SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Wapato School District No. 207 September 1, 2022 through August 31, 2023

SECTION I – SUMMARY OF AUDITOR’S RESULTS

The results of our audit of Wapato School District No. 207 are summarized below in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Financial Statements

We issued an unmodified opinion on the fair presentation of the District’s financial statements in accordance with its regulatory basis of accounting. Separately, we issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared using a basis of accounting other than GAAP.

Internal Control over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the District.

Federal Awards

Internal Control over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the District’s compliance with requirements applicable to each of its major federal programs.

We reported findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

Identification of Major Federal Programs

The following programs were selected as major programs in our audit of compliance in accordance with the Uniform Guidance.

<u>ALN</u>	<u>Program or Cluster Title</u>
84.010	Title I Grants to Local Educational Agencies
84.011	Migrant Education State Grant Program
84.027	Special Education Cluster (IDEA) - Special Education Grants to States
84.027	COVID-19 – Special Education Cluster (IDEA) – Special Education Grants to States
84.173	Special Education Cluster (IDEA) – Special Education Preschool Grants
84.173	COVID-19 – Special Education Cluster (IDEA) – Special Education Preschool Grants
84.425	COVID-19 – Education Stabilization Fund

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$750,000.

The District qualified as a low-risk auditee under the Uniform Guidance.

SECTION II – FINANCIAL STATEMENT FINDINGS

None reported.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

See Findings 2023-001 and 2023-002.

SCHEDULE OF FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Wapato School District No. 207 September 1, 2022 through August 31, 2023

2023-001 The District's internal controls were inadequate for ensuring compliance with Title I grant requirements for assessment security system.

Assistance Listing Number and Title:	84.010 - Title I Grants to Local Educational Agencies
Federal Grantor Name:	U.S. Department of Education
Federal Award/Contract Number:	N/A
Pass-through Entity Name:	Office of Superintendent of Public Education
Pass-through Award/Contract Number:	270350, 270352, 270367, 271500, 270351, FPG-2035
Known Questioned Cost Amount:	\$0
Prior Year Audit Finding:	N/A

Background

The objective of Title I program is to help local education agencies improve the teaching and learning of children who are at risk of not meeting academic standards and reside in areas with high concentrations of children from low-income families. During fiscal year 2023, the District spent \$2,173,875 in Title I program funds and administered the Washington Comprehensive Assessment of Science, Washington State Smarter Balanced Assessment Consortium, and World-Class Instructional Design and Assessment Screener standardized tests.

Federal regulations require recipients of federal awards to establish and maintain internal controls to ensure compliance with program requirements. These controls include understanding grant requirements and monitoring the effectiveness of established controls.

States, in consultation with school districts, must establish and maintain an assessment system that is valid, reliable and consistent with relevant professional and technical standards. States must have formal, well-documented policies and

procedures to maintain test security and ensure that districts implement these policies and procedures for all standardized tests. The Office of Superintendent of Public Instruction (OSPI) provides templates for all districts to document their test security and building plans for each assessment they administer. OSPI also provides detailed guidance and manuals on test security.

Description of Condition

The District did not have adequate controls for ensuring it complied with assessment system security requirements. Specifically, the District did not have written test security and building plans in place for six of seven school buildings that administered standardized tests, as required by OSPI. Further, the District had a test security and building plan for one building, but it was missing several elements. Specifically, the plan did not identify the people who will:

- Establish user accounts to Test Information Distribution Engine (TIDE) and when the accounts will be established
- Review and address technical requirements
- Verify that student test settings and accessibility feature settings are correctly entered in TIDE before the administration of a summative test
- Ensure students using accessibility features practice with the secure login to become familiar with the accessibility features prior to taking a summative test
- Ensure all students participating in testing online complete the training test, practice test or interim assessment by domain or subject at least once before taking a summative test
- Establish and approve the chain of custody for secure test materials, including tracking materials when they are passed to and from the District, school, test administrator, student and returned to the scoring contractor

We consider this internal control deficiency to be a material weakness that led to material noncompliance.

Cause of Condition

District staff were unaware of the requirement to have a test security and building plan at each building where tests are administered and that plans need to address all elements identified in OSPI's templates.

Effect of Condition

Without a documented plan, the District cannot demonstrate it implemented and complied with OSPI's assessment security requirement for all standardized tests it administered in fiscal year 2023.

Recommendation

We recommend the District improve internal controls and establish policies and procedures to comply with OSPI's assessment system security requirements. Specifically, the District should establish written test security building plans for all standardized tests, as OSPI requires, and ensure that plans contain all required elements.

District's Response

Starting with the 2023-24 Spring Smarter Balanced / WCAS administration, the district will require all buildings to complete a Test Security and Building Plan designed using the OSPI template. This will be completed at all buildings that conduct SBA/WCAS testing, including our Online Academy. This will be expanded to include the WIDA ACCESS and ALT-ACCESS and the remaining buildings for the 2024-25 assessment year. All Test Security and Building Plans will be sent to the District Assessment Coordinator at the conclusion of each assignment window for review. Any aspect of the plan found incomplete, missing, or otherwise not meeting standard will be sent back to the Building Assessment Coordinator for completion with guidance from the DAC and then returned to the DAC for final review.

Auditor's Remarks

We thank the District for its cooperation and assistance during the audit and acknowledge its commitment to improving the condition described. We will review the status of this issue during our next audit.

Applicable Laws and Regulations

Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), section 516, Audit findings, establishes reporting requirements for audit findings.

Title 2 CFR Part 200, Uniform Guidance, section 303, Internal controls, describes the requirements for auditees to maintain internal controls over federal programs and comply with federal program requirements.

The American Institute of Certified Public Accountants defines significant deficiencies and material weaknesses in its *Codification of Statements on Auditing Standards*, section 935, Compliance Audits, paragraph 11.

Title 20 U.S. Code section 6311(b)(2)(B)(iii) requires state and local education agencies to establish and maintain valid and reliable assessment systems, consistent with relevant professional and technical standards.

SCHEDULE OF FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Wapato School District No. 207 September 1, 2022 through August 31, 2023

2023-002 The District did not have adequate controls for ensuring compliance with procurement requirements for the Special Education Program.

