Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The Office of the Washington State Auditor takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

AUDIT RESULTS

Results in brief

This report describes the overall results and conclusions for the areas we examined. In those selected areas, District operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

About the audit

This report contains the results of our independent accountability audit of the Spokane Regional Health District from January 1, 2020 through December 31, 2020.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the Washington State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the District's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the year ended December 31, 2020, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Accounts payable – credit cards
- Payroll – leave balances and accruals
- Selected IT security policies, procedures, practices and controls protecting financial systems, IT systems and data – user access

INFORMATION ABOUT THE DISTRICT

The Spokane Regional Health District is one of 34 local public health agencies serving Washington State's 39 counties. The agency was originally established as the Spokane County Health District in January 1970, when the City of Spokane and Spokane County merged their health departments. The District has approximately 285 employees and serves a population of more than 500,000 in Spokane County. The Spokane Regional Health District's Board of Health is the governing body of the Health District, uniting the cities and county in a cooperative effort to oversee all matters pertaining to public health, according to state law (RCW 70.05).
