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the District's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the years ended August 31, 2019 and 2018, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Cash receipting – timeliness and completeness of deposits, voids and adjustments at Castle Rock High School

- Accounts payable – general disbursements and credit cards