Assistance Listing Number and Title:	84.027 Special Education – Grants to States 84.027 COVID-19 Special Education – Grants to States 84.173 – Special Education – Preschools Grants 84.173 – COVID-19 Special Education – Preschool Grants
Federal Grantor Name:	U.S. Department of Education
Federal Award/Contract Number:	N/A
Pass-through Entity Name:	Office of Superintendent of Public Instruction
Pass-through Award/Contract Number:	312366, 307709, 371327, 389033, 367108
Known Questioned Cost Amount:	\$0
Prior Year Audit Finding:	N/A

Background

The objective of the Special Education program is to ensure students with disabilities receive a free and appropriate public education. The program has specifically designed instruction addressing the unique needs of each eligible student. During fiscal year 2023, the District spent \$990,471 in federal funds through its Special Education program.

Federal regulations require recipients to establish and maintain internal controls to ensure compliance with program requirements. These controls include understanding program requirements and monitoring the effectiveness of established controls.

When using federal funds to purchase goods and services, governments must apply the more restrictive of federal, state or local laws by obtaining quotes or following a competitive bidding process, depending on the estimated cost of the purchase. Federal regulations and District policy require the District to solicit sealed bids or competitive proposals for personal services more than \$250,000. The District may procure services using noncompetitive proposals when the service is available only from a single source. The District must also keep documentation supporting the procurement method it used.

Description of Condition

The District did not follow its policy and federal regulations for formally procuring a contract for personal services costing more than \$250,000. Specifically, the District contracted with a vendor to provide special education services totaling \$285,001 and charged \$189,997 to the federal program for these services. We determined the District should have formally procured this contract.

We consider this a deficiency in internal controls to be material weakness that led to material noncompliance.

Cause of Condition

Because the District had been unable to fill two special education positions since 2019, it contracted with a vendor to provide annual special education services. The District's contract with the vendor included an hourly rate but did not include a total contract amount. The District did not estimate how much of the contract would be paid through federal funds to determine whether formal procurement would be necessary.

Effect of Condition

Without competitively procuring the services, the District cannot demonstrate it received the best price for the services it purchased or selected the most qualified contractor. Additionally, the District cannot demonstrate that it complied with federal regulations services.

We determined the purchases are allowable under the federal program; therefore, we are not questioning costs.

Recommendation

We recommend the District follow its procurement policy and federal regulations for services and purchases it makes with federal funds.

District's Response

Special education staff for services, such as school psychologist, COTA's, and occupational therapist, are very difficult to attract, hire, and retain. The District has struggled to hire quality staff for these positions since 2019. We have had several openings for these positions with limited viable candidates to select from. In a rare occasion, we have hired staff for these services, the District is unable to retain them due to other offers from consulting agencies. It is difficult to compete with outside agencies and their working amenities. With these limitations, the services to special education students must be provided. We revert to outside agencies that offer temporary staff to provide these services to students. These services cannot be postponed as the District will find itself out of compliance.

The District understands the finding issued under procurement for special education services. In order to ensure we are following District policies, we plan to implement a check list for procuring contract services. The checklist will provide detail steps that must be followed prior to securing a contract with any vendor. We will re-train all administrative staff on the procurement policy and procedure 6220 as well as the new checklist that will be implemented. On an annual basis, policy 6220 and the checklist will be reviewed at our administrative nuts and bolts meeting. This will ensure all administrative staff have a review of the policy and checklist for procuring contract services.

In addition, the business office will implement a process to issue a purchase order for all contract services that will clearly detail the amount of the contract.

Auditor's Remarks

We thank the District for its cooperation and assistance during the audit and acknowledge its commitment to improving the condition described. We will review the status of this issue during our next audit.

Applicable Laws and Regulations

Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), section 516, Audit findings, establishes reporting requirements for audit findings.

Title 2 CFR Part 200, Uniform Guidance, section 303, Internal controls, describes the requirements for auditees to maintain internal controls over federal programs and comply with federal program requirements.

The American Institute of Certified Public Accountants defines significant deficiencies and material weaknesses in its *Codification of Statements on Auditing Standards*, section 935, Compliance Audits, paragraph 11.

Title 2 CFR 200, Uniform Guidance, section 319, Competition, establishes the requirement that all procurement transactions with Federal funds be conducted in a manner providing full and open competition consistent with standards of this section.

Title 2 CFR Part 200, Section 320 – Methods of procurement to be followed, describes each allowable procurement method.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Wapato School District No. 207 September 1, 2022 through August 31, 2023

This schedule presents the status of findings reported in prior audit periods.

Audit Period: September 1, 2021 through August 31, 2022	Report Reference No.: 1032694	Finding Ref. No.: 2022-001	ALN(s): 32.009
Federal Program Name and Granting Agency: COVID 19 – Emergency Connectivity Fund Program; Federal Communications Commission		Pass-Through Agency Name: N/A	
Finding Caption: The District did not have adequate internal controls for ensuring compliance with activities and costs and restricted purpose requirements.			
Background: The District purchased \$587,790 in laptops and Wi-Fi hotspot based on its estimate of unmet need. However, when the District requested grant reimbursement, it did not maintain documentation showing the District provided each laptop and Wi-Fi hotspot with program funds to a student with unmet need and only provided each student with one device. As a result, the District was unable to demonstrate compliance with program requirements.			
Status of Corrective Action: (check one) <input checked="" type="checkbox"/> Fully Corrected <input type="checkbox"/> Partially Corrected <input type="checkbox"/> Not Corrected <input type="checkbox"/> Finding is considered no longer valid			
Corrective Action Taken: <i>The District has implemented a process to ensure a student's unmet need is clearly documented. A device request form was created for the student's parent to fill out and request the device(s) they need. Two separate request forms were created. One request form for a hotspot device and a separate request form for a chrome book device. Both forms include student information such as, student name, school, district ID number, and grade level/teacher. The form also includes parent/guardian information such as, last name, first name, home address, preferred phone number, and parent/guardian e-mail address. The parent/guardian must certify that their student has an unmet need by checking the box by the phrase that is listed on the form stating: "I certify that my student has an unmet need and</i>			

therefore need this device”. Both the student and parent must sign and date the form. When the device is checked out, it is logged into our inventory system as well as the form.

The request form is also used to track the devices checked out to each student to meet compliance with the FCC requirements of per location and per user limitations. Prior to receiving a second device, forms are reviewed to search for the student name and any devices they have requested and checked out.

INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Wapato School District No. 207 September 1, 2022 through August 31, 2023

Board of Directors
Wapato School District No. 207
Wapato, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Wapato School District No. 207, as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated May 15, 2024.

