#### INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

#### Liberty School District No. 362 September 1, 2019 through August 31, 2020

Board of Directors Liberty School District No. 362 Spangle, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Liberty School District No. 362, as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated May 3, 2021.

We issued an unmodified opinion on the fair presentation of the District's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared by the District using accounting practices prescribed by state law and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1, which is a basis of accounting other than GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As discussed in Note 3 to the 2020 financial statements, the full extent of the COVID-19 pandemic's direct or indirect financial impact on the District is unknown. Management's plans in response to this matter are also described in Note 3.

#### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial

statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However,

sao.wa.gov

this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

#### INDEPENDENT AUDITOR'S REPORT

#### Report on the Financial Statements

#### Liberty School District No. 362 September 1, 2019 through August 31, 2020

Board of Directors Liberty School District No. 362 Spangle, Washington

#### REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Liberty School District No. 362, for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the District's financial statements, as listed on page 11.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of state law and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Unmodified Opinion on Regulatory Basis of Accounting (Accounting Manual)**

As described in Note 1, Liberty School District No. 362 has prepared these financial statements to meet the financial reporting requirements of state law using accounting practices prescribed by the Accounting Manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The differences in these accounting practices are also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fund balance of Liberty School District No. 362, and its changes in fund balance, for the year ended August 31, 2020, on the basis of accounting described in Note 1.

#### Basis for Adverse Opinion on U.S. GAAP

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. The effects on the financial statements of the variances between GAAP and the accounting practices the District used, as described in Note 1, although not reasonably determinable, are presumed to be material. As a result, we are required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

#### Adverse Opinion on U.S. GAAP

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Liberty School District No. 362, as of August 31, 2020, or the changes in financial position or cash flows thereof for the year then ended, due to the significance of the matter discussed in the above "Basis for Adverse Opinion on U.S. GAAP" paragraph.

#### **Matters of Emphasis**

As discussed in Note 3 to the 2020 financial statements, the full extent of the COVID-19 pandemic's direct or indirect financial impact on the District is unknown. Management's plans in response to this matter are also described in Note 3. Our opinion is not modified with respect to this matter.

#### Other Matters

#### Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The Schedule of Long-Term Liabilities is presented for purposes of additional analysis as required by the prescribed Accounting Manual. This schedule is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

## OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated May 3, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control

over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

# Notes to the Financial Statements September 1, 2019 Through August 31, 2020

#### **NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Liberty School District (District) is a municipal corporation organized pursuant to Title 28A of the Revised Code of Washington (RCW) for the purposes of providing public school services to students in grades K–12. Oversight responsibility for the District's operations is vested with the independently elected board of directors. Management of the District is appointed by and is accountable to the board of directors. Fiscal responsibility, including budget authority and the power to set fees, levy property taxes, and issue debt consistent with provisions of state statutes, also rests with the board of directors.

The District presents governmental fund financial statements and related notes on the cash basis of accounting, except for the Debt Service Fund which is reported on the modified accrual basis of accounting, in accordance with the *Accounting Manual for Public School Districts in the State of Washington*, issued jointly by the State Auditor's Office and the Superintendent of Public Instruction by the authority of RCW 43.09.200, RCW 28A.505.140, RCW 28A.505.010(1), and RCW 28A.505.020. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- (1) Financial transactions are recognized on a cash basis of accounting as described below.
- (2) Districtwide statements, as defined in GAAP, are not presented.
- (3) A Schedule of Long-Term Liabilities is presented as supplementary information.
- (4) Supplementary information required by GAAP is not presented.

#### **Fund Accounting**

Financial transactions of the District are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures as appropriate. All funds are considered major funds. The various funds in the report are grouped into governmental (and fiduciary) funds as follows:

#### **Governmental Funds**

#### General Fund

This fund is used to account for all expendable financial resources, except for those that are required to be accounted for in another fund. In keeping with the principle of having as few funds as are necessary, activities such as food services, maintenance, data processing, printing, and student transportation are included in the General Fund.

#### Capital Projects Funds

These funds account for financial resources that are to be used for the construction or acquisition of major capital assets. There are two funds that are considered to be of the capital projects fund type: the Capital Projects Fund and the Transportation Vehicle Fund.

<u>Capital Projects Fund</u>. This fund is used to account for resources set aside for the acquisition and construction of major capital assets such as land and buildings.

<u>Transportation Vehicle Fund</u>. This fund is used to account for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment.

#### **Debt Service Fund**

This fund is used to account for the accumulation of resources for and the payment of matured general long-term debt principal and interest.

#### Special Revenue Fund

In Washington state, the only allowable special revenue fund for school districts is the Associated Student Body (ASB) Fund. This fund is accounted for in the District's financial statements as the financial resources legally belong to the District. As a special revenue fund, amounts within the ASB Fund may only be used for those purposes that relate to the operation of the Associated Student Body of the District.

