AUDIT RESULTS

Results in brief

This report describes the overall results and conclusions for the areas we examined. In those selected areas, City operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

However, we noted certain matters related to electronic payroll payments addressed in the management letter that we communicated to City management and the Mayor and City Council in a letter dated March 18, 2024. We appreciate the City's commitment to resolving those matters.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

About the audit

This report contains the results of our independent accountability audit of the City of Shoreline from January 1, 2021 through December 31, 2022.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the Washington State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the City's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the years ended December 31, 2022 and 2021, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Self-insurance with unemployment compensation
- Use of restricted funds acquisition of properties
- Cash receipting timeliness and completeness of deposits, voids and adjustments
- Accounts payable general disbursements, credit cards, electronic funds transfers
- Compliance with public work projects prevailing wages, change orders, retainage requirements
- Open public meetings compliance with minutes, meetings and executive session requirements
- Financial condition reviewing for indications of financial distress
