SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Wapato School District No. 207 September 1, 2019 through August 31, 2020

SECTION I – SUMMARY OF AUDITOR’S RESULTS

The results of our audit of Wapato School District No. 207 are summarized below in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Financial Statements

We issued an unmodified opinion on the fair presentation of the District’s financial statements in accordance with its regulatory basis of accounting. Separately, we issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared using a basis of accounting other than GAAP.

Internal Control over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the District.

Federal Awards

Internal Control over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the District's compliance with requirements applicable to each of its major federal programs.

We reported findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

Identification of Major Federal Programs

The following programs were selected as major programs in our audit of compliance in accordance with the Uniform Guidance.

<u>CFDA No.</u>	<u>Program or Cluster Title</u>
84.010	Title I Grants to Local Educational Agencies
84.011	Migrant Education State Grant Program
84.027	Special Education Cluster (IDEA) – Special Education Grants to States
84.173	Special Education Cluster (IDEA) – Special Education Preschool Grants

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$750,000.

The District qualified as a low-risk auditee under the Uniform Guidance.

SECTION II – FINANCIAL STATEMENT FINDINGS

None reported.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

See Finding 2020-001.

SCHEDULE OF FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Wapato School District No. 207 September 1, 2019 through August 31, 2020

2020-001 Wapato School District did not have adequate internal controls to ensure compliance with federal suspension and debarment requirements.

CFDA Number and Title:	84.027 Special Education Grants to States 84.173 Special Education Preschool Grants
Federal Grantor Name:	Department of Education
Federal Award/Contract Number:	N/A
Pass-through Entity Name:	Office of Superintendent of Public Instruction
Pass-through Award/Contract Number:	306830, 366320
Questioned Cost Amount:	\$0

Description of Condition

The objective of the Special Education program is to ensure students with disabilities receive a free and appropriate public education. The program has specifically designed instruction that addresses the unique needs of an eligible student. During fiscal year 2020, the District received \$768,568 in Special Education funding, which was spent on salaries and benefits, supplies, materials, and purchased services.

Federal requirements prohibit grant recipients from contracting with or making sub-awards to parties suspended and debarred from doing business with the federal government. Whenever the District contracts for goods or services equal to or exceeding \$25,000 paid all or in part with federal funds, it must verify that contractors have not been suspended or debarred or otherwise excluded. This verification may be accomplished by (1) checking the federal Excluded Parties List System (EPLS) maintained by the U.S. General Service Administration, (2) collecting a written certification from the contractor, or (3) adding a clause or condition into the contract in which the contractor states it is not suspended or

debarred. The District must perform one of these activities to meet this requirement before entering into a contract and maintain documentation to demonstrate compliance.

The District did not have effective internal controls to ensure contracts for hourly contractors exceeding \$25,000 were not suspended or debarred. The District awarded one contract more than \$25,000 and did not obtain a written certification, insert a clause into the contract or review EPLS to verify the contractor was not suspended or debarred from participating in federal programs. The District paid this contractor \$58,164 during fiscal year 2020.

We consider this deficiency in internal controls to be a material weakness.

The issue was not reported as a finding in the prior audit.

Cause of Condition

The District is aware of the requirements and has processes in place to verify the suspension and debarment status of its contractors. The District did not anticipate that this contract would exceed \$25,000 and staff did not check the contractor's suspension and debarment status prior to entering into the agreement.

Effect of Condition and Questioned Costs

Without adequate internal controls over suspension and debarment requirements, the District cannot ensure federal funds are paid only to contractors who are eligible to participate in federal programs. Any payments of program funds to an ineligible contractors would be unallowable and subject to recovery by the funding agency. We verified that the contractor was not suspended or debarred. Therefore, we are not questioning costs for these payments.

Recommendation

We recommend the District implement and follow internal controls to comply with suspension and debarment requirements and ensure contractors paid \$25,000 or more in federal funds are eligible to participate in federal programs before entering into contracts.

District's Response

The District understands the finding regarding suspension and debarment. The District does have internal controls in place to ensure vendors are reviewed for suspension and debarment prior to entering into a contract. The District has the certification statement included on personal service contracts and the business office personnel check for the EPLS search page for all purchase order

requisitions. In this instance, the vendor contract did not specify the total amount of cost for services and it was listed as an hourly amount. Also a purchase order was not requested for this vendor. These two issues contributed to the oversight of suspension and debarment check.

The District will ensure all steps are followed by including a check list for all administrators and directors detailing the process for entering into contracts with vendors using federal funds. This will ensure the process is understood by all staff. This will be presented to them at the annual start of the year meeting. We will also review this with them at the monthly administrative meeting.

Auditor's Remarks

We appreciate the District's commitment to resolving this issue and for its cooperation and assistance during the audit. We will review the corrective action taken during the next regular audit.

Applicable Laws and Regulations

The American Institute of Certified Public Accountants define significant deficiencies and material weaknesses in its *Codification of Statements on Auditing Standards*, section 935, paragraph 11.

Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), section 516, Audit findings, establishes reporting requirements for audit findings.

Title 2 CFR Part 200, Uniform Guidance, section 303 Internal controls, describes the requirements for auditees to maintain internal controls over federal programs and comply with federal program requirements.

Title 2 CFR Part 180, OMB Guidelines to Agencies on Government wide Department and Suspension (Nonprocurement) establishes non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689.

INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Wapato School District No. 207 September 1, 2019 through August 31, 2020

Superintendent and Board of Directors
Wapato School District No. 207
Wapato, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Wapato School District No. 207, as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated May 5, 2021.

