### Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The Office of the Washington State Auditor takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for District operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

Attached is our independent audit report on the District's compliance with applicable requirements and safeguarding of public resources for the areas we examined. We appreciate the opportunity to work with your staff and value your cooperation during the audit.

Sincerely,

## AUDIT RESULTS

### Results in brief

This report describes the overall results and conclusions for the areas we examined. In those selected areas, District operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

However, we noted certain matters related to the sale of a vehicle that we communicated to District management and the Board of Commissioners in a letter dated January 18, 2024. We appreciate the District's commitment to resolving those matters.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

### About the audit

This report contains the results of our independent accountability audit of Douglas County Fire Protection District No. 2 from January 1, 2020 through December 31, 2022.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the Washington State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the District's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the years ended December 31, 2022, 2021 and 2020, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Accounts payable – general disbursements, credit cards, travel expenditures and employee reimbursements
- Self-insurance for unemployment
- Procurement – public works projects
- Surplus of vehicle – disposition

- Open public meetings – compliance with minutes, meetings and executive session requirements
- Financial condition – reviewing for indications of financial distress

## INFORMATION ABOUT THE DISTRICT

Douglas County Fire Protection District No. 2 provides fire and emergency medical services to residents in the East Wenatchee, Rock Island and surrounding area encompassing 98 square miles in southwest Douglas County. An elected, three-member Board of Commissioners governs the District. The Board appoints a Fire Chief to oversee the District's daily operations. The District has 30 full-time employees and 30 part-time paid or volunteer firefighters, emergency medical and support personnel. Funded primarily through property taxes, the District operates on an annual budget of approximately \$6.4 million, \$11.1 million and \$10.6 million for 2020, 2021 and 2022, respectively. The Douglas County Treasurer serves as the ex-officio Treasurer for the District.

Douglas County Fire Protection District No. 2 and Chelan County Fire Protection District No. 1 (Fire Districts) merged operations to create a regional fire authority (RFA) and operate as Wenatchee Valley Fire Department. On September 30, 2022, the RFA assumed the assets, certain liabilities of both Fire Districts, and all personnel were transferred to the RFA. The Fire Districts will continue to exist for the purpose of electing three Fire Commissioners from each Fire District to serve as the board of the RFA.
