# **AUDIT RESULTS**

## **Results in brief**

This report describes the overall results and conclusions for the areas we examined. In those selected areas, City operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

However, we noted certain matters related to procurement and electronic payments addressed in the management letter that we communicated to City management and the Council in a letter dated January 31, 2024. We appreciate the City's commitment to resolving those matters.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

# About the audit

This report contains the results of our independent accountability audit of the City of Toppenish from January 1, 2020 through December 31, 2022.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the Washington State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the City's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the years ended December 31, 2022, 2021 and 2020, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Annual report filing timeliness and completeness
- Self-insurance for unemployment
- Selected IT security policies, procedures, practices and controls protecting financial systems user access
- Accounts payable electronic funds transfers

- Payroll gross wages, leave balances and accruals, electronic funds transfers, paidtime-off conversion, benefit deductions, retirement contributions, leave cash outs, final pay to departing employees and termination of benefits

- Procurement public works, purchases and professional services
- Compliance with public work projects and change orders