We issued an unmodified opinion on the fair presentation of the District's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because, as described in Note 1, the *Accounting Manual for Public School Districts in the State of Washington* does not require the District to prepare the government-wide statements presenting the financial position and changes in financial position of its governmental activities as required by GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However,

this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

A handwritten signature in black ink, reading "Pat McCarthy". The signature is fluid and cursive, with the first name "Pat" and last name "McCarthy" clearly distinguishable.

INDEPENDENT AUDITOR'S REPORT

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

Wapato School District No. 207 September 1, 2022 through August 31, 2023

Board of Directors
Wapato School District No. 207
Wapato, Washington

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

Opinion on Each Major Federal Program

We have audited the compliance of Wapato School District No. 207, with the types of compliance requirements identified as subject to audit in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2023. The District's major federal programs are identified in the auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on

compliance for each major federal program. Our audit does not provide a legal determination on the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

Performing an audit in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances;
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed; and

- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Federal Award Findings and Questioned Costs as Findings 2023-001 and 2023-002. Our opinion on each major federal program is not modified with respect to these matters.

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the noncompliance findings identified in our compliance audit described in the accompanying Schedule of Federal Award Findings and Questioned Costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified.

However, we identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Federal Award Findings and Questioned Costs as Findings 2023-001 and 2023-002 that we consider to be material weaknesses.

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the internal control over compliance findings identified in our audit described in the accompanying Schedule of Federal Award Findings and Questioned Costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

May 15, 2024

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Wapato School District No. 207 September 1, 2022 through August 31, 2023

Board of Directors
Wapato School District No. 207
Wapato, Washington

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Unmodified and Adverse Opinions

We have audited the financial statements of Wapato School District No. 207, as of and for the year ended August 31, 2023, and the related notes to the financial statements, as listed in the financial section of our report.

Unmodified Opinion on Regulatory Basis of Accounting (Accounting Manual)

As described in Note 1 the District has prepared these financial statements to meet the financial reporting requirements of state law and the accounting practices prescribed by the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual). Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The differences in these accounting practices are also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of Wapato School District No. 207, as of the year ended August 31, 2023, and the regulatory basis of changes in financial position thereof for the year then ended, on the basis of accounting as described in Note 1.

Adverse Opinion on U.S. GAAP

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Wapato School District No. 207, as of August 31, 2023, or the changes in financial position or cash flows thereof for the year then ended, because of the significance of the matter discussed below.

Basis for Unmodified and Adverse Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and *Governmental Auditing Standards*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. GAAP

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. As described in Note 1 of the financial statements, the government-wide financial statements are prepared by the District in accordance with state law using accounting practices prescribed by the Accounting Manual, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Matters of Emphasis

As discussed in Note 1 to the financial statements, in 2023, the District adopted new accounting guidance for the presentation and disclosure for Subscription-Based Information Technology Arrangements (SBITA) related to the implementation of Governmental Accounting Standard No. 96, as required by the Account Manual. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions of state law and the Accounting Manual described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Performing an audit in accordance with GAAS and *Government Auditing Standards* includes the following responsibilities:

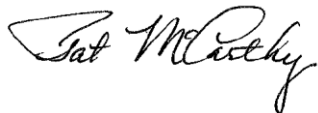

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time; and
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Schedule of Long-Term Liabilities is also presented for purposes of additional analysis, as required by the prescribed Accounting Manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Pat McCarthy, State Auditor

Olympia, WA

Wapato School District
Notes to the Financial Statements
September 1, 2022 Through August 31, 2023

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Wapato School District (District) is a municipal corporation organized pursuant to Title 28A of the Revised Code of Washington (RCW) for the purposes of providing public school services to students in grades K–12. Oversight responsibility for the District's operations is vested with the independently elected board of directors. Management of the District is appointed by and is accountable to the board of directors. Fiscal responsibility, including budget authority and the power to set fees, levy property taxes, and issue debt consistent with provisions of state statutes, also rests with the board of directors.

The District presents governmental fund financial statements and related notes on the modified accrual basis of accounting in accordance with the *Accounting Manual for Public School Districts in the State of Washington*, issued jointly by the State Auditor's Office and the Superintendent of Public Instruction by the authority of RCW 43.09.200, RCW 28A.505.140, RCW 28A.505.010(1) and RCW 28A.505.020. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- (1) Districtwide statements, as defined in GAAP, are not presented.
- (2) A Schedule of Long-Term Liabilities is presented as supplementary information.
- (3) Supplementary information required by GAAP is not presented.
- (4) Property Taxes collected after the end of the fiscal period are not considered available for revenue accrual as described below.

Fund Accounting

Financial transactions of the District are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (or expenses) as appropriate. All funds are considered major funds. The various funds in the report are grouped into governmental (and fiduciary) funds as follows:

Governmental Funds

General Fund

This fund is used to account for all expendable financial resources, except for those that are required to be accounted for in another fund. In keeping with the principle of having as few

funds as are necessary, activities such as food services, maintenance, data processing, printing, and student transportation are included in the General Fund.

Capital Projects Funds

These funds account for financial resources that are to be used for the construction or acquisition of major capital assets. There are two funds that are considered to be of the capital projects fund type: the Capital Projects Fund and the Transportation Vehicle Fund.

Capital Projects Fund. This fund is used to account for resources set aside for the acquisition and construction of major capital assets such as land and buildings.

Transportation Vehicle Fund. This fund is used to account for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment.

Debt Service Fund

This fund is used to account for the accumulation of resources for and the payment of matured general long-term debt principal and interest.

Special Revenue Fund

In Washington state, the only allowable special revenue fund for school districts is the Associated Student Body (ASB) Fund. This fund is accounted for in the District's financial statements as the financial resources legally belong to the District. As a special revenue fund, amounts within the ASB Fund may only be used for those purposes that relate to the operation of the Associated Student Body of the District.

Permanent Funds

These funds are used to report resources that are legally restricted such that only earnings, and not principal, may be expended. Amounts in the Permanent Fund may only be spent in support of the District's programs and may not be used to the benefit of any individual.

Fiduciary Funds

Fiduciary funds include pension and other employee benefit trust funds, private-purpose trust funds, and custodial funds, and are used to account for assets that are held by the District in a fiduciary capacity.

Private-Purpose Trust Fund

This fund is used to account for resources that are legally held in trust by the District. The trust agreement details whether principal and interest may both be spent, or whether only interest may be spent. Money from a Private-Purpose Trust Fund may not be used to support the District's programs, and may be used to benefit individuals, private organizations, or other governments.