#### Permanent Funds

These funds are used to report resources that are legally restricted such that only earnings, and not principal, may be expended. Amounts in the Permanent Fund may only be spent in support of the District's programs and may not be used to the benefit of any individual.

### Measurement focus and basis of accounting and fund financial statement presentation.

Governmental fund financial statements are reported using the cash basis of accounting and measurement focus. Revenues are recognized when they are received in cash and expenditures are recognized when warrants are issued. Purchases of capital assets are expensed during the year of acquisition.

#### **Budgets**

Chapter 28A.505 RCW and Chapter 392-123 Washington Administrative Code (WAC) mandate school district budget policies and procedures. The board adopts annual appropriated budgets for all governmental funds. These budgets are appropriated at the fund level. The budget

constitutes the legal authority for expenditures at that level. Appropriations lapse at the end of the fiscal period.

Budgets are adopted on the same cash basis as used for financial reporting, except for the Debt Service Fund which is accounted for on the modified accrual basis of accounting. Fund balance is budgeted as available resources and, under statute, may not be negative, unless the District enters into binding conditions with state oversight pursuant to RCW 28A.505.110.

# The government's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The District receives state funding for specific categorical education-related programs. Amounts that are received for these programs that are not used in the current fiscal year may be carried forward into the subsequent fiscal year, where they may be used only for the same purpose as they were originally received. When the District has such carryover, those funds are expended before any amounts received in the current year are expended.

Additionally, the District has other restrictions placed on its financial resources. When expenditures are recorded for purposes for which a restriction or commitment of fund balance is available, those funds that are restricted or committed to that purpose are considered first before any unrestricted or unassigned amounts are expended.

#### The government's fund balance classifications policies and procedures.

The District classifies ending fund balance for its governmental funds into five categories.

<u>Nonspendable Fund Balance</u>. The amounts reported as Nonspendable are resources of the District that are not in spendable format. They are either non-liquid resources such as inventory or prepaid items, or the resources are legally or contractually required to be maintained intact.

<u>Restricted Fund Balance</u>. Amounts that are reported as Restricted are those resources of the District that have had a legal restriction placed on their use either from statute, WAC, or other legal requirements that are beyond the control of the board of directors. Restricted fund balance includes anticipated recovery of revenues that have been received but are restricted as to their usage.

<u>Committed Fund Balance</u>. Amounts that are reported as Committed are those resources of the District that have had a limitation placed upon their usage by formal action of the District's board of directors. Commitments are made either through a formal adopted board resolution or are related to a school board policy. Commitments may only be changed when the resources are used for the intended purpose or the limitation is removed by a subsequent formal action of the board of directors.

<u>Assigned Fund Balance</u>. In the General Fund, amounts that are reported as Assigned are those resources that the District has set aside for specific purposes. These accounts reflect tentative management plans for future financial resource use such as the replacement of equipment or the assignment of resources for contingencies. Assignments reduce the amount reported as Unassigned Fund Balance, but may not reduce that balance below zero.

In other governmental funds, Assigned fund balance represents a positive ending spendable fund balance once all restrictions and commitments are considered. These resources are only available for expenditure in that fund and may not be used in any other fund without formal action by the District's board of directors and as allowed by statute.

The Superintendent or Business Manager are the only persons who have the authority to create Assignments of fund balance.

<u>Unassigned Fund Balance</u>. In the General Fund, amounts that are reported as Unassigned are those net spendable resources of the District that are not otherwise Restricted, Committed, or Assigned, and may be used for any purpose within the General Fund.

In other governmental funds, Unassigned fund balance represents a deficit ending spendable fund balance once all restrictions and commitments are considered.

A negative Unassigned fund balance means that the legal restrictions and formal commitments of the District exceed its currently available resources.

#### **Cash and Cash Equivalents**

All of the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### **NOTE 2: DEPOSITS AND INVESTMENTS**

The Spokane County Treasurer is the *ex officio* treasurer for the District and holds all accounts of the District. The District directs the County Treasurer to invest those financial resources of the District that the District has determined are not needed to meet the current financial obligations of the District.

The district's deposits and certificates of deposit are mostly covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

All of the District's investments during the year and at year-end were insured or registered and held by the District or its agent in the District's name.

Washington State statutes authorize the district to invest in the following types of securities:

- Certificates, notes, or bonds of the United States, its agencies, or any corporation wholly owned by the government of the United States,
- Obligations of government-sponsored corporations which are eligible as collateral for advances to member banks as determined by the Board of Governors of the Federal Reserve System,
- Bankers' acceptances purchased on the secondary market,
- Repurchase agreements for securities listed in the three items above, provided that the transaction is structured so that the public treasurer obtains control over the underlying securities.
- Investment deposits with qualified public depositories,
- Washington State Local Government Investment Pool, and
- County Treasurer Investment Pools.