We issued an unmodified opinion on the fair presentation of the District's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because, as described in Note 1, the *Accounting Manual for Public School Districts in the State of Washington* does not require the District to prepare the government-wide statements presenting the financial position and changes in financial position of its governmental activities as required by GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As discussed in Note 4 to the 2020 financial statements, the full extent of the COVID-19 pandemic's direct or indirect financial impact on the District is unknown.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's

internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However,

this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

Wapato School District No. 207 September 1, 2019 through August 31, 2020

Superintendent and Board of Directors
Wapato School District No. 207
Wapato, Washington

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited the compliance of Wapato School District No. 207, with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2020. The District's major federal programs are identified in the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred.

An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2020.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Federal Award Findings and Questioned Costs as Finding 2020-001. Our opinion on each major federal program is not modified with respect to these matters.

District's Response to Findings

The District's response to the noncompliance findings identified in our audit is described in the accompanying Schedule of Federal Award Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control

over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Federal Award Findings and Questioned Costs as Finding 2020-001 that we consider to be a material weakness.

District's Response to Findings

The District's response to the internal control over compliance findings identified in our audit is described in the accompanying Schedule of Federal Award Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also

serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

Wapato School District No. 207 September 1, 2019 through August 31, 2020

Superintendent and Board of Directors
Wapato School District No. 207
Wapato, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Wapato School District No. 207, as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the District's financial statements, as listed on page 20.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of state law and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant account estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinion on Regulatory Basis of Accounting (Accounting Manual)

As described in Note 1, the District has prepared these financial statements to meet the financial reporting requirements of state law using accounting practices prescribed by the Accounting Manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The difference in these accounting practices is also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wapato School District No. 207, as of August 31, 2020, and the changes in financial position thereof for the year then ended in accordance with the basis of accounting described in Note 1.

Basis for Adverse Opinion on U.S. GAAP

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. GAAP requires presentation of government-wide financial statements to display the financial position and changes in financial position of its governmental activities.

As described in Note 1, the Accounting Manual does not require the District to prepare the government-wide financial statements, and consequently such amounts have not been determined or presented. We are therefore required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

Adverse Opinion on U.S. GAAP

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Wapato School District No. 207, as of August 31, 2020, or the changes in financial position or cash flows thereof for the year then ended, due to the significance of the matter discussed in the above “Basis for Adverse Opinion on U.S. GAAP” paragraph.

Matters of Emphasis

As discussed in Note 4 to the 2020 financial statements, the full extent of the COVID-19 pandemic’s direct or indirect financial impact of the District is unknown. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Schedule of Long-Term Liabilities is also presented for purposes of additional analysis, as required by the prescribed Accounting Manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated May 5, 2021 on our consideration of the District’s internal control over financial reporting and on our tests

of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Wapato School District
Notes to the Financial Statements
September 1, 2019 Through August 31, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Wapato_ School District (District) is a municipal corporation organized pursuant to Title 28A of the Revised Code of Washington (RCW) for the purposes of providing public school services to students in grades K–12. Oversight responsibility for the District’s operations is vested with the independently elected board of directors. Management of the District is appointed by and is accountable to the board of directors. Fiscal responsibility, including budget authority and the power to set fees, levy property taxes, and issue debt consistent with provisions of state statutes, also rests with the board of directors.

The District presents governmental fund financial statements and related notes on the modified accrual basis of accounting in accordance with the *Accounting Manual for Public School Districts in the State of Washington*, issued jointly by the State Auditor’s Office and the Superintendent of Public Instruction by the authority of RCW 43.09.200, RCW 28A.505.140, RCW 28A.505.010(1) and RCW 28A.505.020. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- (1) Districtwide statements, as defined in GAAP, are not presented.
- (2) A Schedule of Long-Term Liabilities is presented as supplementary information.
- (3) Supplementary information required by GAAP is not presented.
- (4) Property Taxes collected after the end of the fiscal period are not considered available for revenue accrual as described below.

Fund Accounting

Financial transactions of the District are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (or expenses) as appropriate. All funds are considered major funds. The various funds in the report are grouped into governmental (and fiduciary) funds as follows:

Governmental Funds

General Fund

This fund is used to account for all expendable financial resources, except for those that are required to be accounted for in another fund. In keeping with the principle of having as few funds as are necessary, activities such as food services, maintenance, data processing, printing, and student transportation are included in the General Fund.

Capital Projects Funds

These funds account for financial resources that are to be used for the construction or acquisition of major capital assets. There are two funds that are considered to be of the capital projects fund type: the Capital Projects Fund and the Transportation Vehicle Fund.

Capital Projects Fund. This fund is used to account for resources set aside for the acquisition and construction of major capital assets such as land and buildings.

Transportation Vehicle Fund. This fund is used to account for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment.

Debt Service Fund

This fund is used to account for the accumulation of resources for and the payment of matured general long-term debt principal and interest.

Special Revenue Fund

In Washington State, the only allowable special revenue fund for school districts is the Associated Student Body (ASB) Fund. This fund is accounted for in the District's financial statements as the financial resources legally belong to the District. As a special revenue fund, amounts within the ASB Fund may only be used for those purposes that relate to the operation of the Associated Student Body of the District.

Fiduciary Funds

Fiduciary funds include pension and other employee benefit trust funds, private-purpose trust funds, and agency funds, and are used to account for assets that are held in trust by the District in a trustee and agency capacity.

Private-Purpose Trust Fund

This fund is used to account for resources that are legally held in trust by the District. The trust agreement details whether principal and interest may both be spent, or whether only interest may be spent. Money from a Private-Purpose Trust Fund may not be used to support the District's programs, and may be used to benefit individuals, private organizations, or other governments.