Custodial Funds

These funds are used to account for assets that the District holds on behalf of others in a purely custodial capacity.

Measurement focus, basis of accounting, and fund financial statement presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered "measurable" if the amount of the transaction can be readily determined. Revenues are considered "available" when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days after year-end. Categorical program claims and interdistrict billings are measurable and available and are accrued. Property taxes not collected by the fiscal year end are measurable and recorded as a receivable, however the receivable is not considered available revenue and is recorded as a deferred inflow of resources.

Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for unmatured principal and interest on long-term debt which are recorded when due. Purchases of capital assets are expensed during the year of acquisition. For federal grants, the recognition of expenditures is dependent on the obligation date. (Obligation means a purchase order has been issued, contracts have been awarded, or goods and/or services have been received.)

Budgets

Chapter 28A.505 RCW and Chapter 392-123 Washington Administrative Code (WAC) mandate school district budget policies and procedures. The board adopts annual appropriated budgets for all governmental funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Appropriations lapse at the end of the fiscal period.

Budgets are adopted on the same modified accrual basis as used for financial reporting. Fund balance is budgeted as available resources and, under statute, may not be negative, unless the District enters into binding conditions with state oversight pursuant to RCW 28A.505.110.

The government's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The District receives state funding for specific categorical education-related programs. Amounts that are received for these programs that are not used in the current fiscal year may be carried forward into the subsequent fiscal year, where they may be used only for the same purpose as they were originally received. When the District has such carryover, those funds are expended before any amounts received in the current year are expended.

Additionally, the District has other restrictions placed on its financial resources. When expenditures are recorded for purposes for which a restriction or commitment of fund balance is available, those funds that are restricted or committed to that purpose are considered first before any unrestricted or unassigned amounts are expended.

The government's fund balance classifications policies and procedures.

The District classifies ending fund balance for its governmental funds into five categories.

Nonspendable Fund Balance. The amounts reported as Nonspendable are resources of the District that are not in spendable format. They are either non-liquid resources such as inventory or prepaid items, or the resources are legally or contractually required to be maintained intact.

Restricted Fund Balance. Amounts that are reported as Restricted are those resources of the District that have had a legal restriction placed on their use either from statute, WAC, or other legal requirements that are beyond the control of the board of directors. Restricted fund balance includes anticipated recovery of revenues that have been received but are restricted as to their usage.

Committed Fund Balance. Amounts that are reported as Committed are those resources of the District that have had a limitation placed upon their usage by formal action of the District's board of directors. Commitments are made either through a formal adopted board resolution or are related to a school board policy. Commitments may only be changed when the resources are used for the intended purpose or the limitation is removed by a subsequent formal action of the board of directors.

Assigned Fund Balance. In the General Fund, amounts that are reported as Assigned are those resources that the District has set aside for specific purposes. These accounts reflect tentative management plans for future financial resource use such as the replacement of equipment or the assignment of resources for contingencies. Assignments reduce the amount reported as Unassigned Fund Balance, but may not reduce that balance below zero.

In other governmental funds, Assigned fund balance represents a positive ending spendable fund balance once all restrictions and commitments are considered. These resources are only available

for expenditure in that fund and may not be used in any other fund without formal action by the District's board of directors and as allowed by statute.

The Superintendent and Director of Fiscal Services are the only persons who have the authority to create Assignments of fund balance.

Unassigned Fund Balance. In the General Fund, amounts that are reported as Unassigned are those net spendable resources of the District that are not otherwise Restricted, Committed, or Assigned, and may be used for any purpose within the General Fund.

In other governmental funds, Unassigned fund balance represents a deficit ending spendable fund balance once all restrictions and commitments are considered.

A negative Unassigned fund balance means that the legal restrictions and formal commitments of the District exceed its currently available resources.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The District also remits funds to Educational Service District No. 105(ESD105) for payment of the district's unemployment compensation benefits which are a liability of the District. ESD105 is the trustee of a risk sharing unemployment compensation pool formed in 1988. Twenty school districts participate in the pool which is governed by a cooperative pool agreement. According to the cooperative pool agreement, only upon dissolution of the pool would the district be entitled to its equitable share of the assets remaining in the pool after all liabilities of each district have been paid. The Investments/Cash held by Trustee represents the district's share of assets currently held by ESD105 on behalf of the district before all liabilities of the pool have been paid. The funds held by ESD105 are not considered readily available to the district.

Inventory

Inventory is valued at cost using the first-in, first-out (FIFO) method. The consumption method of inventory is used, which charges inventory as an expenditure when it is consumed. A portion of fund balance, representing inventory, is considered Nonspendable. *(Such reserves for inventory indicate that a portion of net current assets is set aside to replace or increase the inventory.)* USDA commodity inventory consists of food donated by the United States Department of Agriculture. It is valued at the prices paid by the USDA for the commodities.

Accounting and Reporting Changes

Subscription-Based Information Technology Arrangements (SBITA)

For the year ended August 31, 2023, the district implemented guidance for the presentation and disclosures of Subscription-Based Information Technology Arrangements (SBITA), as required by the School District Accounting Manual. These changes were in response to the provisions of GASB Statement No. 96.

As a result, beginning balances for SBITA liabilities presented on the Schedule of Long-Term Liabilities have been restated to reflect implementation of these requirements.

Information regarding the District's SBITAs are presented in the subsequent note, as applicable.

NOTE 2: DEPOSITS AND INVESTMENTS

The Yakima County Treasurer is the *ex officio* treasurer for the District and holds all accounts of the District. The District directs the County Treasurer to invest those financial resources of the District that the District has determined are not needed to meet the current financial obligations of the District.

The district's deposits and certificates of deposit are mostly covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

The district's participation in the Yakima County Treasurer is voluntary and the pool does not have a credit rating. The district reports its investment in the pool at the fair value amount, which is [not] the same as the value of the pool per share. The fair value of the district's investment in the pool is measured using a net asset value (NAV) as determined by the pool. The pool maintains a (duration/weighted average maturity) of 1.818.

All of the District's investments during the year and at year-end were insured or registered and held by the District or its agent in the District's name.

Washington State statutes authorize the district to invest in the following types of securities:

- County Treasurer Investment Pools.

The District's investments as of August 31, 2023, are as follows:

Type of Investment	(District's) own investments	Investments held by (district) as an agent for other organizations	Total
County Treasurer's Investment Pool	\$14,117,166		\$14,117,166
Total	\$14,117,166		\$14,117,166

NOTE 3: SIGNIFICANT CONTINGENT LIABILITIES

Litigation

The District has no known legal obligations that would materially impact the financial position of the District.

