## SCHEDULE OF FINDINGS AND QUESTIONED COSTS

### Quillayute Valley School District No. 402 September 1, 2020 through August 31, 2021

## SECTION I – SUMMARY OF AUDITOR’S RESULTS

The results of our audit of Quillayute Valley School District No. 402 are summarized below in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

### Financial Statements

We issued an unmodified opinion on the fair presentation of the District’s financial statements in accordance with its regulatory basis of accounting. Separately, we issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared using a basis of accounting other than GAAP.

#### Internal Control over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the District.

### Federal Awards

#### Internal Control over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the District’s compliance with requirements applicable to each of its major federal programs.

We reported no findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

## **Identification of Major Federal Programs**

The following programs were selected as major programs in our audit of compliance in accordance with the Uniform Guidance.

<u>CFDA No.</u>	<u>Program or Cluster Title</u>
10.555	Child Nutrition Cluster – National School Lunch Program
10.559	Child Nutrition Cluster – Summer Food Service Program for Children
84.425	COVID-19 – Education Stabilization Fund

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$750,000.

The District qualified as a low-risk auditee under the Uniform Guidance.

## **SECTION II – FINANCIAL STATEMENT FINDINGS**

None reported.

## **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

None reported.

## INDEPENDENT AUDITOR'S REPORT

### Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

#### **Quillayute Valley School District No. 402 September 1, 2020 through August 31, 2021**

Board of Directors  
Quillayute Valley School District No. 402  
Forks, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Quillayute Valley School District No. 402, as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated March 30, 2022.

We issued an unmodified opinion on the fair presentation of the District's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because, as described in Note 1, the *Accounting Manual for Public School Districts in the State of Washington* does not require the District to prepare the government-wide statements presenting the financial position and changes in financial position of its governmental activities as required by GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As discussed in Note 1 to the financial statements, during the year ended August 31, 2021, the District implemented Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*.

As discussed in Note 3 to the financial statements, the full extent of the COVID-19 pandemic's direct or indirect financial impact on the District is unknown. Management's plans in response to this matter are also described in Note 3.

## INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control

and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

## INDEPENDENT AUDITOR'S REPORT

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

### **Quillayute Valley School District No. 402 September 1, 2020 through August 31, 2021**

Board of Directors  
Quillayute Valley School District No. 402  
Forks, Washington

## **REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

We have audited the compliance of Quillayute Valley School District No. 402, with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2021. The District's major federal programs are identified in the accompanying Schedule of Findings and Questioned Costs.

### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the District's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2021.

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

A handwritten signature in black ink, reading "Pat McCarthy". The signature is fluid and cursive, with the first name "Pat" and last name "McCarthy" clearly distinguishable.

# INDEPENDENT AUDITOR'S REPORT

## Report on the Financial Statements

### **Quillayute Valley School District No. 402 September 1, 2020 through August 31, 2021**

Board of Directors  
Quillayute Valley School District No. 402  
Forks, Washington

## **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of Quillayute Valley School District No. 402, as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the District's financial statements, as listed on page 16.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of state law and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant account estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Unmodified Opinion on Regulatory Basis of Accounting (Accounting Manual)**

As described in Note 1, the District has prepared these financial statements to meet the financial reporting requirements of state law using accounting practices prescribed by the Accounting Manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The difference in these accounting practices is also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Quillayute Valley School District No. 402, as of August 31, 2021, and the changes in financial position thereof for the year then ended in accordance with the basis of accounting described in Note 1.

### **Basis for Adverse Opinion on U.S. GAAP**

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. GAAP requires presentation of government-wide financial statements to display the financial position and changes in financial position of its governmental activities.

As described in Note 1, the Accounting Manual does not require the District to prepare the government-wide financial statements, and consequently such amounts have not been determined or presented. We are therefore required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

### **Adverse Opinion on U.S. GAAP**

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Quillayute Valley School District No. 402, as of August 31, 2021, or the changes in financial position or cash flows thereof for the year then ended, due to the significance of the matter discussed in the above "Basis for Adverse Opinion on U.S. GAAP" paragraph.

## **Matters of Emphasis**

As discussed in Note 1 to the financial statements, during the year ended August 31, 2021, the District implemented Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

As discussed in Note 3 to the financial statements, the full extent of the COVID-19 pandemic's direct or indirect financial impact on the District is unknown. Management's plans in response to this matter are also described in Note 3. Our opinion is not modified with respect to this matter.

## **Other Matters**

### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Schedule of Long-Term Liabilities is also presented for purposes of additional analysis as required by the prescribed Accounting Manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

## **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report

is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Pat McCarthy". The signature is written in a cursive style with a large, stylized "P" and "M".

## QUILLAYUTE VALLEY SCHOOL DISTRICT NO. 402

### Notes to Financial Statements

September 1, 2020 through August 31, 2021

#### **Note 1 - Summary of Significant Accounting Policies**

The Quillayute Valley School District is a municipal corporation organized pursuant to Title 28A *Revised Code of Washington* (RCW) for the purpose of providing public school services to students in grades K-12. Oversight responsibility for the district's operations is vested with the independently elected board of directors. Management of the district is appointed by and is accountable to the board of directors. Fiscal responsibility, including budget authority and the power to set fees, levy property taxes, and issue debt consistent with provisions of state statutes, also rests with the board of directors.

The District presents governmental fund financial statements and related notes on the modified accrual basis of accounting in accordance with the Accounting Manual for Public School Districts in the State of Washington, issued jointly by the State Auditor's Office and the Superintendent of Public Instruction by the authority of RCW 43.09.200, RCW 28A.505.140, RCW 28A.505.010(1) and RCW 28.505.020. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

1. District wide statements, as defined in GAAP, are not presented.
2. A schedule of Long-Term Liabilities is presented as supplementary information.
3. Supplementary information required by GAAP is not presented.
4. Property Taxes collected after the end of the fiscal period are not considered available for revenue accrual as described below:

#### **Fund Accounting**

Financial transactions of the District are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures as appropriate. All funds are considered major funds. The various funds in the report are grouped into governmental and fiduciary funds as follows:

##### GOVERNMENTAL FUNDS

##### General Fund

This fund is used to account for all expendable financial resources, except for those that are required to be accounted for in another fund. In keeping with the principle of having as few funds as are necessary, activities such as food services, maintenance, data processing, printing, and student transportation are included in the General Fund.