Measurement focus, basis of accounting, and fund financial statement presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered "measurable" if the amount of the transaction can be readily determined. Revenues are considered "available" when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. Categorical program claims and interdistrict billings are measurable and available and are accrued. Property taxes not collected by the fiscal year end are measurable and recorded as a receivable, however the receivable is not considered available revenue and is recorded as a deferred inflow of resources.

Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for unmatured principal and interest on long-term debt which are recorded when due. Purchases of capital assets are expensed during the year of acquisition. For federal grants, the recognition of expenditures is dependent on the obligation date. (Obligation means a purchase order has been issued, contracts have been awarded, or goods and/or services have been received.)

Budgets

Chapter 28A.505 RCW and Chapter 392-123 Washington Administrative Code (WAC) mandate school district budget policies and procedures. The board adopts annual appropriated budgets for all governmental funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Appropriations lapse at the end of the fiscal period.

Budgets are adopted on the same modified accrual basis as used for financial reporting. Fund balance is budgeted as available resources and, under statute, may not be negative, unless the District enters into binding conditions with state oversight pursuant to RCW 28A.505.110.

The government's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The District receives state funding for specific categorical education-related programs. Amounts that are received for these programs that are not used in the current fiscal year may be carried forward into the subsequent fiscal year, where they may be used only for the same purpose as they were originally received. When the District has such carryover, those funds are expended before any amounts received in the current year are expended.

Additionally, the District has other restrictions placed on its financial resources. When expenditures are recorded for purposes for which a restriction or commitment of fund balance is available, those funds that are restricted or committed to that purpose are considered first before any unrestricted or unassigned amounts are expended.

The government's fund balance classifications policies and procedures.

The District classifies ending fund balance for its governmental funds into five categories.

Nonspendable Fund Balance. The amounts reported as Nonspendable are resources of the District that are not in spendable format. They are either non-liquid resources such as inventory or prepaid items, or the resources are legally or contractually required to be maintained intact.

Restricted Fund Balance. Amounts that are reported as Restricted are those resources of the District that have had a legal restriction placed on their use either from statute, WAC, or other legal requirements that are beyond the control of the board of directors. Restricted fund balance includes anticipated recovery of revenues that have been received but are restricted as to their usage.

Committed Fund Balance. Amounts that are reported as Committed are those resources of the District that have had a limitation placed upon their usage by formal action of the District's board of directors. Commitments are made either through a formal adopted board resolution or are related to a school board policy. Commitments may only be changed when the resources are used for the intended purpose or the limitation is removed by a subsequent formal action of the board of directors.

Assigned Fund Balance. In the General Fund, amounts that are reported as Assigned are those resources that the District has set aside for specific purposes. These accounts reflect tentative management plans for future financial resource use such as the replacement of equipment or the assignment of resources for contingencies. Assignments reduce the amount reported as Unassigned Fund Balance, but may not reduce that balance below zero.

In other governmental funds, Assigned fund balance represents a positive ending spendable fund balance once all restrictions and commitments are considered. These resources are only available for expenditure in that fund and may not be used in any other fund without formal action by the District's board of directors and as allowed by statute.

The Superintendent and Director of Fiscal Services are the only persons who have the authority to create Assignments of fund balance.

Unassigned Fund Balance. In the General Fund, amounts that are reported as Unassigned are those net spendable resources of the District that are not otherwise Restricted, Committed, or Assigned, and may be used for any purpose within the General Fund.

In other governmental funds, Unassigned fund balance represents a deficit ending spendable fund balance once all restrictions and commitments are considered.

A negative Unassigned fund balance means that the legal restrictions and formal commitments of the District exceed its currently available resources.

Cash and Cash Equivalents

All of the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The District also remits funds to Educational Service District No. 105(ESD105) for payment of the district's unemployment compensation benefits which are a liability of the District. ESD105 is the trustee of a risk sharing unemployment compensation pool formed in 1988. Twenty school districts participate in the pool which is governed by a cooperative pool agreement. According to the cooperative pool agreement, only upon dissolution of the pool would the district be entitled to its equitable share of the assets remaining in the pool after all liabilities of each district have been paid. The Investments/Cash held by Trustee represents the district's share of assets currently held by ESD105 on behalf of the district before all liabilities of the pool have been paid. The funds held by ESD105 are not considered readily available to the district.

Inventory

Inventory is valued at cost using the first-in, first-out (FIFO) method *(or weighted average)*. The consumption method of inventory is used, which charges inventory as an expenditure when it is consumed. A portion of fund balance, representing inventory, is considered Nonspendable. *(Such reserves for inventory indicate that a portion of net current assets is set aside to replace or increase the inventory.)* USDA commodity inventory consists of food donated by the United States Department of Agriculture. It is valued at the prices paid by the USDA for the commodities.

NOTE 2: DEPOSITS AND INVESTMENTS

The Yakima County Treasurer is the *ex officio* treasurer for the District and holds all accounts of the District. The District directs the County Treasurer to invest those financial resources of the District that the District has determined are not needed to meet the current financial obligations of the District.

The district's deposits and certificates of deposit are mostly covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

The district's participation in the Yakima County Treasurer is voluntary and the pool does not have a credit rating. The district reports its investment in the pool at the fair value amount, which is [not] the same as the value of the pool per share. The fair value of the district's investment in the pool is measured using a net asset value (NAV) as determined by the pool. The pool maintains a (duration/weighted average maturity) of 1.5 years.

All of the District's investments during the year and at year-end were insured or registered and held by the District or its agent in the District's name.