The District's investments as of August 31, 2020, are as follows:

		Investments held by	
	(District's) own	(district) as an agent for	
Type of Investment	investments	other organizations	Total
State Treasurer's			
Investment Pool			
County Treasurer's			
Investment Pool	\$ 2,910,190.85		\$ 2,910,190.85
Other:			
Total	\$ 2,910,190.85		\$ 2,910,190.85

The district's participation in the Spokane County investment pool is voluntary and the pool does not have a credit rating. The district reports its investment in the pool at the fair value amount, which is [not] the same as the value of the pool per share. The fair value of the district's investment in the pool is measured using a net asset value (NAV) as determined by the pool. The pool maintains a weighted average to maturity of 1.1 years.

#### **NOTE 3: SIGNIFICANT EFFECTS OF SUBSEQUENT EVENTS**

#### **COVID-19 Pandemic**

In February 2020, Governor Inslee declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus were ordered. These measures included closing schools, canceling public events, limiting gathering sizes, and requiring people to stay home unless they were leaving for

an essential function. On April 6, 2020, the Governor closed all public and private K–12 school buildings throughout the remainder of the 2019–20 school year. The school district, however, continued to operate, educating students using continuous learning models.

Many of the precautionary measures put in place during the 2019–20 school year remain in effect; and are affecting the district for the 2020–21 school year in new ways.

The district is using a distance learning/hybrid model to begin the 2020–21 school year allowing families to choose between three Education Plan Options:

Option 1: School-paced virtual learning or hybrid A/B schedule with a preference to transition to in-person at the school when safe to do so.

- This option will be led by Liberty teachers and allows students to return to in-person learning when it is available.
- If you are confident that you want your student to return to in-person learning when it becomes available this is the best option for you.

Option 2: School-paced virtual learning with a preference to stay virtual for the remainder of the school year.

- This option will be led by a Liberty teacher and allows students to learn virtually for the entire school year.
- If you would like to have your student remain in virtual learning and connected to a Liberty teacher for part of or the entire school year, this would be the best option for you.

Option 3: Self-paced virtual learning in the four core subjects, with a preference to stay virtual through the first semester, or the entire school year.

- This option allows students to work at their own pace to complete assignments over the course of the semester or school year.
- Students will be partnered with a teacher from Edgenuity who will assign lessons, provide feedback, and issue final grades.
- If you plan to have your student work learning virtually for the school year and prefer the flexibility to move the curriculum at your pace this would be the best option for you.

The district has increased current staffing to support these three options. Prior to COVID, the district's enrollment was increasing each year. The district has experienced a minimal decrease in enrollment in 2020–2021, but growth is anticipated when things return to face to face instruction. We are prepared to dip in to our cash reserves if necessary this year with the anticipation of enrollment increases following 20-21.

The length of time these measures will be in place, and the full extent of the financial impact on the school district, is unknown at this time.

#### **NOTE 4: PENSION PLANS**

#### **General Information**

The Washington State Department of Retirement Systems (DRS), a department within the primary government of the state of Washington, prepares a stand-alone comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each pension plan. The pension plan's basic financial statement is accounted for using the accrual basis of accounting. The measurement date of the pension plans is June 30. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The school district is reporting the net pension liability in the notes and on the Schedule of Long-term Liabilities calculated as the district's proportionate allocation percentage multiplied by the total plan collective net pension liability. The DRS total collective net pension liabilities for the pension plans school districts participate in are shown here.

#### The Collective Net Pension Liability

The collective net pension liabilities for the pension plans districts participated in are reported in the following tables

The Collective	Net Pension Liability as	of June 30, 2020		
	Total Pension Liability	Plan fiduciary net position	Participating employers' net pension liability	Plan fiduciary net position as a percentage of the total pension liability
PERS 1	\$11,256,796,000	\$7,726,256,000	\$3,530,540,000	68.64%
SERS 2/3	\$7,043,384,000	\$6,511,420,000	\$531,964,000	92.45%
TRS 1	\$8,179,362,000	\$5,770,576,000	\$2,408,786,000	70.55%
TRS 2/3	\$18,559,021,000	\$17,023,040,000	\$1,535,981,000	91.72%

Detailed information about the pension plans' fiduciary net position is available in the separately issued DRS CAFR. Copies of the report may be obtained by contacting the Washington State Department of Retirement Systems, P.O. Box 48380, Olympia, WA 98504-8380; or online at <a href="https://www.drs.wa.gov./administrations/annual-report">Annual Financial Reports</a> or <a href="http://www.drs.wa.gov./administrations/annual-report">http://www.drs.wa.gov./administrations/annual-report</a>.

#### **Membership Participation**

Substantially all school district full-time and qualifying part-time employees participate in one of the following three contributory, multi-employer, cost-sharing statewide retirement systems

managed by DRS: Teachers' Retirement System (TRS), Public Employees' Retirement System (PERS) and School Employees' Retirement System (SERS).