NOTE 4: SIGNIFICANT EFFECTS OF SUBSEQUENT EVENTS

COVID-19 Pandemic

In February 2020, Governor Inslee declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus were ordered. These measures included closing schools, canceling public events, limiting gathering sizes, and requiring people to stay home unless they were leaving for an essential function. On April 6, 2020, the Governor closed all public and private K–12 school buildings throughout the remainder of the 2019–20 school year and continuing through the 2020-21 school year. The school district, however, continues to operate, educating students using continuous learning models. Many of the precautionary measures put in place during the 2019–20 school year remain in effect; and are affecting the district for the 2023-2024 school year in new ways.

Many of the precautionary measures put in place during the 2019–20 school year have expired. Although, COVID-19 illness protocol still remains for all employees and students. The district is in an in person educational model for the 2022–23 school year.

The district has experienced decreasing enrollment beginning in the 2020–2021 and continuing to the 2021-2022 school year. The District seen a slight increase in enrollment for 22-23 school year. Kindergarten cohorts coming into the District continue to be small in comparison to pre COVID-19. The District continues to closely monitor staffing allocations and budget. The District makes adjustments as needed.

The length of time these measures will be in place, and the full extent of the financial impact on the school district, is unknown at this time.

NOTE 5: PENSION PLANS

General Information

The Washington State Department of Retirement Systems (DRS), a department within the primary government of the state of Washington, prepares a stand-alone annual comprehensive financial report that includes financial statements and required supplementary information for each pension plan. The pension plan's basic financial statement is accounted for using the accrual basis of accounting. The measurement date of the pension plans is June 30. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The school district is reporting the net pension liability in the notes and on the Schedule of Long-term Liabilities calculated as the district's proportionate allocation percentage multiplied by the total plan collective net pension liability. The DRS total collective net pension liabilities for the pension plans school districts participate in are shown here.

The Collective Net Pension Liability (Asset)

The collective net pension liability or asset for the pension plans districts participated in are reported in the following tables.

The Collective Net Pension Liability or (Asset) as of June 30, 2023				
	Total Pension Liability	Plan fiduciary net position	Participating employers' net pension liability or (Asset)	Plan fiduciary net position as a percentage of the total pension liability
PERS 1	11,508,253,000	9,225,521,000	2,282,732,000	80.16%
SERS 2/3	9,283,864,000	9,427,008,000	(143,144,000)	101.54%
TRS 1	8,491,576,000	7,225,059,000	1,266,517,000	85.09%
TRS 2/3	24,937,867,000	25,060,682,000	(122,815,000)	100.49%

Detailed information about the pension plans' fiduciary net position is available in the separately issued DRS report. Copies of the report may be obtained by contacting the Washington State Department of Retirement Systems, P.O. Box 48380, Olympia, WA 98504-8380; or online at [Annual Comprehensive Financial Report](#) or <http://www.drs.wa.gov>.

Membership Participation

Substantially all school district full-time and qualifying part-time employees participate in one of the following three contributory, multi-employer, cost-sharing statewide retirement systems managed by DRS: Teachers' Retirement System (TRS), Public Employees' Retirement System (PERS) and School Employees' Retirement System (SERS).

Membership & Plan Benefits

Certificated employees are members of TRS. Classified employees are members of PERS (if Plan 1) or SERS. Plan 1 under the TRS and PERS programs are defined benefit pension plans whose members joined the system on or before September 30, 1977. TRS 1 and PERS 1 are closed to new entrants.

TRS Plan Information

TRS was established in 1938, and its retirement provisions are contained in Chapters 41.32 and 41.34 RCW. TRS eligibility for membership requires service as a certificated, public-school employee working in an instructional, administrative, or supervisory capacity. TRS is a cost-sharing multi-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a defined benefit plan with a defined contribution component.

TRS is comprised of three separate plans for accounting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is a single plan for accounting purposes.

TRS Plan 1 provides retirement, disability, and death benefits. Retirement benefits are calculated using 2% of the member's Average Final Compensation (AFC) times the member's years of service – up to a maximum of 60%. AFC is the average of the member's two consecutive highest-paid fiscal years.

Members are eligible for retirement at any age after 30 years of service, at the age of 60 with five years of service, or at the age of 55 with 25 years of service. Other benefits include temporary and permanent disability payments, an optional cost-of-living adjustment (COLA).

TRS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits for Plan 2 are calculated using 2% of the member's Average Final Compensation (AFC) times the member's

years of service. Retirement defined benefits for Plan 3 are calculated using 1% of AFC times the member's years of service. AFC is the monthly average of the member's 60 consecutive highest-paid service credit months. TRS Plan 2/3 has no cap on years of service credit.

Members are eligible for retirement with a full benefit at age 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. TRS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older are eligible for early retirement with a reduced benefit. The benefit is reduced by a factor that varies according to age for each year before age 65. TRS Plan 2/3 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit.

Other TRS Plan 2/3 benefits include a Cost-of-Living Adjustment (COLA) based on the Consumer Price Index, capped at 3% annually.

Annuities purchased with plan 3 defined contributions that are invested within the WSIB TAP are considered defined benefits. Plan 3 WSIB TAP annuities are actuarially reduced if a survivor benefit is chosen and TAP annuities include a COLA of 3% annually.

TRS Plan 3 defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. Members are eligible to withdraw their defined contribution upon separation. Members have multiple withdrawal options, including purchase of an annuity.

PERS Plan Information

PERS was established in 1947, and its retirement benefit provisions are contained in Chapters 41.34 and 41.40 RCW. PERS is a cost-sharing, multiple-employer retirement system. PERS Plan 1 provides retirement, disability, and death benefits. Retirement benefits are determined as 2% times the member's Average Final Compensation (AFC) times the member's years of services. AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service.

PERS Plan 1 retirement benefits are actuarially reduced if a survivor benefit is chosen. Members retiring from inactive status before age 65 may also receive actuarially reduced benefits. Other benefits include an optional Cost-of-Living Adjustment (COLA).

SERS Plan Information

SERS was established by the legislature in 1998, and the plan became effective in 2000. SERS retirement benefit provisions are established in Chapters 41.34 and 41.35 RCW. SERS members include classified employees of school districts and educational service districts. SERS is a cost-sharing, multiemployer retirement system comprised of two separate plans for membership purposes. SERS Plan 2 is a defined benefit plan and SERS Plan 3 is a defined benefit plan with a defined contribution component.

Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries. Therefore, Plan 2/3 is a single plan for accounting purposes.

SERS provides retirement, disability, and death benefits. Retirement benefits for Plan 2 are calculated as 2% times the member's Average Final Compensation (AFC) times the member's years of service. Defined benefits for Plan 3 are calculated using 1% times the member's AFC times the member's years of service. AFC is the monthly average of the member's 60 consecutive highest-paid service credit months.

Members are eligible for retirement with a full benefit at age 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. SERS members who have at least 20 years of service credit and are 55 years of age or older are eligible for early retirement with a reduced benefit. The benefit is reduced by a factor that varies according to age for each year before age 65.

SERS Plan 2/3 retirement benefits are actuarially reduced if a survivor benefit is chosen.

Other SERS Plan 2/3 benefits include a Cost-of-Living Adjustment (COLA) based on the Consumer Price Index, capped at 3% annually.

SERS 3 defined contributions benefits are totally dependent on employee contributions and the investment earnings on those contributions. Annuities purchased with plan 3 defined contributions that are invested within the WSIB TAP are considered defined benefits. Plan 3 WSIB TAP annuities are actuarially reduced if a survivor benefit is chosen and TAP annuities include a 3% annually.

Plan Contributions

The employer contribution rates for PERS, TRS, and SERS (Plans 1, 2, and 3) and the TRS and SERS Plan 2 employee contribution rates are established by the Pension Funding Council based upon the rates set by the Legislature. The methods used to determine the contribution requirements are established under state statute in accordance with Chapters 41.40 and 41.45 RCW for PERS, Chapters 41.35 and 41.45 RCW for SERS, and Chapters 41.32 and 41.45 RCW for TRS. Employers do not contribute to the defined contribution portions of TRS Plan 3 or SERS Plan 3. Under current law the employer must contribute 100 percent of the employer-required contribution. The employee contribution rate for Plan 1 in PERS and TRS is set by statute at six percent and does not vary from year to year.

The employer and employee contribution rates for all plans were effective as of September 1, 2022. PERS contribution rates changed on July 1, 2023. The pension plan contribution rates (expressed as a percentage of covered payroll) for fiscal year 2023 are listed below:

	From this date	Through this date	Member rate	Employer rate	
PERS 1	7/1/2022	6/30/2023	6.00%	10.39%	
PERS 1	7/1/2023	8/31/2023	6.00%	9.39%	
SERS 2	9/1/2022	8/31/2023	7.76%	11.79%	
SERS 3	9/1/2022	8/31/2023	*	11.79%	**
TRS 1	9/1/2022	8/31/2023	6.00%	14.69%	
TRS 2	9/1/2022	8/31/2023	8.05%	14.69%	
TRS 3	9/1/2022	8/31/2023	*	14.69%	**
<i>Note: The Employer rates include .0018 DRS administrative expense.</i>					
* – TRS and SERS Plan 3 Employee Contribution Variable from 5% to 15% based on rate selected by the employee member.					
** – TRS and SERS Plan 2/3 Employer Contributions for defined benefit portion only.					

The School District's Proportionate Share of the Net Pension Liability (Asset)

At June 30, 2023, the school district reported a total liability of \$4,848,365 for its proportionate shares of the individual plans' collective net pension liability and \$779,425 for its proportionate shares of net pension assets. Proportions of net pension amounts are based on annual contributions for each of the employers participating in the DRS administered plans. At June 30, 2023 the district's proportionate share of each plan's net pension liability is reported below:

June 30, 2023	PERS 1	SERS 2/3	TRS 1	TRS 2/3
District's Annual Contributions	362,109	726,517	1,549,187	1,944,918
Proportionate Share of the Net Pension Liability (Asset)	1,213,028	(426,423)	3,635,337	(353,002)

At June 30, 2023, the school district's percentage of the proportionate share of the collective net pension amount was as follows and the change in the allocation percentage from the prior period is illustrated below.

Change in Proportionate Shares	PERS 1	SERS 2/3	TRS 1	TRS 2/3
Current year proportionate share	0.053139%	0.297898%	0.287034%	0.287426%
Prior year proportionate share	0.054316%	0.292879%	0.275964%	0.278657%
Net difference percentage	-0.001177%	0.005019%	0.011070%	0.008770%

Actuarial Assumptions

The total pension liabilities for TRS 1, TRS 2/3, PERS 1 and SERS 2/3 were determined by actuarial valuation as of June 30, 2022, with the results rolled forward to June 30, 2023, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation	2.75% total economic inflation, 3.25% salary inflation
Salary increases	In addition to the base 3.25% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
Investment rate of return	7.00%

Mortality Rates

Mortality rates used in the plans were developed using the Society of Actuaries' Pub.H-2010 Mortality rates, which vary by member status as the base table. OSA applies age offsets for each system to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale to project mortality rates for every year after the 2010 base table. The actuarial assumptions used in the June 30, 2022, valuation were based on the results of the *2013–2018 Demographic Experience Study Report and the 2021 Economic Experience Study*. Additional assumptions for subsequent events and law changes are current as of the 2022 actuarial valuation report.

Long-term Expected Rate of Return

OSA selected a 7.00% long-term expected rate of return on pension plan investments using a building-block method. In selecting the assumptions, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns the Washington State Investment Board (WSIB) provided.

The CMAs contain three pieces of information for each class of assets the WSIB currently invest in:

- Expected annual return
- Standard deviation of the annual return
- Correlations between the annual returns of each asset class with every other asset class

WSIB uses the CMAs and their target asset allocation to simulate future investment returns over various time horizons.

The expected future rates of return are developed by the WSIB for each major asset class.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2021, are summarized in the following table:

TRS 1, TRS 2/3, PERS 1, and SERS 2/3		
Asset Class	Target Allocation	% Long-term Expected Real Rate of Return
Fixed Income	20.00%	1.50%
Tangible Assets	7.00%	4.70%
Real Estate	18.00%	5.40%
Global Equity	32.00%	5.90%
Private Equity	23.00%	8.90%

The inflation component used to create the above table was 2.20% and represents WSIB's long-term estimate of broad economic inflation consistent with their 2021 CMAs.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. To determine the discount rate, an asset sufficiency test was completed to test whether the pension plan's fiduciary net position was sufficient to make all projected future benefit payments of current plan members.

Based on the assumptions described in the DRS Certification Letter, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return, a 7.00% on pension plan investments was applied to determine the total pension liability or (asset).