Washington State statutes authorize the district to invest in the following types of securities:

- County Treasurer Investment Pools.

The District's investments as of August 31, 2020, are as follows:

Type of Investment	(District's) own investments	Investments held by (district) as an agent for other organizations	Total
County Treasurer's Investment Pool	\$14,770,763		\$14,770,763
Total	\$14,770,763		\$14,770,763

NOTE 3: SIGNIFICANT CONTINGENT LIABILITIES

Litigation

The District has no known legal obligations that would materially impact the financial position of the District.

NOTE 4: SIGNIFICANT EFFECTS OF SUBSEQUENT EVENTS

COVID-19 Pandemic

In February 2020, Governor Inslee declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus were ordered. These measures included closing schools, canceling public events, limiting gathering sizes, and requiring people to stay home unless they were leaving for an essential function. On April 6, 2020, the Governor closed all public and private K–12 school buildings throughout the remainder of the 2019–20 school year. The school district, however, continued to operate, educating students using continuous learning models.

Many of the precautionary measures put in place during the 2019–20 school year remain in effect; and are affecting the district for the 2020–21 school year in new ways.

The district is using a combination of distance learning and hybrid learning models to begin the 2020–21 school year. The distance learning model is students learning remotely via chrome books with internet connectivity. The hybrid learning model is students attending in person learning two days per week and 3 days of distance learning.

Under the advisement of the Yakima Health District, the District started the 20-21 school year in a distance learning model. The District began the hybrid learning model for Kinder through 5th grade on November 2, 2020 and grades 6th through 8th grade started November 22, 2020. The District resumed full distance learning for all grade levels on December 7, 2020 through January 15, 2021 due to the rising COVID-19 cases in the Yakima County. All Kinder through 8th grade students were back in hybrid learning on January 19, 2021. High School students continue to be in a distance learning model.

As a result, there is limited on-campus activity, and many of the district's staff have remote worked some days of the school year. The District did not have any staff reductions or reduction in staff hours. The District continues to follow the Yakima Health District's guidance to resume full in person learning.

The district has experienced decreasing enrollment beginning in the 2020–2021. The District budgeted 3,224 students and current average student enrollment is 3,140. The District is closely monitoring expenditures and staff replacements to ensure the fiscal stability of the District is maintained.

The length of time these measures will be in place, and the full extent of the financial impact on the school district, is unknown at this time.

Note 5: PENSION PLANS

General Information

The Washington State Department of Retirement Systems (DRS), a department within the primary government of the state of Washington, prepares a stand-alone comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each pension plan. The pension plan's basic financial statement is accounted for using the accrual basis of accounting. The measurement date of the pension plans is June 30. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The school district is reporting the net pension liability in the notes and on the Schedule of Long-term Liabilities calculated as the district's proportionate allocation percentage multiplied by the total plan collective net pension liability. The DRS total collective net pension liabilities for the pension plans school districts participate in are shown here.

The Collective Net Pension Liability

The collective net pension liabilities for the pension plans districts participated in are reported in the following tables

The Collective Net Pension Liability as of June 30, 2020				
	Total Pension Liability	Plan fiduciary net position	Participating employers' net pension liability	Plan fiduciary net position as a percentage of the total pension liability
PERS 1	\$11,256,796,000	\$7,726,256,000	\$3,530,540,000	68.64%
SERS 2/3	\$7,043,384,000	\$6,511,420,000	\$531,964,000	92.45%
TRS 1	\$8,179,362,000	\$5,770,576,000	\$2,408,786,000	70.55%
TRS 2/3	\$18,559,021,000	\$17,023,040,000	\$1,535,981,000	91.72%

Detailed information about the pension plans' fiduciary net position is available in the separately issued DRS CAFR. Copies of the report may be obtained by contacting the Washington State Department of Retirement Systems, P.O. Box 48380, Olympia, WA 98504-8380; or online at [Annual Financial Reports](http://www.drs.wa.gov/administrations/annual-report) or <http://www.drs.wa.gov/administrations/annual-report>.

Membership Participation

Substantially all school district full-time and qualifying part-time employees participate in one of the following three contributory, multi-employer, cost-sharing statewide retirement systems

managed by DRS: Teachers' Retirement System (TRS), Public Employees' Retirement System (PERS) and School Employees' Retirement System (SERS).

Membership participation by retirement plan as of June 30, 2020, was as follows:

Plan	Retirees and Beneficiaries Receiving Benefits	Inactive Plan Members Entitled to but not yet Receiving Benefits	Active Plan Members
PERS 1	44,359	310	1,181
SERS 2	11,112	6,274	28,943
SERS 3	11,200	9,064	36,772
TRS 1	31,777	92	263
TRS 2	6,201	2,808	22,980
TRS 3	15,316	8,279	56,593

Membership & Plan Benefits

Certificated employees are members of TRS. Classified employees are members of PERS (if Plan 1) or SERS. Plan 1 under the TRS and PERS programs are defined benefit pension plans whose members joined the system on or before September 30, 1977. TRS 1 and PERS 1 are closed to new entrants.

TRS Plan Information

TRS was established in 1938, and its retirement provisions are contained in RCW Chapters 41.34 and 41.32. TRS is a cost-sharing multi-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a defined benefit plan with a defined contribution component. TRS eligibility for membership requires service as a certificated, public school employee working in an instructional, administrative or supervisory capacity.