Membership participation by retirement plan as of June 30, 2020, was as follows:

Plan	Retirees and Beneficiaries Receiving Benefits	Inactive Plan Members Entitled to but not yet Receiving Benefits	Active Plan Members
PERS 1	44,359	310	1,181
SERS 2	11,112	6,274	28,943
SERS 3	11,200	9,064	36,772
TRS 1	31,777	92	263
TRS 2	6,201	2,808	22,980
TRS 3	15,316	8,279	56,593

#### **Membership & Plan Benefits**

Certificated employees are members of TRS. Classified employees are members of PERS (if Plan 1) or SERS. Plan 1 under the TRS and PERS programs are defined benefit pension plans whose members joined the system on or before September 30, 1977. TRS 1 and PERS 1 are closed to new entrants.

#### TRS Plan Information

TRS was established in 1938, and its retirement provisions are contained in RCW Chapters 41.34 and 41.32. TRS is a cost-sharing multi-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a defined benefit plan with a defined contribution component. TRS eligibility for membership requires service as a certificated, public school employee working in an instructional, administrative or supervisory capacity.

TRS is comprised of three separate plans for accounting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is a single plan for accounting purposes.

TRS Plan 1 provides retirement, disability and death benefits. TRS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the average final compensation (AFC), for each year of service credit, up to a maximum of 60 percent, divided by twelve. The AFC is the total earnable compensation for

the two consecutive highest-paid fiscal years, divided by two. Members are eligible for retirement at any age after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. Other benefits include temporary and permanent disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

TRS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the average final compensation (AFC) per year of service for Plan 2 members and one percent of AFC for Plan 3 members. The AFC is the monthly average of the 60 consecutive highest-paid service credit months. There is no cap on years of service credit. Members are eligible for normal retirement at the age of 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. TRS Plan 2/3 members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. TRS Plan 2/3 members who have 30 or more years of service credit, were hired prior to May 1, 2013, and are at least 55 years old, can retire under one of two provisions: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules. TRS Plan 2/3 members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. TRS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

#### PERS Plan Information

PERS was established in 1947, and its retirement benefit provisions are contained in RCW Chapters 41.34 and 41.40. PERS is a cost-sharing, multi-employer retirement system. PERS Plan 1 provides retirement, disability and death benefits. PERS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service.

Members retiring from inactive status prior to the age of 65 may receive actuarially reduced benefits. PERS Plan 1 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

#### **SERS Plan Information**

SERS was established by the legislature in 1998, and the plan became effective in 2000. SERS retirement benefit provisions are established in RCW Chapters 41.34 and 41.35. SERS is a cost-sharing, multiemployer retirement system comprised of two separate plans for membership purposes. SERS Plan 2 is a defined benefit plan and SERS Plan 3 is a defined benefit plan with a defined contribution component. SERS members include classified employees of school districts and educational service districts.

SERS is reported as two separate plans for accounting purposes: Plan 2/3 and Plan 3. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

SERS provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and one percent of AFC for Plan 3. The AFC is the monthly average of the member's 60 highest-paid consecutive service months before retirement, termination or death. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. SERS members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. SERS members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions, if hired prior to May 2, 2013: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules. SERS members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. SERS retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost- of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

#### **Plan Contributions**

The employer contribution rates for PERS, TRS, and SERS (Plans 1, 2, and 3) and the TRS and SERS Plan 2 employee contribution rates are established by the Pension Funding Council based upon the rates set by the Legislature. Employers do not contribute to the defined contribution

portions of TRS Plan 3 or SERS Plan 3. Under current law the employer must contribute 100 percent of the employer-required contribution. The employee contribution rate for Plan 1 in PERS and TRS is set by statute at six percent and does not vary from year to year.

The employer and employee contribution rates for the PERS plan were effective as of July 1, 2019. SERS and TRS contribution rates are effective as of September 1, 2019. All plans will not have a contribution rate change until September 1, 2020. The pension plan contribution rates (expressed as a percentage of covered payroll) for fiscal year 2020 are listed below:

Pension Contribution Rates from September 01, 2019 to August 31, 2020						
	Employer	Employee				
PERS Plan 1	12.86%	6.00%				
TRS Plan 1	15.51%	6.00%				
TRS Plan 2/3	15.51%	7.77%	*/**			
SERS Plan 2/3	13.19%	8.25%	*/**			
Note: The Employer rates include .0018 DRS admi	nistrative expense.					
* – TRS and SERS Plan 3 Employee Contribution \	Variable from 5% to 15%	6 based on rate selec	ted by			

<sup>\* –</sup> TRS and SERS Plan 3 Employee Contribution Variable from 5% to 15% based on rate selected by the employee member.