##### Capital Projects Funds

These funds account for financial resources that are to be used for the construction or acquisition of major capital assets. There are two funds that are considered to be of the capital projects fund type: The Capital Projects Fund and the Transportation Vehicle Fund.

Capital Projects Fund - This fund is used to account for resources set aside for the acquisition and construction of major capital assets such as land and buildings.

Transportation Vehicle Fund - This fund is used to account for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment.

### Debt Service Fund

This fund is used to account for the accumulation of resources for and the payment of matured general long-term debt principal and interest.

### Special Revenue Fund

In Washington State, the only allowable special revenue fund for school districts is the Associated Student Body (ASB) Fund. This fund is accounted for in the District's financial statements as the financial resources legally belong to the District. As a special revenue fund, amounts with the ASB Fund may only be used for those purposes that relate to the operation of the Associated Student Body of the District.

### Permanent Funds

These funds are used to report resources legally restricted such that only earnings, and not principal, may be expended. Amounts in the Permanent Fund may only be spent in support of the District's programs and may not be used to the benefits of any individual.

### FIDUCIARY FUNDS

Fiduciary funds include pension and other employee benefit trust funds, private-purpose trust funds, and agency funds, and are used to account for assets that are held in trust by the district in a trustee and agency capacity.

Private-Purpose Trust Fund – This fund is used to account for resources that are legally held in trust by the District. The trust agreement details whether principal and interest may both be spent, or whether only interest may be spent. Money from a Private-Purpose Trust Fund may not be used to support the District's programs, and may be used to benefit individuals, private organizations, or other governments.

## **Measurement Focus, Basis of Accounting and Fund Financial Statement Presentation**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered "measurable" if the amount of the transaction can be readily determined. Revenues are considered "available" when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. Categorical program claims and inter-district billings are measurable and available and are accrued. Property taxes not collected by the fiscal year end are measurable and recorded as a receivable, however the receivable is not considered available of revenue accrual, but is recorded as a deferred inflow of resources.

Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for unmatured principal and interest on long-term debt which are recorded when due. Purchases of capital assets are expensed during the year of acquisition. For federal grants, the recognition of expenditures is dependent on the obligation date. (Obligation means a purchase order has been issued, contracts have been awarded, or goods and/or services have been received.)

## **Budgets**

Chapter 28A.505 RCW and Chapter 392-123 Washington Administrative Code (WAC) mandate school district budget policies and procedures. The board adopts annual appropriated budgets for all governmental funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Appropriations lapse at the end of

the fiscal period.

Budgets are adopted on the same modified accrual basis as used for financial reporting. Fund balance is budgeted as available resources and, under statute, may not be negative, unless the District enters into binding conditions with state oversight pursuant to RCW 28A.505.110.

**The government's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available**

The District receives state funding for specific categorical education-related programs. Amounts that are received for these programs that are not used in the current fiscal year may be carried forward into the subsequent fiscal year, where they may be used only for the same purpose as they were originally received. When the District has such carryover, those funds are expended before any amounts received in the current year are expended.

Additionally, the District has other restrictions placed on its financial resources. When expenditures are recorded for purposes for which a restriction or commitment of fund balance is available, those funds that are restricted or committed to that purpose are considered first before any unrestricted or unassigned amounts are expended.

**The government's fund balance classifications policies and procedures**

The District classifies ending fund balance for its governmental funds into five categories.

Nonspendable Fund Balance

The amounts reported as Nonspendable are resources of the District that are not in spendable format. They are either non-liquid resources such as inventory or prepaid items, or the resources are legally or contractually required to be maintained intact.

Restricted Fund Balance

Amounts that are reported as Restricted are those resources of the District that have had a legal restriction placed on their use either from statute, WAC, or other legal requirements that are beyond the control of the board of directors. Restricted fund balance includes anticipated recovery of revenues that have been received but are restricted as to their usage.

Committed Fund Balance

Amounts that are reported as Committed are those resources of the District that have had a limitation placed upon their usage by formal action of the District's board of directors. Commitments are made either through a formal adopted board resolution or are related to a school board policy. Commitments may only be changed when the resources are used for the intended purpose or the limitation is removed by a subsequent formal action of the board of directors.

Assigned Fund Balance

In the General Fund, amounts that are reported as Assigned are those resources that the District has set aside for specific purposes. These accounts reflect tentative management plans for future financial resource use such as the replacement of equipment or the assignment of resources for contingencies. Assignments reduce the amount reported as Unassigned Fund Balance, but may not reduce that balance below zero.

In other governmental funds, Assigned fund balance represents a positive ending spendable fund balance once all restrictions and commitments are considered. These resources are only available for expenditure in that fund and may not be used in any other fund without formal action

by the District's board of directors and as allowed by statute.

The Board of Directors are the only persons who have the authority to create Assignments of fund balance.

### Unassigned Fund Balance

In the General Fund, amounts that are reported as Unassigned are those net spendable resources of the District that are not otherwise Restricted, Committed, or Assigned, and may be used for any purpose within the General Fund.

In other governmental funds, Unassigned fund balance represents a deficit ending spendable fund balance once all restrictions and commitments are considered.

A negative Unassigned fund balance means that the legal restrictions and formal commitments of the District exceed its currently available resources.

### **Cash and Cash Equivalents**

All of the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

### **Inventory**

Inventory is valued at cost using the average cost method. The consumption method of inventory is used, which charges inventory as an expenditure when it is consumed. A portion of fund balance, representing inventory, is considered Non-spendable. Such reserves for inventory indicate that a portion of net current assets is set aside to replace or increase the inventory. USDA commodity inventory consists of food donated by the United States Department of Agriculture. It is valued at the prices paid by the USDA for the commodities.