TRS is comprised of three separate plans for accounting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

TRS Plan 1 provides retirement, disability and death benefits. TRS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the average final compensation (AFC), for each year of service credit, up to a

maximum of 60 percent, divided by twelve. The AFC is the total earnable compensation for the two consecutive highest-paid fiscal years, divided by two. Members are eligible for retirement at any age after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. Other benefits include temporary and permanent disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

TRS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the average final compensation (AFC) per year of service for Plan 2 members and one percent of AFC for Plan 3 members. The AFC is the monthly average of the 60 consecutive highest-paid service credit months. There is no cap on years of service credit. Members are eligible for normal retirement at the age of 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. TRS Plan 2/3 members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. TRS Plan 2/3 members who have 30 or more years of service credit, were hired prior to May 1, 2013, and are at least 55 years old, can retire under one of two provisions: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules. TRS Plan 2/3 members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. TRS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

PERS Plan Information

PERS was established in 1947, and its retirement benefit provisions are contained in RCW Chapters 41.34 and 41.40. PERS is a cost-sharing, multi-employer retirement system. PERS Plan 1 provides retirement, disability and death benefits. PERS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service.

Members retiring from inactive status prior to the age of 65 may receive actuarially reduced benefits. PERS Plan 1 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional

cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

SERS Plan Information

SERS was established by the legislature in 1998, and the plan became effective in 2000. SERS retirement benefit provisions are established in RCW Chapters 41.34 and 41.35. SERS is a cost-sharing, multiemployer retirement system comprised of two separate plans for membership purposes. SERS Plan 2 is a defined benefit plan and SERS Plan 3 is a defined benefit plan with a defined contribution component. SERS members include classified employees of school districts and educational service districts.

SERS is reported as two separate plans for accounting purposes: Plan 2/3 and Plan 3. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

SERS provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and one percent of AFC for Plan 3. The AFC is the monthly average of the member's 60 highest-paid consecutive service months before retirement, termination or death. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. SERS members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. SERS members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions, if hired prior to May 2, 2013: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules. SERS members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. SERS retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

Plan Contributions

The employer contribution rates for PERS, TRS, and SERS (Plans 1, 2, and 3) and the TRS and SERS Plan 2 employee contribution rates are established by the Pension Funding Council based upon the rates set by the Legislature. Employers do not contribute to the defined contribution portions of TRS Plan 3 or SERS Plan 3. Under current law the employer must contribute 100 percent of the employer-required contribution. The employee contribution rate for Plan 1 in PERS and TRS is set by statute at six percent and does not vary from year to year.

The employer and employee contribution rates for the PERS plan were effective as of July 1, 2019. SERS and TRS contribution rates are effective as of September 1, 2019. All plans will not have a contribution rate change until September 1, 2020. The pension plan contribution rates (expressed as a percentage of covered payroll) for fiscal year 2020 are listed below:

Pension Contribution Rates from September 01, 2019 to August 31, 2020			
	Employer	Employee	
PERS Plan 1	12.86%	6.00%	
TRS Plan 1	15.51%	6.00%	
TRS Plan 2/3	15.51%	7.77%	*/**
SERS Plan 2/3	13.19%	8.25%	*/**
<i>Note: The Employer rates include .0018 DRS administrative expense.</i>			
* – TRS and SERS Plan 3 Employee Contribution Variable from 5% to 15% based on rate selected by the employee member.			
** – TRS and SERS Plan 2/3 Employer Contributions for defined benefit portion only.			

The School District's Proportionate Share of the Net Pension Liability (NPL)

At June 30, 2020, the school district reported a total liability of \$14,562,546 for its proportionate shares of the individual plans' collective net pension liability. Proportion of net pension liability is based on annual contributions for each of the employers participating in the DRS administered plans. At June 30, 2020, the district's proportionate share of each plan's net pension liability is reported below:

June 30, 2020	PERS 1	SERS 2/3	TRS 1	TRS 2/3
District's Annual Contributions	397,683	657,375	1,465,431	1,623,725
Proportionate Share of the Net Pension Liability	1,937,281	1,617,153	6,721,692	4,286,419

At June 30, 2020, the school district's percentage of the proportionate share of the collective net pension liability was as follows and the change in the allocation percentage from the prior period is illustrated below.

Allocation percentages	PERS 1	SERS 2/3	TRS 1	TRS 2/3
Current year share of the Net Pension Liability	0.054872%	0.303997%	0.279049%	0.279067%
Prior year share of the Net Pension Liability	0.054464%	0.300282%	0.291690%	0.288586%
Net difference percentage	0.000408%	0.003715%	-0.012641%	-0.009518%

Actuarial Assumptions

The total pension liabilities for TRS 1, TRS 2/3, PERS 1 and SERS 2/3 were determined by actuarial valuation as of June 30, 2019, with the results rolled forward to June 30, 2020, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation	2.75% total economic inflation, 3.50% salary inflation
Salary increases	In addition to the base 3.50% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
Investment rate of return	7.40%

Mortality Rates

Mortality rates used in the plans were developed using the Society of Actuaries' Pub.H-2010 Mortality rates, which vary by member status as the base table. OSA applies age offsets for each system to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale to project mortality rates for every year after the 2010 base table. The actuarial assumptions used in the June 30, 2019, valuation were based on the results of the *2013–2018 Demographic Experience Study Report and the 2019 Economic Experience Study*. Additional assumptions for subsequent events and law changes are current as of the 2019 actuarial valuation report.

Long-term Expected Rate of Return

OSA selected a 7.40% long-term expected rate of return on pension plan investments using a building-block method. In selecting the assumptions, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns the Washington State Investment Board (WSIB) provided.