#### The School District's Proportionate Share of the Net Pension Liability (NPL)

At June 30, 2020, the school district reported a total liability of \$2,340,410 for its proportionate shares of the individual plans' collective net pension liability. Proportion of net pension liability is based on annual contributions for each of the employers participating in the DRS administered plans. At June 30, 2020, the district's proportionate share of each plan's net pension liability is reported below:

June 30, 2020	PERS 1	SERS 2/3	TRS 1	TRS 2/3
District's Annual	\$72,216	\$96,946	\$232,278	\$259,371
Contributions				
Proportionate Share of the Net	\$351,794	\$238,490	\$1,065,421	\$684,704
Pension Liability	\$331,731	\$230, 130	\$1,003,121	\$00 1,70 1

At June 30, 2020, the school district's percentage of the proportionate share of the collective net pension liability was as follows and the change in the allocation percentage from the prior period is illustrated below.

<sup>\*\* –</sup> TRS and SERS Plan 2/3 Employer Contributions for defined benefit portion only.

Allocation percentages	PERS 1	SERS 2/3	TRS 1	TRS 2/3
Current year proportionate share of the Net Pension Liability	0.009964%	0.044832%	0.044231%	0.044578%
Prior year proportionate share of the Net Pension Liability	0.009444%	0.046041%	0.039325%	0.039827%
Net difference percentage	0.000520%	-0.001209%	0.004905%	0.004750%

#### **Actuarial Assumptions**

The total pension liabilities for TRS 1, TRS 2/3, PERS 1 and SERS 2/3 were determined by actuarial valuation as of June 30, 2019, with the results rolled forward to June 30, 2020, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation	2.75% total economic inflation, 3.50% salary inflation
Salary increases	In addition to the base 3.50% salary inflation assumption, salaries are
	also expected to grow by promotions and longevity.
Investment rate of return	7.40%

#### Mortality Rates

Mortality rates used in the plans were developed using the Society of Actuaries' Pub.H-2010 Mortality rates, which vary by member status as the base table. OSA applies age offsets for each system to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale to project mortality rates for every year after the 2010 base table. The actuarial assumptions used in the June 30, 2019, valuation were based on the results of the 2013–2018 Demographic Experience Study Report and the 2019 Economic Experience Study. Additional assumptions for subsequent events and law changes are current as of the 2019 actuarial valuation report.

#### Long-term Expected Rate of Return

OSA selected a 7.40% long-term expected rate of return on pension plan investments using a building-block method. In selecting the assumptions, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns the Washington State Investment Board (WSIB) provided.

The CMAs contain three pieces of information for each class of assets the WSIB currently invest in:

- Expected annual return
- Standard deviation of the annual return
- Correlations between the annual returns of each asset class with every other asset class

WSIB uses the CMAs and their target asset allocation to simulate future investment returns over various time horizons.

The expected future rates of return are developed by the WSIB for each major asset class.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2020, are summarized in the following table:

TRS 1, TRS 2/3, PERS 1, and SERS 2/3						
Asset Class	Target	Long-term Expected Real Rate				
	Allocation	of Return				
Fixed Income	20.00%	2.20%				
Tangible Assets	7.00%	5.10%				
Real Estate	18.00%	5.80%				
Global Equity	32.00%	6.30%				
Private Equity	23.00%	9.30%				

The inflation component used to create the above table is 2.20 percent and represents WSIB's most recent long-term estimate of broad economic inflation.

#### Discount Rate

The discount rate used to measure the total pension liability was 7.40 percent. To determine the discount rate, an asset sufficiency test was completed to test whether the pension plan's fiduciary net position was sufficient to make all projected future benefit payments of current plan members. Based on the assumptions described in the DRS CAFR Certification Letter, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return, a 7.40 percent on pension plan investments was applied to determine the total pension liability.

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Liberty School District's proportionate share of the collective net pension liability (NPL) calculated using the discount rate of 7.40 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.40 percent) or one percentage-point higher (8.40 percent) than the current rate. Amounts are calculated using the school district's specific allocation percentage, by plan, to determine the proportionate share of the collective net pension liability.

Sensi	itivity of the Net Pension Liab	pility to Changes in the Disco	ount Rate
	1% Decrease (6.40%)	Current Discount Rate (7.40%)	1% Increase (8.40%)
PERS 1 NPL	\$4,422,202,000	\$3,530,540,000	\$2,752,919,000

Sens	sitivity of the Net Pension Liak	pility to Changes in the Disco	ount Rate
Allocation Percentage	0.009964%	0.009964%	0.009964%
Proportionate Share of NPL	\$440,642	\$351,794	\$274,310
	1% Decrease (6.40%)	Current Discount Rate (7.40%)	1% Increase (8.40%)
SERS 2/3 NPL	\$1,517,879,000	\$531,964,000	(\$283,583,000)
Allocation Percentage	0.044832%	0.044832%	0.044832%
Proportionate Share of NPL	\$680,495	\$238,490	\$(127,136)
TRS 1 NPL	\$3,051,911,000	\$2,408,786,000	\$1,847,550,000
Allocation Percentage	0.044231%	0.044231%	0.044231%
Proportionate Share of NPL	\$1,349,879	\$1,065,421	\$817,183
TRS 2/3 NPL	\$4,526,645,000	\$1,535,981,000	(\$903,643,000)
Allocation Percentage	0.044578%	0.044578%	0.044578%
Proportionate Share of NPL	\$2,017,872	\$684,704	\$(402,823)

# NOTE 5: ANNUAL OTHER POST-EMPLOYMENT BENEFIT COST AND NET OPEB OBLIGATIONS

The state, through the Health Care Authority (HCA), administers a defined benefit other post-employment benefit (OPEB) plan that is not administered through a qualifying trust. The Public Employees Benefits Board (PEBB), created within the HCA, is authorized to design benefits and determine the terms and conditions of retired employee participation and coverage, including establishment of eligibility criteria. Benefits purchased by PEBB include medical, dental, life insurance and long-term disability insurance. (5).