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following table presents the Wapato School District's proportionate share of the collective net pension liability or asset calculated using the discount rate of 7.00%, as well as what the net pension liability or asset would be if it were calculated using a discount rate that is 1 percentage-point lower (6.00%) or 1 percentage-point higher (8.00%) than the current rate. Amounts are calculated using the school district's specific allocation percentage, by plan, to determine the proportionate share of the collective net pension liability or asset.

Sensitivity of the Net Pension Liability or Asset to Changes in the Discount Rate			
	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
PERS 1	\$3,189,149,000	\$2,282,732,000	\$1,491,643,000
Allocation Percentage	0.053139%	0.053139%	0.053139%
Proportionate Share	\$1,694,692	\$1,213,028	\$792,649
SERS 2/3	\$1,168,408,000	(\$143,144,000)	(\$1,224,160,000)
Allocation Percentage	0.297898%	0.297898%	0.297898%
Proportionate Share	\$3,480,660	(\$426,423)	(\$3,646,744)
TRS 1	\$1,927,853,000	\$1,266,517,000	\$688,424,000
Allocation Percentage	0.287034%	0.287034%	0.287034%
Proportionate Share	\$5,533,598	\$3,635,337	\$1976,012
TRS 2/3	\$3,965,509,000	(\$122,815,000)	(\$3,446,561,000)
Allocation Percentage	0.287426%	0.287426%	0.287426%
Proportionate Share	\$11,397,908	(\$353,002)	(\$9,906,316)

NOTE 6: ANNUAL OTHER POST-EMPLOYMENT BENEFIT COST AND NET OPEB OBLIGATIONS

The state, through the Health Care Authority (HCA), administers a defined benefit other post-employment benefit (OPEB) plan that is not administered through a qualifying trust. The Public Employees Benefits Board (PEBB), created within the HCA, is authorized to design benefits, and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria for both active and retired employees. Benefits purchased by PEBB include medical, dental, life insurance and long-term disability insurance.

The relationship between the PEBB OPEB plan and its member employers and their employees and retirees is not formalized in a contract or plan document. Rather, the benefits are provided in accordance with a substantive plan. A substantive plan is one, which the employers and plan members understand the plan terms. This understanding is based on communications between the

HCA, employers and plan members, and historical pattern of practice with regards to sharing of benefit costs.

Employers participating in the plan include the state of Washington (which includes general government agencies and higher education institutions), political subdivisions and tribal governments. Additionally, the PEBB plan is available to the retirees of the K–12 school districts and ESDs. The District's retirees (approximately 149) are eligible to participate in the PEBB plan under this arrangement.

Eligibility

District members are eligible for retiree medical benefits after becoming eligible for service retirement pension benefits (either reduced or full pension benefits) Under PERS 1, 2, 3; TRS 1, 2, or 3; or SERS 2 and 3 plans.

Former members who are entitled to a deferred vested pension benefit are not eligible to receive medical and life insurance benefits after pension benefit commencement. Survivors of covered members who die are eligible for medical benefits.

Medical Benefits

Upon retirement, members are permitted to receive medical benefits. Retirees pay the following monthly rates for pre-65 medical coverage for 2023.

Members not eligible for Medicare			
(or enrolled in Part A only)	Type of Coverage		
Descriptions	Employee	Employee & Spouse	Full Family
Kaiser Permanente NW Classic	\$841.77	\$1,678.60	\$2,306.22
Kaiser Permanente NW CDHP	\$700.40	\$1,394.80	\$1,870.59
Kaiser Permanente WA Classic	\$836.57	\$1,668.20	\$2,291.92
Kaiser Permanente WA CDHP	\$699.88	\$1,393.04	\$1,869.16
Kaiser Permanente WA Sound Choice	\$715.63	\$1,426.32	\$1,959.34
Kaiser Permanente WA Value	\$764.09	\$1,523.24	\$2,092.60
UMP Classic	\$805.36	\$1,605.78	\$2,206.10
UMP Select	\$729.13	\$1,453.32	\$1,996.46
UMP CDHP	\$704.42	\$1,402.12	\$1,881.65
UMP Plus-Puget Sound High Value Network	\$766.95	\$1,528.96	\$2,100.47
UMP Plus-UW Medicine Accountable Care Network	\$766.95	\$1,528.96	\$2,100.47

Retirees enrolled in Medicare Parts A and B receive an explicit subsidy in the form of reduced premiums on Medicare supplemental plans. Retirees pay the following monthly rates.

Members enrolled in Part A and B of Medicare	Type of Coverage		
Descriptions	<u>Employee</u>	<u>Employee & Spouse¹</u>	<u>Full Family¹</u>
Kaiser Permanente NW Senior Advantage	\$176.13	\$347.32	\$974.94
Kaiser Permanente WA Medicare Plan	\$174.59	\$344.24	N/A
Kaiser Permanente WA Classic	N/A	N/A	\$967.96
Kaiser Permanente WA Sound Choice	N/A	N/A	\$877.26
Kaiser Permanente WA Value	N/A	N/A	\$913.60
UMP Classic	\$438.34	\$871.74	\$1,472.06
Note 1: Employee–Spouse and Full Family with two Medicare eligible subscribers.			

Funding Policy

The School Employees Benefits Board (SEBB) Program administers health insurance and other benefits to all employees in school districts and charter schools, and union-represented employees of educational service districts in Washington. The SEBB studies, designs, and approves comprehensive and cost-effective insurance benefit plans for school employees and establishes eligibility criteria for participation in these plans. The SEB Board is separate and independent from the Public Employees Benefits Board (PEBB).

The funding policy is based upon pay-as-you go financing.

The SEBB collects benefit premiums from all school district entities for covered employees. The premium includes a fee, established in state law. The purpose of this fee is to cover the impact of the subsidized rate of health care benefits for school retirees who elect to purchase their health care benefits through the state Health Care Authority PEBB plan. The amount collected is set forth in the state's operating budget and is subject to change on an annual basis. This amount is not actuarially determined and is not placed in a trust to pay the obligations for post-employment health care benefits.

For the fiscal year 2022-23, the Wapato School District paid \$6,488,916.07 in total to HCA-SEBB.

The District has no control over the benefits offered to retirees, the rates charged to retirees, nor the fee paid to the Health Care Authority. The District does not determine its annual required

contribution, nor the net other post-employment benefit obligation associated with this plan. These amounts are not shown on the financial statements.