The CMAs contain three pieces of information for each class of assets the WSIB currently invest in:

- Expected annual return
- Standard deviation of the annual return
- Correlations between the annual returns of each asset class with every other asset class

WSIB uses the CMAs and their target asset allocation to simulate future investment returns over various time horizons. The expected future rates of return are developed by the WSIB for each major asset class. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2020, are summarized in the following table:

TRS 1, TRS 2/3, PERS 1, and SERS 2/3		
Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Fixed Income	20.00%	2.20%
Tangible Assets	7.00%	5.10%
Real Estate	18.00%	5.80%
Global Equity	32.00%	6.30%
Private Equity	23.00%	9.30%

The inflation component used to create the above table is 2.20 percent, and represents WSIB's most recent long-term estimate of broad economic inflation.

Discount Rate

The discount rate used to measure the total pension liability was 7.40 percent. To determine the discount rate, an asset sufficiency test was completed to test whether the pension plan's fiduciary net position was sufficient to make all projected future benefit payments of current plan members. Based on the assumptions described in the DRS CAFR Certification Letter, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return, a 7.40 percent on pension plan investments was applied to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Wapato School District's proportionate share of the collective net pension liability (NPL) calculated using the discount rate of 7.40 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.40 percent) or one percentage-point higher (8.40 percent) than the current rate. Amounts are calculated using the school district's specific allocation percentage, by plan, to determine the proportionate share of the collective net pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate			
	1% Decrease (6.40%)	Current Discount Rate (7.40%)	1% Increase (8.40%)
PERS 1 NPL	\$4,422,202,000	\$3,530,540,000	\$2,752,919,000
Allocation Percentage	0.054872%	0.054872%	0.054872%
Proportionate Share of NPL	\$2,426,555	\$1,937,281	\$1,510,584

Sensitivity of the Net Pension Liability to Changes in the Discount Rate			
	1% Decrease (6.40%)	Current Discount Rate (7.40%)	1% Increase (8.40%)
SERS 2/3 NPL	\$1,517,879,000	\$531,964,000	(\$283,583,000)
Allocation Percentage	0.303997%	0.303997%	0.303997%
Proportionate Share of NPL	\$4,614,302	\$1,617,153	\$(862,083)
TRS 1 NPL	\$3,051,911,000	\$2,408,786,000	\$1,847,550,000
Allocation Percentage	0.279049%	0.279049%	0.279049%
Proportionate Share of NPL	\$8,516,325	\$6,721,692	\$5,155,569
TRS 2/3 NPL	\$4,526,645,000	\$1,535,981,000	(\$903,643,000)
Allocation Percentage	0.279067%	0.279067%	0.279067%
Proportionate Share of NPL	\$12,632,382	\$4,286,419	\$(2,521,771)

NOTE 6: ANNUAL OTHER POST-EMPLOYMENT BENEFIT COST AND NET OPEB OBLIGATIONS

The state, through the Health Care Authority (HCA), administers a defined benefit other post-employment benefit (OPEB) plan that is not administered through a qualifying trust. The Public Employees Benefits Board (PEBB), created within the HCA, is authorized to design benefits and determine the terms and conditions of retired employee participation and coverage, including establishment of eligibility criteria. Benefits purchased by PEBB include medical, dental, life insurance and long-term disability insurance.

Employers participating in the PEBB plan include the state of Washington (which includes general government agencies and higher education institutions), political subdivisions and tribal governments. Additionally, the PEBB plan is available to the retirees of K–12 school districts and ESDs. The District's retirees are eligible to participate in the PEBB plan under this arrangement.

Eligibility

District members are eligible for retiree medical benefits after becoming eligible for service retirement pension benefits (either reduced or full pension benefits) under Plan 2 or 3 of TRS or SERS.

Former members who are entitled to a deferred vested pension benefit are not eligible to receive medical and life insurance benefits after pension benefit commencement. Survivors of covered members who die are eligible for medical benefits.

Medical Benefits

Upon retirement, members are permitted to receive medical benefits. Retirees pay the following monthly rates for pre-65 medical coverage for 2020.

Members not eligible for Medicare (or enrolled in Part A only)			
Descriptions	Type of Coverage		
	Employee	Employee & Spouse	Full Family
Kaiser Permanente NW Classic	\$715.66	\$1,426.75	\$1,959.20
Kaiser Permanente NW CDHP	\$608.85	\$1,206.99	\$1,611.85
Kaiser Permanente WA Classic	\$752.15	\$1,499.24	\$2,059.55
Kaiser Permanente WA CDHP	\$610.16	\$1,210.10	\$1,616.32
Kaiser Permanente WA Sound Choice	\$618.49	\$1,231.92	\$1,692.00
Kaiser Permanente WA Value	\$675.71	\$1,346.36	\$1,849.35
UMP Classic	\$679.72	\$1,354.37	\$1,860.37
UMP CDHP	\$608.35	\$1,206.48	\$1,611.34
UMP Plus-Puget Sound High Value Network	\$644.97	\$1,284.88	\$1,764.82
UMP Plus-UW Medicine Accountable Care Network	\$644.97	\$1,284.88	\$1,764.82

Retirees enrolled in Medicare Parts A and B receive an explicit subsidy in the form of reduced premiums on Medicare supplemental plans. Retirees pay the following monthly rates.

Members enrolled in Part A and B of Medicare			
Descriptions	Type of Coverage		
	Employee	Employee & Spouse¹	Full Family¹
Kaiser Permanente NW Senior Advantage	\$173.01	\$342.75	\$875.70
Kaiser Permanente WA Medicare Plan	\$174.55	\$344.04	N/A
Kaiser Permanente WA Classic	N/A	N/A	\$904.36
Kaiser Permanente WA Sound Choice	N/A	N/A	\$804.11
Kaiser Permanente WA Value	N/A	N/A	\$847.03
UMP Classic	\$320.54	\$636.02	\$1,142.01
Note 1: Employee-Spouse and Full Family with two Medicare eligible subscribers.			