Employers participating in the PEBB plan include the state of Washington (which includes general government agencies and higher education institutions), political subdivisions and tribal

governments. Additionally, the PEBB plan is available to the retirees of K–12 school districts and ESDs. The District's retirees are eligible to participate in the PEBB plan under this arrangement.

#### Eligibility

District members are eligible for retiree medical benefits after becoming eligible for service retirement pension benefits (either reduced or full pension benefits) under Plan 2 or 3 of TRS or SERS.

Former members who are entitled to a deferred vested pension benefit are not eligible to receive medical and life insurance benefits after pension benefit commencement. Survivors of covered members who die are eligible for medical benefits.

#### **Medical Benefits**

Upon retirement, members are permitted to receive medical benefits. Retirees pay the following monthly rates for pre-65 medical coverage for 2020.

Members not eligible for Medicare			
(or enrolled in Part A only)	Ty	pe of Coverag	ge
Descriptions	Employee	Employee & Spouse	Full Family
Kaiser Permanente NW Classic	\$715.66	\$1,426.75	\$1,959.20
Kaiser Permanente NW CDHP	\$608.85	\$1,206.99	\$1,611.85
Kaiser Permanente WA Classic	\$752.15	\$1,499.24	\$2,059.55
Kaiser Permanente WA CDHP	\$610.16	\$1,210.10	\$1,616.32
Kaiser Permanente WA Sound Choice	\$618.49	\$1,231.92	\$1,692.00
Kaiser Permanente WA Value	\$675.71	\$1,346.36	\$1,849.35
UMP Classic	\$679.72	\$1,354.37	\$1,860.37
UMP CDHP	\$608.35	\$1,206.48	\$1,611.34
UMP Plus-Puget Sound High Value Network	\$644.97	\$1,284.88	\$1,764.82
UMP Plus-UW Medicine Accountable Care Network	\$644.97	\$1,284.88	\$1,764.82

Retirees enrolled in Medicare Parts A and B receive an explicit subsidy in the form of reduced premiums on Medicare supplemental plans. Retirees pay the following monthly rates.

Members enrolled in Part A and B of Medicare	Ty	pe of Coverag	ge
Descriptions	<u>Employee</u>	Employee & Spouse <sup>1</sup>	Full Family <sup>1</sup>
Kaiser Permanente NW Senior Advantage	\$173.01	\$342.75	\$875.70
Kaiser Permanente WA Medicare Plan	\$174.55	\$344.04	N/A
Kaiser Permanente WA Classic	N/A	N/A	\$904.36
Kaiser Permanente WA Sound Choice	N/A	N/A	\$804.11
Kaiser Permanente WA Value	N/A	N/A	\$847.03
UMP Classic	\$320.54	\$636.02	\$1,142.01

#### **Funding Policy**

The funding policy is based upon pay-as-you go financing.

The School Employee Benefits Board (SEBB) collects benefit premiums from all school district entities for covered employees. The premium includes a fee, established in state law. The purpose of this fee is to cover the impact of the subsidized rate of health care benefits for school retirees who elect to purchase their health care benefits through the state Health Care Authority PEBB plan. For the fiscal year 2019–20, SEBB was required to collect for the HCA \$994.00 (6 months)/\$1056.00 (2 months) per month per eligible employee to support the program. This amount is set forth in the state's operating budget and is subject to change on an annual basis. This amount is not actuarially determined and is not placed in a trust to pay the obligations for post-employment health care benefits.

The District has no control over the benefits offered to retirees, the rates charged to retirees, nor the fee paid to the Health Care Authority. The District does not determine its annual required contribution, nor the net other post-employment benefit obligation associated with this plan. These amounts are not shown on the financial statements.

For further information on the results of the actuarial valuation of the employer provided subsidies associated with the state's PEBB plan, refer to the Office of the State Actuary.

The plan does not issue a separate report; however, additional information is included in the State of Washington Comprehensive Annual Financial Report, which is available on the OFM website.

#### **NOTE 6: REQUIRED DISCLOSURES ABOUT CAPITAL ASSETS**

The District's capital assets are insured in the amount of \$38,352,481, for fiscal year 2019-20. In the opinion of the District's insurance consultant, the amount is sufficient to adequately fund replacement of the District's assets.