### **Fiduciary Activities**

During the year ended August 31, 2021, the District implemented the provisions of GASB Statement No. 84, Fiduciary Activities which establishes criteria for identifying and reporting fiduciary activities. The implementation of this statement has resulted in changing the presentation of the financial statements. The title Agency funds is replaced with Custodial Funds and ending net position is presented for custodial funds which was not previously required. Beginning net position has been restated to reflect this change.

Activity previously reported in a fiduciary fund in the amount of \$4,872.42 was moved to the ASB Fund.

### **Note 2 – Deposits and Investments**

All of the District's bank balances are insured by the Federal Depository Insurance Corporation (FDIC) or by Collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC),

Statutes authorize the District to invest in (1) securities, certificates, notes, bonds, short-term securities, or other obligations of the United States, and (2) deposits in any state bank or trust company, national banking association, stock savings bank, mutual savings bank, savings and loan association, and any branch bank engaged in banking in the state in accordance with RCW 30.04.300 if the institution has been approved by the Public Deposit Protection Commission to hold public deposits and has segregated eligible collateral having a value of not less than its maximum liability.

All of the District's investments during the year and at year-end were insured or registered and held by the District or its agent in the District's name.

Washington State statutes authorize the district to invest in the following types of securities:

- Certificates, notes, or bonds of the United States, its agencies, or any corporation wholly owned by the government of the United States,
- Obligations of government-sponsored corporations which are eligible as collateral for advances to member banks as determined by the Board of Governors of the Federal Reserve System,
- Bankers' acceptances purchased on the secondary market,
- Repurchase agreements for securities listed in the three items above, provided that the transaction is structured so that the public treasurer obtains control over the underlying securities,
- Investment deposits with qualified public depositories,
- Washington State Local Government Investment Pool, and
- County Treasurer Investment Pools.

The district's investments as of August 31, 2021 are as follows:

Type of Investment	08/31/21	
	Investments	Total
Local Government Investment Pool	\$11,248,391.08	\$11,248,391.08
Certificates of Deposits	\$ 221,226.47	\$ 221,226.47
TOTAL INVESTMENTS	\$11,469,617.55	\$11,469,617.55

The District is a participant in the Local Government Investment Pool (LGIP). The LGIP was authorized by Chapter 294, Laws of 1986, and is managed and operated by the Washington State Treasurer. The State Finance Committee is the administrator of the statute that created the LGIP and adopts rules. The State Treasurer is responsible for establishing the investment policy for the LGIP and reviews the policy annually; proposed changes are reviewed by the LGIP Advisory Committee.

The LGIP is an unrated external investment pool. Investments in the Pool are reported at amortized cost, which approximates fair value. The Pool is invested in manner that meets the maturity, quality, diversification and liquidity requirements set forth by generally accepted accounting principles for external investment pools that elect to measure, for financial reporting purposes, investments at amortized cost. The Pool does not have any legally binding guarantees of share values.

The Pool does not impose liquidity fees or redemption gates on participant withdrawals. It is the policy of the Pool to permit participants to withdraw their investments on a daily basis; therefore, the District's investment balance in the Pool is equal to fair value. Fair value is measured using quoted prices in active markets for identical assets that the pool can access at the measurement date (Level 1 Inputs). Observable markets include exchange markets, dealer markets, brokered markets and principal-to-principal markets.

The Office of the State Treasurer prepares a stand-alone LGIP financial report. A copy of the report is available from the Office of the State Treasurer, PO Box 40200 Olympia, Washington 98504-0200, online at <http://www.tre.wa.gov>.

### **Note 3 – Significant Effects of Subsequent Events**

#### **COVID-19 Pandemic**

In February 2020, Governor Inslee declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus were ordered. These measures included closing schools, canceled public events, limited gathering sizes, and required people to stay home unless they were leaving for an essential function. On April 6, 2020, the Governor closed all public and private K-12 school buildings throughout the remainder of the 2019-20 school year and continuing through the 2020-21 school year. The school district, however, continued to operate and educate students using continuous learning models.

Many of the precautionary measures put in place during the 2019-2020 school year remained in effect for the 2020-21 school year and are affecting the District for the 2021-2022 school year in new ways.

The district began the 2020-2021 school year in a full distance/remote 2.0 learning model. On October 5, 2020 the district moved to a hybrid model to provide an in-person instructional model and an online only instruction model. The in-person instructional model grouped students into cohorts for the in-person instructional day. In-person learning was provided for four days a week (M, T, Th, F). Wednesdays were utilized for special or intervention services and remote learning. A flexible instructional delivery system was provided with district certified instructors through the use of the Fuel Ed on-line platform, curriculum and assessment for both the in-person and online instruction. Families were able to choose between the in-person or online model throughout the COVID-19 period or a combination of the two. The District's support staff continued to work with the certified instructors and supported the hybrid instructional model. The District provided to/from transportation to school and home, as well as delivered a combo breakfast/lunch to children of families ages 2-18 under the SFSP Federal Program. Breakfast and lunch were served to those students attending in-person. The district implemented student extra-curricular activities in grades 8-12, beginning with the Fall season sports in February, Spring season in April and Winter season in May. Beginning the week of April 17<sup>th</sup>, pre-K through 12<sup>th</sup> grade students attended school for 5 days a week.

In the 2021-22 school year the district moved into full on-site and in-person learning for all grade levels with guidance from OSPI, the State of Washington, the Department of Health and available staff resources. Breakfast and lunch continue to be served to those students attending in person under the NSLP SSO. The District continues to work closely with Clallam County Health Department and/or Labor and Industry requirements to implement updated COVID mitigation strategies to the largest extent possible, practical and feasible.

The district experienced decreasing enrollment in our brick and mortar schools in the 2020-2021 school year for a decrease of 90.50 FTE from budget. Our online program (Insight School of Washington) ended the school year with enrollment estimates above budget resulting in a budget extension. In the 2021-22 school year, enrollment remains stable in our brick and mortar schools while our online program is experiencing a significant decrease in student enrollment due to the pandemic and availability of remote learning options in other school districts. The District has not seen any reduction in funding due to additional ESSER funds and decreased costs in unfilled staff positions and substitute costs, but will adjust either by cutting through attrition or the RIF process if necessary.