Funding Policy

The funding policy is based upon pay-as-you go financing.

The School Employee Benefits Board (SEBB) collects benefit premiums from all school district entities for covered employees. The premium includes a fee, established in state law. The purpose of this fee is to cover the impact of the subsidized rate of health care benefits for school retirees who elect to purchase their health care benefits through the state Health Care Authority PEBB plan. For the fiscal year 2019–20, SEBB was required to collect for the HCA \$68.36 per month per eligible employee to support the program. This amount is set forth in the state's operating budget and is subject to change on an annual basis. This amount is not actuarially determined and is not placed in a trust to pay the obligations for post-employment health care benefits.

The District has no control over the benefits offered to retirees, the rates charged to retirees, nor the fee paid to the Health Care Authority. The District does not determine its annual required contribution, nor the net other post-employment benefit obligation associated with this plan. These amounts are not shown on the financial statements.

For further information on the results of the actuarial valuation of the employer provided subsidies associated with the state's PEBB plan, refer to the [Office of the State Actuary](#).

The plan does not issue a separate report; however, additional information is included in the State of Washington Comprehensive Annual Financial Report, which is available on the [OFM](#) website.

Note 7: REQUIRED DISCLOSURES ABOUT CAPITAL ASSETS

The District's capital assets are insured in the amount of \$129,246,281 for fiscal year 2020. In the opinion of the District's insurance consultant, the amount is sufficient to adequately fund replacement of the District's assets.

NOTE 8: LONG-TERM DEBT

Long-Term Debt

The following is a summary of changes in long-term debt of the District for the fiscal year(s) ended August 31, 2020:

Governmental activities	Balance at Sept. 1, 2019	Increases	Decreases	Balance at Aug. 31, 2020	Due within One Year
General Obligation Bonds	\$16,000,000	\$14,934,433	\$14,890,000	\$16,044,433	\$833,374
Total	\$16,000,000	\$14,934,433	\$14,890,000	\$16,044,433	\$833,374

Long-term debt at August 31, 2020, are comprised of the following individual issues:

Issue Name	Amount Authorized	Annual Installments	Final Maturity	Interest Rate(s)	Amount Outstanding
General Obligation Bonds					
2012	\$10,000,000	\$ 7,305,000	12/1/21	5.00%	\$ 810,000
2011	\$10,000,000	\$ 6,925,000	12/1/20	3.50%	\$ 300,000
2020	\$14,934,434		12/1/36	1.65%	\$14,934,434
Total	\$34,934,434	\$14,230,000			\$16,044,434

Debt service requirements on long-term debt as of August 31, 2020, are as follows:

	Bonds	
Years Ending August 31	Principal	Interest
2021	\$ 833,374.25	\$ 237,343.90
2022	\$ 879,246.02	\$ 250,679.95
2023	\$ 918,906.08	\$ 228,893.95
2024	\$ 947,118.03	\$ 213,499.25
2025	\$ 979,345.48	\$ 197,605.92
2026-2030	\$ 5,333,562.03	\$ 732,671.08
2031-2035	\$ 6,152,881.77	\$ 259,466.96
Total	\$16,044,433.66	\$2,120,161.01

At August 31, 2020, the District had \$850,375.23 available in the Debt Service Fund to service the general obligation bonds.

Refunded Debt

On August 5, 2020, the District issued \$14,934,433.66 million in general obligation bonds with an interest rate of 1.65% to advance refund \$14,890,000 million of outstanding 2011 and 2012 series bonds with an average interest rate of 3-4.25%. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2020 series bonds. As a result, the 2011 and 2012 series bonds are considered defeased.

The District advance refunded the 2011 and 2012 series bonds to reduce its total debt service payments over the remaining life of the bonds through December 31, 2034 by \$1,867,196.

NOTE 9: INTERFUND BALANCES AND TRANSFERS

The following table depicts interfund transfer activity:

Transferred From (Fund) 535 or 536	Transferred To (Fund) 965 9900 or 9901	Amount	Description
General	Capital Projects	\$200,000	Transfer for District Projects
General	Transportation Vehicle	\$255,000	Transfer for Bus Purchases

NOTE 10: ENTITY RISK MANAGEMENT ACTIVITIES

In September 1995, the District joined together with other school districts in the state to form School Insurance Association of Washington, a public entity risk pool currently operating as a common risk management and insurance program for insurance coverage and provide related services, such as administration, risk management, and claims administration, etc. The District pays an annual premium to the pool for its general insurance coverage. The agreement for formation of the SIAW provides that the pool will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$102,500 for each insured event.

Note 11: Property taxes

Property tax revenues are collected as the result of special levies passed by the voters in the District. Taxes are levied on January 1. The taxpayer has the obligation of paying all taxes on April 30 or one-half then and one-half on October 31. Typically, slightly more than half of the collections are made on the April 30 date. The tax collections occurring after the end of the fiscal period are unavailable for revenue accrual. Therefore, the fall portion of property taxes is not accrued as revenue. Instead, the property taxes due after the end of the fiscal period are recorded as a deferred inflow of resources.

NOTE 12: JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATIONS

The District is a member of the King County Director's Association (KCDA). KCDA is a purchasing cooperative designed to pool the member districts' purchasing power. The board authorized joining the association by passing Resolution 6-75 dated March 6, 1975, and has remained in the joint venture ever since. The District's current equity of \$30,846.15 is the accumulation of the

annual assignment of KCDA's operating surplus based upon the percentage derived from KCDA's total sales to the District compared to all other districts applied against paid administrative fees. The District may withdraw from the joint venture and will receive its equity in ten annual allocations of merchandise or 15 annual payments.