#### **NOTE 7: LONG-TERM DEBT**

The following is a summary of changes in long-term debt of the District for the fiscal year(s) ended August 31, 2020:

Governmental activities	Balance at Sept. 1, 2019	Increases	Decreases	Balance at Aug. 31, 2020	Due within One Year
General Obligation Bonds	10,160,000		560,000	9,600,000	615,000
Notes from Direct Borrowing and					
Direct Placement					
Total	10,160,000		560,000	9,600,000	615,000

Long-term debt at August 31, 2020, are comprised of the following individual issues:

Issue Name	Amount	Annual	Final	Interest	Amount
issue Name	Authorized	Installments	Maturity	Rate(s)	Outstanding
General Obligation Bonds					
UTGO Bonds, 2016 Series	10,160,000	215,000 –	12/01/2031	2.00 - 4.00	9,600,000
A&B		1,035,000			
Notes from direct borrowing	ng and direct pla	acement			
Total	10,160,000				9,600,000

Debt service requirements on long-term debt as of August 31, 2020, are as follows:

	Bon	ds		ect Borrowings Placements	
Years Ending August 31	Principal	Interest	Principal	Interest	Total
2021	615,000	343,050			958,050.00
2022	640,000	327,300			967,300.00
2023	665,000	307,725			972,725.00
2024	695,000	287,325			982,325.00
2025	725,000	262,400			987,400.00
2026-2030	4,240,000	841,250			5,081,250.00
2031	2,020,000	81,800			2,101,800.00
Total	9,600,000	2,450,850			12,050,850.00

At August 31, 2020, the District had \$578,833.64 available in the Debt Service Fund to service the general obligation bonds.

#### **NOTE 8: ENTITY RISK MANAGEMENT ACTIVITIES**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint self-insuring to the same extent that they may individually self-insure. Separate agreements to form a workers' compensation pool and unemployment pool were made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The Northeast Washington Educational Service District Workers' Compensation Pool was formed on July 1, 1983, when school districts and Northeast Washington Educational Service District (NEWESD) in the State of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses. The NEWESD Unemployment Insurance Pool was created September 1, 2015, when school districts and NEWESD in the State of Washington joined together by signing an Agreement to pool their self-insured losses. Sixty school districts and NEWESD have joined the Workers' Compensation Pool while forty-eight districts and NEWESD have joined the Unemployment Pool.

These pools operated for the Liberty School District's benefit in lieu of the district having to make monthly premium payments to the State of Washington for unemployment and Workers' Compensation and Unemployment. Membership automatically renews each year. Even after termination, members are still responsible for contributions for unresolved claims occurring during a period when the district was a member of the pools.

The pools are governed by a board of directors which is comprised of one representative from each member district.

Each member's contributions are determined by an annual actuarial study. In fiscal year ending August 31, 2020, the District made payments totaling \$54,302.22 to the workers' compensation pool and \$ \$1,642.81 to the unemployment insurance pool.

The Liberty School District is a member of United Schools Insurance Program. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The program was formed on September 1, 1985, when 29 school districts in the state of Washington joined together by signing a Joint Purchasing Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. Current membership includes 154 school districts.

The program allows members to jointly purchase insurance coverage and provide related services, such as administration, risk management, claims administration, etc. Coverage for Wrongful Act Liability and Employee Benefit Liability is on a claims-made basis. All other

coverages are on an occurrence basis. The program provides the following forms of group purchased insurance coverage for its members: Property, General Liability, Automotive Liability, Wrongful Acts Liability, and Crime.

Liability insurance is subject to a self-insured retention of \$100,000. Members are responsible for a \$1,000 deductible for each claim (member deductibles may vary), while the program is responsible for the \$100,000 self-insured retention (SIR). Insurance carriers cover insured losses over \$101,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$100,000 SIR. The program also purchases a stop loss policy with an attachment point of \$1,271,048, as an additional layer of protection for its members.

Property insurance is subject to a per-occurrence deductible of \$100,000. Members are responsible for \$1,000 deductible for each claim (Member deductibles may vary), while the program is responsible for the \$100,000 SIR.

Equipment Breakdown insurance is subject to a per-occurrence deductible of \$10,000. Members are responsible for the deductible amount of each claim.

Members contract to remain in the program for a minimum of one year and must give notice before August 31 to terminate participation the following September 1. The Interlocal Agreement is renewed automatically each year. Even after termination, a member is still responsible for contributions to the program for any unresolved, unreported, and in-process claims for the period they were a signatory to the Joint Purchasing Agreement.

The program is fully funded by its member participants. Claims are filed by members with Clear Risk Solutions which has been contracted to perform program administration, claims adjustment, and loss prevention for the program. Fees paid to the third-party administrator under this arrangement for the year ending August 31, 2020, were \$1,696,473.74.

A board of directors consisting of nine members is selected by the membership from six areas of the state on a staggered term basis and is responsible for conducting the business affairs of the program. The board of directors has contracted with Clear Risk Solutions to perform day-to-day administration of the program. This program has no employees.