The length of time these measures will be in place, and the full extent of the financial impact on the school district, are unknown at this time.

### **Note 4 – Pension Plans**

#### **General Information**

The Washington State Department of Retirement Systems (DRS), a department within the primary government of the state of Washington, prepares a stand-alone annual comprehensive financial report that includes financial statements and required supplementary information for each pension plan. The pension plan's basic financial statement is accounted for using the accrual basis of accounting. The measurement date of the pension plans is June 30. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The school district is reporting the net pension liability in the notes and on the Schedule of Long-term Liabilities calculated as the district's proportionate allocation percentage multiplied by the total plan collective net pension liability. The DRS total collective net pension liabilities for the pension plans school districts participate in are shown here.

### The Collective Net Pension Liability (Asset)

The collective net pension liabilities for the pension plans districts participated in are reported in the following tables:

The Collective Net Pension Liability as of June 30, 2021				
	Total Pension Liability	Plan Fiduciary Net Position	Participating Employers' Net Pension Liability	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability
PERS 1	\$10,847,066,000	\$9,625,832,000	\$1,221,234,000	88.74%
SERS 2/3	\$7,586,243,000	\$8,659,940,000	-\$1,073,697,000	114.15%
TRS 1	\$7,850,211,000	\$7,176,913,000	\$673,298,000	91.42%
TRS 2/3	\$20,032,702,000	\$22,781,509,000	-\$2,748,807,000	113.72%

Detailed information about the pension plans' fiduciary net position is available in the separately issued DRS CAFR. Copies of the report may be obtained by contacting the Washington State Department of Retirement Systems, PO Box 48380, Olympia, WA 98504-8380; or online at <http://www.drs.wa.gov/administrations/annual-report>.

### Membership Participation

Substantially all school district full-time and qualifying part-time employees participate in one of the following three contributory, multi-employer, cost-sharing statewide retirement systems managed by DRS: Teachers Retirement System (TRS), Public Employees' Retirement System (PERS) and School Employees' Retirement System (SERS).

Membership participation by retirement plan as of June 30, 2021, was as follows:

Plan	Retirees and Beneficiaries Receiving Benefits	Inactive Plan Members Entitled to but not yet Receiving Benefits	Active Plan Members
PERS 1	42,886	241	875
SERS 2	12,235	6,634	28,835
SERS 3	12,348	9,363	33,615
TRS 1	30,762	84	162
TRS 2	6,594	3,016	24,269
TRS 3	16,963	8,400	55,328

## Membership and Plan Benefits

Certificated employees are members of TRS. Classified employees are members of PERS (if Plan 1) or SERS. Plan 1 under the TRS and PERS programs are defined benefit pension plans whose members joined the system on or before September 30, 1977. TRS 1 and PERS 1 are closed to new entrants.

### TRS Plan Information

TRS was established in 1938, and its retirement provisions are contained in RCW Chapters 41.34 and 41.32. TRS is a cost-sharing multi-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a defined benefit plan with a defined contribution component. TRS eligibility for membership requires service as a certificated, public school employee working in an instructional, administrative or supervisory capacity.

TRS is comprised of three separate plans for accounting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

TRS Plan 1 provides retirement, disability and death benefits. TRS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the average final compensation (AFC), for each year of service credit, up to a maximum of 60 percent, divided by twelve. The AFC is the total earnable compensation for the two consecutive highest-paid fiscal years, divided by two. Members are eligible for retirement at any age after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. Other benefits include temporary and permanent disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

TRS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the average final compensation (AFC) per year of service for Plan 2 members and one percent of AFC for Plan 3 members. The AFC is the monthly average of the 60 consecutive highest-paid service credit months. There is no cap on years of service credit. Members are eligible for normal retirement at the age of 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. TRS Plan 2/3 members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. TRS Plan 2/3 members who have 30 or more years of service credit, were hired prior to May 1, 2013, and are at least 55 years old, can retire under one of two provisions: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules. TRS Plan 2/3 members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. TRS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

#### PERS Plan Information

PERS was established in 1947, and its retirement benefit provisions are contained in RCW Chapters 41.34 and 41.40. PERS is a cost-sharing, multi-employer retirement system. PERS Plan 1 provides retirement, disability and death benefits. PERS 1 members were vested after the completion of five years of eligible service. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service.

Members retiring from inactive status prior to the age of 65 may receive actuarially reduced benefits. PERS Plan 1 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

#### SERS Plan Information

SERS was established by the legislature in 1998, and the plan became effective in 2000. SERS retirement benefit provisions are established in RCW Chapters 41.34 and 41.35. SERS is a cost-sharing, multiemployer retirement system comprised of two separate plans for membership purposes. SERS Plan 2 is a defined benefit plan and SERS Plan 3 is a defined benefit plan with a defined contribution component. SERS members include classified employees of school districts and educational service districts.

SERS is reported as two separate plans for accounting purposes: Plan 2/3 and Plan 3. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries. Therefore, Plan 2/3 is considered to be a single plan for accounting purposes.

SERS provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and one percent of AFC for Plan 3. The AFC is the monthly average of the member's 60 highest-paid consecutive service months before retirement, termination or death. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. SERS members, who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a reduced benefit.

The benefit is reduced by a factor that varies according to age, for each year before age 65. SERS members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions, if hired prior to May 2, 2013: With a benefit that is reduced by three percent for each year before age 65; or with a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules. SERS members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service. SERS retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the Consumer Price Index), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries.