Note 13: FUND BALANCE CLASSIFICATION DETAILS

The District's financial statements include the following amounts presented in the aggregate.

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportati on Vehicle Fund
Nonspendable Fund Balance					
Inventory and Prepaid Items	\$86,260.21				
Restricted Fund Balance					
For Other Items					
For Fund Purpose		\$286,444.57			\$553,942.22
For Carryover of Restricted Revenues	\$479,586.99				
For Skill Centers					
For Carryover of Food Service Revenue					
For Debt Service				\$850,375.23	
For Arbitrage Rebate					
For Self-Insurance					
For Uninsured Risks					
Restricted from Bond Proceeds					
Committed from Levy Proceeds					
Restricted from State Proceeds					
Restricted from Federal Proceeds					

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportati on Vehicle Fund
Restricted from Other Proceeds					
Restricted from Impact Fee Proceeds					
Restricted from Mitigation Fee Proceeds					
Restricted from Undistributed Proceeds					
Committed Fund Balance					
For Economic Stabilization					
Other Commitments					
Assigned Fund Balance					
Contingencies	\$4,142,817.09				
Other Capital Projects					
Other Purposes					
Fund Purposes			\$933,116.09		
Unassigned Fund Balance	\$8,151,743.70				

The board of directors has established a minimum fund balance policy for the general fund to provide for financial stability and contingencies within the District. The policy is that the District shall maintain an average of eight percent of revenues. Portions of fund balance that are set aside for the purpose of meeting this policy are recorded on the financial statements as a part of Unassigned fund balance.

NOTE 14: DEFINED CONTRIBUTION PENSION

457 Plan – Deferred Compensation Plan

District employees have the option of participating in a deferred compensation plan as defined in §457 of the Internal Revenue Code that is administered by the state deferred compensation plan, or the District. The District does not make employer contributions to the plan.

403(b) Plan – Tax Sheltered Annuity (TSA)

The District offers a tax deferred annuity plan for its employees. The plan permits participants to defer a portion of their salary until future years under two types of deferrals: elective deferrals (employee contribution).

The District complies with IRS regulations that require school districts to have a written plan to include participating investment companies, types of investments, loans, transfers, and various requirements. The plan is administered by a third party administrator. Plan assets are assets of the District employees, not the school district, and are therefore not reflected on the financial statements.

NOTE 15: TERMINATION BENEFITS

Compensated Absences

Employees earn sick leave at a rate of 12 days per year up to a maximum of one contract year.

Under the provisions of RCW 28A.400.210, sick leave accumulated by District employees is reimbursed at death or retirement at the rate of one day for each four days of accrued leave, limited to 180 accrued days. This chapter also provides for an annual buyout of an amount up to the maximum annual accumulation of 12 days. For buyout purposes, employees may accumulate such leave to a maximum of 192 days, including the annual accumulation, as of December 31 of each year.

These expenditures are recorded when paid, except termination sick leave that is accrued upon death, retirement, or upon termination provided the employee is at least 55 years of age and has sufficient years of service. Vested sick leave was computed using the termination payment method.

Wapato School District No. 207

WAPATO SCHOOL DISTRICT NO. 207

Notes to the Schedule

For the Year Ending August 31, 2020

NOTE 1 – BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting. Expenditures represent only the federally funded portions of the program. District records should be consulted to determine amounts expended or matched from non-federal sources.

NOTE 2 – SCHOOLWIDE PROGRAMS

The District operates a “schoolwide program” in all buildings. Using federal funding, schoolwide programs are designed to upgrade an entire educational program within a school for all students, rather than limit services to certain targeted students. The following federal program amounts were expended by the District in its schoolwide programs: Title I (84.010) - \$1,328,986 State Basic Education, - \$23,570,171.

NOTE 3 - NON CASH AWARDS – FOOD COMMODITIES

The amount of food commodities reported on the schedule is the market value of commodities received by the School District during the current year. The value is determined by the USDA.

NOTE 4 – FEDERAL INDIRECT RATE

The Wapato School District claimed indirect costs under this grant using its federal restricted rate of 5.23%.

The Wapato School District has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

212 W. 3rd St. P.O. 38 Wapato, WA 98951 509-877-4181 Fax 509-877-6077

Kelly Garza, Superintendent

CORRECTIVE ACTION PLAN FOR FINDINGS REPORTED UNDER UNIFORM GUIDANCE

Wapato School District No. 207 September 1, 2019 through August 31, 2020

This schedule presents the corrective action planned by the District for findings reported in this report in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Finding ref number: 2020-001	Finding caption: Wapato School District did not have adequate internal controls to ensure compliance with federal suspension and debarment requirements.
Name, address, and telephone of District contact person: Sylvia Bazan, Business Manager 212 W. 3rd Street, Wapato, WA 98951 (509) 877-4181	
Corrective action the auditee plans to take in response to the finding: <i>In order to ensure all administrators and directors are well versed in the suspension and debarment requirement, the District will provide the written steps to be taken when contracting with vendors. At the annual nuts and bolts meeting, the District will provide these steps and discuss the requirement and importance of ensuring they are followed when contracting with vendors using federal funds. This process will ensure all administrators and directors have written guidance on complying with requirements for contracting with outside vendors. The District will also make an announcement of this written communication at the next ad team meeting.</i>	
Anticipated date to complete the corrective action: May 5, 2021	

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, www.sao.wa.gov. Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