#### **NOTE 9: PROPERTY TAXES**

Property tax revenues are collected as the result of special levies passed by the voters in the District. Taxes are levied on January 1. The taxpayer has the obligation of paying all taxes on April 30 or one-half then and one-half on October 31. Typically, slightly more than half of the collections are made on the April 30 date. In 2020, Spokane County Treasurer Baumgartner exercised his authority during a state of emergency found in RCW 84.56.020(10) and extended the April 30<sup>th</sup> deadline to June 15, 2020, and the October 31<sup>st</sup> deadline to December 31, 2020. Even with this extension the impact for district collections was minimal. The October 31 collection of property taxes will be recorded as revenue in the 2020-21 school year, consistent with the cash basis of accounting.

# NOTE 10: JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATIONS

The District is a member of the King County Director's Association (KCDA). KCDA is a purchasing cooperative designed to pool the member districts' purchasing power. The board authorized joining the association by approving an agreement dated August 18, 1994, and has remained in the joint venture ever since. The District's current equity as of December 31, 2019, of \$1,306.69, is the accumulation of the annual assignment of KCDA's operating surplus based upon the percentage derived from KCDA's total sales to the District compared to all other districts applied against paid administrative fees. The District may withdraw from the joint venture and will receive its equity in ten annual allocations of merchandise or 15 annual payments.)

#### **NOTE 11: FUND BALANCE CLASSIFICATION DETAILS**

The District's financial statements include the following amounts presented in the aggregate.

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportation Vehicle Fund
Nonspendable Fund Balance					
Inventory and Prepaid Items	\$3,381.15				
Restricted Fund Balance					
For Other Items					
For Unequalized Deductible					
Revenue					
For Fund Purpose		82,692.82			\$14,843.69
For Carryover of Restricted	\$36,554.35				
Revenues	\$50,554.55				
For Skill Centers					
For Carryover of Food Service					
Revenue					
For Debt Service				578,833.64	

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportation Vehicle Fund
For Arbitrage Rebate					
For Self-Insurance					
For Uninsured Risks					
Restricted from Bond Proceeds					
Committed from Levy					
Proceeds					
Restricted from State Proceeds					
Restricted from Federal					
Proceeds					
Restricted from Other					
Proceeds					
Restricted from Impact Fee					
Proceeds

Proceeds					
Restricted from Undistributed					
Proceeds					
Committed Fund Balance					
For Economic Stabilization					
Other Commitments					
Assigned Fund Balance					
Contingencies					
Other Capital Projects					
Other Purposes					
Fund Purposes			554,531.38		
Unassigned Fund Balance	1,653,795.78				

The board of directors has established a minimum fund balance policy for the general fund to provide for financial stability and contingencies within the District. The policy is that the District will strive to maintain 9% percentage of general fund budgeted expenditures. Portions of fund balance that are set aside for the purpose of meeting this policy are recorded on the financial statements as a part of unassigned fund balance.

#### **NOTE 12: DEFINED CONTRIBUTION PENSION**

#### 457 Plan – Deferred Compensation Plan

District employees have the option of participating in a deferred compensation plan as defined in §457 of the Internal Revenue Code that is administered by the state deferred compensation plan.

#### 403(b) Plan – Tax Sheltered Annuity (TSA)

The District offers a tax deferred annuity plan for its employees. The plan permits participants to defer a portion of their salary until future years under two types of deferrals: elective deferrals (employee contribution) and non-elective contribution (employer matching).

The District complies with IRS regulation that require school districts to have a written plan to include participating investment companies, types of investments, loans, transfers, and various requirements. The plan is administered by Omni Plan Services. The plan assets are assets of the District employees, not the school district, and are therefore not reflected on these financial statements.

#### **NOTE 13: TERMINATION BENEFITS**

#### **Compensated Absences**

Employees earn sick leave at a rate of 12 days per year up to a maximum of one contract year.

Under the provisions of RCW 28A.400.210, sick leave accumulated by District employees is reimbursed at death or retirement at the rate of one day for each four days of accrued leave, limited to 180 accrued days. This chapter also provides for an annual buyout of an amount up to the maximum annual accumulation of 12 days. For buyout purposes, employees may accumulate such leave to a maximum of 192 days, including the annual accumulation, as of December 31 of each year.

These expenditures are recorded when paid, except termination sick leave that is accrued upon death, retirement, or upon termination provided the employee is at least 55 years of age and has sufficient years of service. Vested sick leave was computed using the vesting method.

No unrecorded liability exists for other employee benefits.

Liberty School District No. 362

# Schedule of Long-Term Liabilities

# For the Year Ended August 31, 2020

	Beginning Outstanding Debt September 1,	Amount Issued /	Amount Redeemed /	Ending Outstanding Debt	Amount Due

#### ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, <a href="www.sao.wa.gov">www.sao.wa.gov</a>. Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