## Plan Contributions

The employer contribution rates for PERS, TRS, and SERS (Plans 1, 2, and 3) and the TRS and SERS Plan 2 employee contribution rates are established by the Pension Funding Council based upon the rates set by the Legislature. The methods used to determine the contribution requirements are established under chapters 41.34 and 41.40 RCW for PERS, 41.34 and 41.35 RCW for SERS, and 41.32 and 41.34 RCW for TRS. Employers do not contribute to the defined contribution portions of TRS Plan 3 or SERS Plan 3. Under current law the employer must contribute 100 percent of the employer-required contribution. The employee contribution rate for Plan 1 in PERS and TRS is set by statute at six percent and does not vary from year to year. The employer and employee contribution rates for all plans were effective as of September 1, 2020. PERS contribution rates changed on July 1, 2021. TRS and SERS plans will not have a contribution rate change until September 1, 2021. The pension plan contribution rates (expressed as a percentage of covered payroll) for fiscal year 2021 are listed below:

Pension Contribution Rates from September 1, 2020 to June 30, 2021			
	Employer	Employee	
PERS Plan 1	12.97%	6.00%	
Pension Contribution Rates from July 1, 2021 to August 31, 2021			
	Employer	Employee	
PERS Plan 1	10.252%	6.00%	
Pension Contribution Rates from September 1, 2021 to August 31, 2021			
	Employer	Employee	
TRS Plan 1	15.74%	6.00%	
TRS Plan 2/3	15.74%	7.77%	*/**
SERS Plan 2/3	13.30%	8.25%	*/**
<i>Note: The Employer rates include .0018 DRS administrative expense</i>			
* - TRS and SERS Plan 3 Employee Contribution Variable from 5% to 15% based on rate selected by the employee member.			
** - TRS and SERS Plan 2/3 Employer Contribution for defined benefit portion only.			

## The School District's Proportionate Share of the Net Pension Liability (Asset)

At June 30, 2021, the school district reported a total liability of \$897,342 for its proportionate shares of the individual plans' collective net pension liability and \$3,971,440 for its proportionate shares of net pension assets. Proportions of net pension amounts are based on annual contributions for each of the employers participating in the DRS administered plans. At June 30, 2021, the district's proportionate share of each plan's net pension liability is reported below:

June 30, 2021	PERS 1	SERS 2/3	TRS 1	TRS 2/3
District's Annual Contributions	181,855	310,059	489,125	526,238
Proportionate Share of the Net Pension Liability (Asset)	298,150	(1,581,136)	599,192	(2,390,304)

At June 30, 2021, the school district's percentage of the proportionate share of the collective net pension amount was as follows and the change in the allocation percentage from the prior period is illustrated below:

Allocation Percentages	PERS 1	SERS 2/3	TRS 1	TRS 2/3
Current Year Proportionate Share of the Net Pension Liability	0.024414%	0.147261%	0.088994%	0.086958%
Prior Year Proportionate Share of the Net Pension Liability	0.026063%	0.146381%	0.090518%	0.088412%
Net Difference Percentage	-0.001649%	0.000880%	-0.001524%	-0.001455%

### Actuarial Assumptions

The total pension liabilities for TRS 1, TRS 2/3, PERS 1 and SERS 2/3 were determined by actuarial valuation as of June 30, 2020, with the results rolled forward to June 30, 2021, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation	2.75% total economic inflation, 3.50% salary inflation
Salary Increases	In addition to the base 3.50% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
Investment Rate of return	7.40%

### Mortality Rates

Mortality rates used in the plans were developed using the Society of Actuaries' Publication H-2010 Mortality Rates, which vary by member status as the base table. OSA applies age offsets for each system to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale to project mortality rates for every year after the 2010 base table. The actuarial assumptions used in the June 30, 2020, valuation were based on the results of the *2013-2018 Demographic Experience Student Report and the 2019 Economic Experience Study*. Additional assumptions for subsequent events and law changes are current as of the 2019 actuarial valuation report.

### Long-term Expected Rate of Return

OSA selected of 7.40% long-term expected rate of return on pension plan investments using a building-block method. In selecting the assumptions, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns the Washington State Investment Board (WSIB) provided.

The CMAs contain three pieces of information for each class of assets the WSIB currently invest in:

- Expected annual return
- Standard deviation of the annual return
- Correlations between the annual returns of each asset class with every other asset class

WSIB uses the CMAs and their target asset allocation to simulate future investment returns over various time horizons.

The expected future rates of return are developed by the WSIB for each major asset class.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plans; target asset allocation as of June 30, 2021, are summarized in the following table:

TRS 1, TRS 2/3, PERS 1, and SERS 2/3		
Asset Class	Target Allocation	Long-term Expected Real Rate Return
Fixed Income	20.00%	2.20%
Tangible Assets	7.00%	5.10%
Real Estate	18.00%	5.80%
Global Equity	32.00%	6.30%
Private Equity	23.00%	9.30%

The inflation component used to create the above table is 2.20%, and represents WSIB's most recent long-term estimate of broad economic inflation.

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.40%. To determine the discount rate, an asset sufficiency test was completed to test whether the pension plan's fiduciary net position was sufficient to make all projected future benefit payments of current plan members. Based on the assumptions described in the DRS Certification Letter, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return, a 7.40% on pension plan investments was applied to determine the total pension liability.

### **Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following table presents the Quillayute Valley School District's proportionate share of the collective net pension liability (NPL) calculated using the discount rate of 7.40%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.40%) or one percentage-point higher (8.40%) than the current rate. Amounts are calculated using the school district's specific allocation percentage, by plan, to determine the proportionate share of the collective net pension liability or asset.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate			
	1% Decrease (6.40%)	Current Discount Rate (7.40%)	1% Increase (8.40%)
<b>PERS 1</b>	\$ 2,080,441,000	\$ 1,221,234,000	\$ 471,917,000
Allocation Percentage	0.024414%	0.024414%	0.024414%
Proportionate Share	\$ 507,915	\$ 298,150	\$ 115,213
<b>SERS 2/3</b>	\$ (11,793,000)	\$ (1,073,697,000)	\$ (1,952,101,000)
Allocation Percentage	0.147261%	0.147261%	0.147261%
Proportionate Share	\$ (17,366)	\$ (1,581,136)	\$ (2,874,683)
<b>TRS 1</b>	\$ 1,290,542,000	\$ 673,298,000	\$ 134,647,000
Allocation Percentage	0.088994%	0.088994%	0.088994%
Proportionate Share	\$ 1,148,500	\$ 599,192	\$ 119,827
<b>TRS 2/3</b>	\$ 479,331,000	\$ (2,748,807,000)	\$ (5,382,150,000)
Allocation Percentage	0.086958%	0.086958%	0.086958%
Proportionate Share	\$ 416,816	\$ (2,390,304)	\$ (4,680,203)

#### **Note 5 – Annual Other Post-Employment Benefit Cost and Net OPEB Obligations**

The state, through the Health Care Authority (HCA), administers a defined benefit other post-employment benefit (OPEB) plan that is not administered through a qualifying trust. The Public Employees Benefits Board (PEBB), created within the HCA, is authorized to design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria for both active and retired employees. Benefits purchased by PEBB include medical, dental, life insurance and long-term disability insurance.

The relationship between the PEBB OPEB plan and its member employers and their employees and retirees is not formalized in a contract of plan document. Rather, the benefits are provided in accordance with a substantive plan. A substantive plan is one, which the employers and plan members understand the plan terms. This understanding is based on communication between the HCA, employers and plan members, and historical pattern of practice with regards to sharing of benefit costs.

Employers participating in the plan include the state of Washington (which includes general government agencies and higher education institutions), political subdivisions and tribal governments. Additionally, the PEBB plan is available to the retirees of K–12 school districts and ESDs. The District's retirees (approximately 60) are eligible to participate in the PEBB plan under this arrangement.

#### **Eligibility**

District members are eligible for retiree medical benefits after becoming eligible for service

retirement pension benefits (either reduced or full pension benefits) under PERS 1,2,3; TRS1, 2, or 3; or SERS 2 and 3 plans.

Former members who are entitled to a deferred vested pension benefit are not eligible to receive medical and life insurance benefits after pension benefit commencement. Survivors of covered members who die are eligible for medical benefits.

#### Medical Benefits

Upon retirement, members are permitted to receive medical benefits. Retirees pay the following monthly rates for pre-65 medical coverage for 2021.

#### **Members not eligible for Medicare (or enrolled in Part A only)**

#### **Type of Coverage**

<b>Description</b>	<b>Employee</b>	<b>Employee &amp; Spouse</b>	<b>Full Family</b>
Kaiser Permanente NW Classic	\$ 745.66	\$ 1,485.75	\$ 2,040.82
Kaiser Permanente NW CDHP	\$ 618.76	\$ 1,226.30	\$ 1,638.21
Kaiser Permanente WA Classic	\$ 775.39	\$ 1,545.22	\$ 2,122.58
Kaiser Permanente WA CDHP	\$ 619.29	\$ 1,227.86	\$ 1,640.54
Kaiser Permanente WA Sound Choice	\$ 641.43	\$ 1,277.28	\$ 1,754.17
Kaiser Permanente WA Value	\$ 698.96	\$ 1,392.34	\$ 1,912.38
UMP Classic	\$ 691.72	\$ 1,377.86	\$ 1,892.47
UMP Select	\$ 623.50	\$ 1,241.43	\$ 1,704.88
UMP CDHP	\$ 618.52	\$ 1,226.31	\$ 1,638.41
UMP Plus-Puget Sound High Value Network	\$ 658.79	\$ 1,312.02	\$ 1,801.93
UMP Plus-UW Medicine Accountable Care Network	\$ 658.79	\$ 1,312.02	\$ 1,801.93

Retirees enrolled in Medicare Parts A and B receive an explicit subsidy in the form of reduced premiums on Medicare supplemental plans. Retirees pay the following monthly rates.

#### **Members enrolled in Part A and B of Medicare**

#### **Type of Coverage**

<b>Description</b>	<b>Employee</b>	<b>Employee &amp; Spouse*</b>	<b>Full Family*</b>
Kaiser Permanente NW Senior Advantage	\$ 174.41	\$ 343.27	\$ 898.34
Kaiser Permanente WA Medicare Plan	\$ 177.10	\$ 348.64	N/A
Kaiser Permanente WA Classic	N/A	N/A	\$ 926.01
Kaiser Permanente WA Sound Choice	N/A	N/A	\$ 825.54
Kaiser Permanente WA Value	N/A	N/A	\$ 868.68
UMP Classic	\$ 336.40	\$ 667.04	\$ 1,181.65

\*Employee, Spouse and Full Family with two Medicare eligible subscribers.

#### Funding Policy

The funding policy is based upon the pay-as-you go financing.

The School Employee Benefits Board (SEBB) administers health insurance and other benefits to all employees in school districts and charter schools, and union-represented employees of education service districts in Washington. The SEBB studies, designs, and approves comprehensive and cost-effective insurance benefit plans for school employees and establishes eligibility criteria for participation in these plans. The SEB Board is separate and independent

from the Public Employees Benefits Board (PEBB)>

The funding policy is based upon pay-as-you go financing.

The SEBB collects benefit premiums from all school district entities for covered employees. The premium includes a fee, established in state law. The purpose of this fee is to cover the impact of the subsidized rate of health care benefits for school retirees who elect to purchase their health care benefits through the state Health Care Authority PEBB plan. The amount collected is set forth in the state's operating budget and is subject to change on an annual basis. This amount is not actuarially determined and is not placed in a trust to pay the obligations for post-employment health care benefits.

For the fiscal year 2020-21, the Quillayute Valley School District paid \$2,449,252 in total to HCA-SEBB.

The District has no control over the benefits offered to retirees, the rates charged to retirees, nor the fee paid to the Health Care Authority. The District does not determine its annual required contribution nor the net other post-employment benefit obligation associated with this plan. Accordingly, these amounts are not shown on the financial statements.

For further information on the results of the actuarial valuation of the employer provided subsidies associated with the state's PEBB plan, refer to the [Office of the State Actuary](#).

The plan does not issue a separate report; however, additional information is included in the State of Washington Comprehensive Annual Financial Report, which is available on the [OFM](#) website.

#### **Note 6 – Commitments Under Leases**

The District leases its copiers for a lease term of 60 months with a purchase option at the end of that term. The leases are through a Washington State contract.

For the fiscal year ended August 31, 2021 the district had incurred additional long-term debt as follows:

Lessor	Amount	Annual Installment	Final Installment Date	Interest Rate	08/31/21 Balance Due
Lease-Purchase Commitments					
Xerox Machine Lease 2021	\$91,788.00	\$ 18,358	Dec-25		\$ 79,549.60
Xerox Machine Lease 2020	\$85,757.34	\$ 17,151	Feb-25		\$ 60,030.13
Xerox Machine Lease 2019	\$ 7,640.14	\$ 1,528	Dec-23		\$ 3,565.36
Xerox Machine Lease 2019	\$ 4,828.47	\$ 966	Dec-23		\$ 2,253.29
Xerox Machine Lease 2018	\$39,011.18	\$ 7,802	Jan-23		\$ 11,053.23
Xerox Machine Lease 2015	\$118,456.70	\$ 19,743	Oct-20		\$ -
Xerox Machine Lease 2015	\$ 1,936.89	\$ 355	Sep-20		\$ -
Total Lease-Purchase Commitments	\$349,418.72				\$156,451.61

#### **Note 7 – Other Significant Commitments**

The District has no active construction projects as of August 31, 2021.

## Encumbrances

Encumbrance accounting is employed in governmental funds. Purchase orders, contracts, and other commitments for the expenditures of moneys are recorded in order to reserve a portion of the applicable appropriation. Encumbrances lapse at the end of the fiscal year and may be re-encumbered the following year. The following encumbrance amounts were re-encumbered by fund on September 1, 2021:

Fund	Amount
General Fund	\$ 80,200.77
TOTAL	\$ 80,200.77

## Note 8 – Required Disclosures about Capital Assets

The district's capital assets are insured in the amount of \$ 67,979,000 for fiscal 2020-2021. In the opinion of the district's insurance consultant, this amount is sufficient to adequately fund replacement of the district's assets.

## Note 9 – Long-Term Debt

### Long-Term Debt

The following is a summary of changes in long-term debt of the District for the fiscal year ended August 31, 2021:

Governmental Activities	Balance at 9/1/2020	Increases	Decreases	Balance at 8/31/2021	Due within One Year
<b>General Obligations Bonds</b>					
UTGO Refunded Bonds 2009	\$ 8,780,000		\$ 830,000	\$ 7,950,000	\$ 875,000
<b>Notes from Direct Borrowing and Direct Placement</b>					
Banc of America - Siemens Building Technologies	\$ 114,667		\$ 29,673	\$ 84,994	\$ 32,102
<b>Total</b>	<b>\$ 8,894,667</b>		<b>\$ 859,673</b>	<b>\$ 8,034,994</b>	<b>\$ 907,102</b>

Long-term debt at August 31, 2021, are comprised of the following individual issues:

Issue Name	Amount Authorized	Annual Installments	Final Maturity	Interest Rate(s)	Amount Outstanding
<b>General Obligations Bonds</b>					
UTGO Refunded Bonds 2009	\$11,500,000	\$80,000-1,260,000	12/1/2028	2%-4%	\$ 7,950,000
<b>Notes from Direct Borrowing and Direct Placement</b>					
Banc of America - Siemens Building Technologies	\$ 337,185	\$3,875-\$34,677	2/28/2024	7.1916%	\$ 84,994
<b>Total</b>					<b>\$ 8,034,994</b>

Debt service requirements on long-term debt as of August 31, 2021 are as follows:

Years Ending August 31,	Principal	Interest	Total
2022	\$ 875,000	\$ 296,125	\$ 1,171,125
2023	\$ 910,000	\$ 264,800	\$ 1,174,800
2024	\$ 965,000	\$ 227,300	\$ 1,192,300
2025	\$ 1,020,000	\$ 187,600	\$ 1,207,600
2026	\$ 1,075,000	\$ 145,700	\$ 1,220,700
2027-2029	\$ 3,105,000	\$ 171,900	\$ 3,276,900
TOTAL	\$ 7,950,000	\$ 1,293,425	\$ 9,243,425

At August 31, 2021, the district had \$2,747,572 available in the Debt Service Fund to service the general obligation bonds.

### **Prior-Year Defeasance of Debt**

In prior years, the district defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the district's financial statements. At August 31, 2021, \$7,950,000 of bonds outstanding is considered defeased.

### **Note 10 – Interfund Balances and Transfers**

The following table depicts interfund transfer activity:

Transferred From General Fund	Transferred To Capital Projects Fund	Amount	Description
GL 536	GL 965 9901	\$34,456.78	Energy Performance Equipment Loan Payment
GL 536	GL 965 9901	\$60,000.00	Future Spartan Field Repair or Replacement

### **Note 11 – Entity Risk Management Activities**

The district is a member of the Washington Schools Risk Management Pool (WSRMP). Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. WSRMP was formed in 1986 when educational service districts and school districts in the state of Washington joined by signing the Cooperative Risk Management Pool Account Agreement (Account Agreement) to pool their self-insured losses and jointly purchase insurance and administrative services. Over 90 school and educational service districts have joined WSRMP.

WSRMP allows members to jointly purchase insurance coverage, establish a plan of self-insurance, and provide related services, such as risk management. WSRMP provides the following coverages for its members: property, liability, vehicle, school board liability, crime, employment practices, errors and omissions, equipment breakdown, cyber security, terrorism, and stop gap liability.

Members make an annual contribution to fund WSRMP. WSRMP purchases reinsurance and excess insurance from unrelated carriers subject to a per-occurrence self-insured retention of \$1 million for property risk and \$1.5 million for liability risk shared by WSRMP. Reinsurance or Excess carriers cover losses over the self-insured retention to the maximum limits of each policy. Members are responsible for varied deductibles for auto and property claims. Since WSRMP is a cooperative program, there is a joint liability among the participating members.

Members contract to remain in WSRMP for a minimum of three years and must give notice three years before terminating participation. The Account Agreement is renewed automatically each year after the initial three-year period. Even after termination, a member is still responsible for their share of contributions to WSRMP for any unresolved, unreported, and in-process claims for the period in which they were a signatory to the Account Agreement.

WSRMP is fully funded by its member participants and is governed by a board of directors that consists of one designated representative from each participating member. An executive board is elected at the annual meeting and is responsible for overseeing the business affairs of WSRMP.

#### **Note 12 – Property Taxes**

Property tax revenues are collected as the result of special levies passed by the voters in the District. Taxes are levied on January 1. The taxpayer has the obligation of paying all taxes on April 30 or one-half then and one-half on October 31. Typically, slightly more than half of the collections are made on the April 30 date. The tax collections occurring after the end of the fiscal period are unavailable for revenue accrual. Therefore, the fall portion of property taxes is not accrued as revenue. Instead, the property taxes due after the end of the fiscal period are recorded as a deferred inflow of resources

### **Note 13 – Joint Ventures and Jointly Governed Organizations**

The Quillayute Valley School District operates a Transportation cooperative program to provide maintenance, service, and repair of vehicles and equipment to neighboring school districts and local government agencies. For fiscal year 2020-21, these cooperative revenues totaled \$86,505.64 as compared to the preceding year revenues of \$74,725.06. Expenditures totaled \$41,917.74 as compared to the preceding fiscal year expenditures of \$34,480.40.

The district is a member of the King County Directors' Association (KCDA). KCDA is a purchasing cooperative designed to pool the member districts' purchasing power. The board authorized joining the Association by agreement dated August 20, 1974 and has remained in the joint venture ever since. The district's current equity of \$18,710.23 is the accumulation of the annual assignment of KCDA's operating surplus based upon the percentage derived from KCDA's total sales to the district compared to all other districts applied against paid administrative fees. The district may withdraw from the joint venture and will receive its equity in ten annual allocations of merchandise or 15 annual payments.

The Quillayute Valley School District has entered into a ten-year service agreement with K12 Virtual Schools LLC for the Quillayute Valley School District's On-Line High School known as Insight School of Washington to provide a full-time, diploma granting online high school which began in the 2006-07 school year. In the 2020-21 school year the agreement was amended to extend the current renewal term through June 30, 2029. The district enrolled and served 2,427.09 FTEs for the 2020-2021 school year in this online school equal to a total entitlement of \$23,852,974.27. According to the service agreement, the district shall retain an administrative oversight compensation, which equated to \$1,278,521.66.

### **Note 14 – Fund Balance Classification Details**

The District's financial statements include the following amounts presented in the aggregate:

	General Fund	ASB Fund	Debt Service Fund	Capital Projects Fund	Transportation Vehicle Fund
Nonspendable Fund Balance					
Inventory and Prepaid Items	\$ 127,643.78				
Restricted Fund Balance					
For Other Items					
For Fund Purpose		\$ 100,964.56			\$ 171,038.53
For Carryover of Restricted Revenues	\$ 92,997.08				
For Debt Service			\$2,747,572.00		
Committed Fund Balance					
Assigned Fund Balance					
Other Capital Projects	\$ 5,738.64				
Fund Purposes				\$ 302,504.00	
Unassigned Fund Balance	\$7,975,448.70				

The board of directors has established a minimum fund balance policy for the general fund to provide for financial stability and contingencies within the district. The policy is that the District shall end each year with at least 5% of that year's general fund balance expenditures towards a minimum fund balance. Portions of fund balance that are set aside for the purpose of meeting this policy are recorded on the financial statements as a part of unassigned fund balance.

## **Note 15 – Defined Contribution Pension**

### **457 Plan – Deferred Compensation Plan**

District employees have the option of participating in a deferred compensation plan as defined in §457 of the Internal Revenue Code that is administered by the state deferred compensation plan, or the District. The District does not make employer contributions to the plan.

## **Note 16 – Termination Benefits**

### **Compensated Absences**

Employees earn sick leave at a rate of 12 days per year up to a maximum of one contract year.

Under the provisions of RCW 28A.400.210, sick leave accumulated by District employees is reimbursed at death or retirement at the rate of one day for each four days of accrued leave, limited to 180 accrued days. This chapter also provides for an annual buyout of an amount up to the maximum annual accumulation of 12 days. For buyout purposes employees may accumulate such leave to a maximum of 192 days, including the annual accumulation, as of December 31 of each year.

These expenditures are recorded when paid, except termination sick leave that is accrued upon death, retirement, or upon termination provided the employee is at least 55 years of age and has sufficient years of service. Vested sick leave was computed using the termination payment method.

Schedule of Long-Term Liabilities

For the Year Ended August 31, 2021

## NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

### NOTE 1—BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards is prepared on the same basis of accounting as the Quillayute Valley School District's financial statements. The Quillayute Valley School District uses the modified accrual basis of accounting. Expenditures represent only the federally funded portions of the program. District records should be consulted to determine amounts expended or matched from non-federal sources.

### NOTE 2—PROGRAM COSTS/MATCHING CONTRIBUTIONS

The amounts shown as current year expenses represent only the federal grant portion of the program costs. Entire program costs, including the Quillayute Valley School District's local matching share, may be more than shown. Such expenditures are recognized following, as applicable either the cost principles in the OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, where in certain types of expenditures are not allowable or are limited as to reimbursement.

### NOTE 3—NONCASH AWARDS

The amount of food commodities reported on the schedule is the value of food commodities distributed by the Quillayute Valley School District during the current year and priced as prescribed by USDA.

### NOTE 4—SCHOOLWIDE PROGRAMS

The Quillayute Valley School District operates a "schoolwide program" in the Elementary School and Middle School. Using federal funding, schoolwide programs are designed to upgrade an entire educational program within a school for all students rather than limit services to certain targeted students. The following federal program amounts were expended by the Quillayute Valley School District in its schoolwide program. Title I (84.010) \$ 461,902.58

### NOTE 5—FEDERAL INDIRECT RATE

The Quillayute Valley School District used the federal unrestricted rate of 8.00% for the Education Stabilization Fund Grants and 1.54% for all other grants. The Quillayute Valley School District has not elected to use the 10-percent de minimus indirect cost rate allowed under the Uniform Guidance.

## ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, [www.sao.wa.gov](http://www.sao.wa.gov). Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