For further information on the results of the actuarial valuation of the employer provided subsidies associated with the state's PEBB plan, refer to the [Office of the State Actuary](#). The plan does not issue a separate report; however, additional information is included in the State of Washington Annual Comprehensive Financial Report, which is available on the [OFM](#) website

NOTE 7: LEASES

The District is committed to various leases for copying and mailing equipment. The copier lease arrangements are as follows: Individual copier leases are for a term of 60 months with an option to purchase equipment at fair market value at the end of the lease or to trade in equipment. The mailing lease arrangement is as follows: The mailing equipment lease is for a term of 63 months with the option to renew at the end of the lease. The lease cost for all leases is divided into equal payments for the term of the lease plus applicable taxes. The District recognized \$50,675.04 in outflows in the reporting period not previously included in the lease calculations and/or other outflows.

As of August 31, 2023 the principal and interest requirements to maturity as follows:

	Leases		
Years Ending August 31	Principal	Interest	Total
2024	\$ 17,830.88	\$ 204.86	\$ 18,035.74
2025	\$ 1,866.26	\$ 61.54	\$ 1,927.80
2026	\$ 1,903.93	\$ 23.87	\$ 1,927.80
2027	\$ 160.38	\$.27	\$ 160.65
Total	\$ 27,761.45	\$ 290.54	\$ 22,051.99

Changes in lease liabilities are presented in the accompanying Schedule of Long-Term Liabilities.

NOTE 8: SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The District is committed to various SBITA's for curriculum, telephone services, transportation mapping, and online enrollment. Terms and conditions vary from each of the SBITA's listed above. The District recognized \$385,505.04 in outflows in the reporting period not previously included in the SBITA's calculations and/or outflows. The District did not recognize any outflows for payments such as, termination penalties, not previously included in the measurement of the subscription liability.

As of August 31, 2023, the principal and interest requirements to maturity are as follows:

Year ended August 31	Principal	Interest	Total
2024	\$116,479.68	\$7,957.05	\$124,436.73
2025	\$394,686.17	\$6,691.63	\$401,377.80
2026	\$394,686.17	\$3,994.76	\$398,680.93
2027	\$116,479.68	\$1,252.13	\$117,731.81

Changes in SBITA liabilities are presented in the accompanying Schedule of Long-Term Liabilities.

Note 9: REQUIRED DISCLOSURES ABOUT CAPITAL ASSETS

The District's capital assets are insured in the amount of \$129,246,281 for fiscal year 2023. In the opinion of the District's insurance consultant, the amount is sufficient to adequately fund replacement of the District's assets.

NOTE 10: LONG-TERM DEBT

Long-Term Debt

The accompanying Schedule of Long-Term Liabilities provides more details of the outstanding debt and liabilities of the district and summarizes the district's debt transactions for year ended August 31, 2023.

The following is a summary of changes in long-term debt of the District for the fiscal year ended August 31, 2023:

Governmental activities	Balance at Sept. 1, 2022	Increases	Decreases	Balance at Aug. 31, 2023	Due within One Year
General Obligation Bonds	\$14,331,813.66		\$918,906	\$13,412,907.66	\$947,118
Total	\$14,331,813.66		\$918,906	\$13,412,907.66	\$947,118

Long-term debt at August 31, 2023, are comprised of the following individual issues:

Issue Name	Amount Authorized	Annual Installments	Final Maturity	Interest Rate(s)	Amount Outstanding
General Obligation Bonds					
2020	\$14,934,434	\$918,906	12/1/35	1.65%	\$13,412,907
Total	\$14,934,434	\$918,906			\$13,412,907

Debt service requirements on long-term debt as of August 31, 2023, are as follows:

	Bonds		
Years Ending August 31	Principal	Interest	Total
2024	\$ 947,118.03	\$ 213,499.25	\$ 1,160,617.28
2025	\$ 979,345.48	\$ 197,605.92	\$ 1,176,951.40
2026	\$ 1,007,259.68	\$ 181,216.43	\$ 1,188,476.11
2027	\$ 1,034,324.46	\$ 164,373.36	\$ 1,198,697.82
2028	\$ 1,066,365.82	\$ 147,042.66	\$ 1,213,408.48
2029–2033	\$ 7,080,219.36	\$ 456,927.20	\$ 7,537,146.56
2034–2035	\$ 1,298,274.48	\$ 42,578.39	\$ 1,340,852.87
Total	\$13,412,907.31	\$1,403,243.21	\$14,816,150.52

At August 31, 2023, the District had \$1,089,630.65 available in the Debt Service Fund to service the general obligation bonds.

NOTE 11: INTERFUND BALANCES AND TRANSFERS

The following table depicts interfund transfer activity:

Transferred From (Fund) 535 or 536	Transferred To (Fund) 965 9900 or 9901	Amount	Description
General	Capital Projects Fund	\$200,000	Transfer for District projects
General	Transportation Vehicle Fund	\$120,000	Transfer for bus purchases

NOTE 12: ENTITY RISK MANAGEMENT ACTIVITIES

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Wapato School District is a member of Schools Insurance Association of Washington (SIAW). Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a program or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that

they may individually purchase insurance, self-insure, or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The program was formed on September 1, 1995, when seven mid-sized school districts in the state of Washington joined together by signing an Interlocal Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. Membership as of August 31, 2023 includes 37 school districts.

The program allows members to jointly purchase insurance coverage and provide related services, such as administration, risk management, claims administration, etc. Coverage for Wrongful Acts Liability, Miscellaneous Professional Liability, and Employee Benefit Liability is on a claims-made basis. All other coverages are on an occurrence basis. The program provides the following forms of group-purchased insurance coverage for its members: Property, Earthquake, General Liability, Auto Liability, Equipment Breakdown, Crime, Wrongful Acts Liability, and Cyber Liability.

The program acquires Liability insurance through their administrator, Clear Risk Solutions, which is subject to a per-occurrence Self-Insured Retention (SIR) of \$500,000. Members are responsible for a standard deductible of \$5,000 for each claim (some member deductibles vary), while the program is responsible for the \$500,000 SIR. Insurance carriers cover insured losses over \$505,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$500,000 SIR. The program also purchases a Stop Loss Policy with an attachment point of \$9,695,600, which is fully funded in its annual budget.

Property insurance is subject to a per-occurrence SIR of \$500,000. Members are responsible for a \$10,000 deductible for each claim (some member deductibles vary), while the program is responsible for the \$500,000 SIR. Insurance carriers cover insured losses over \$510,000 to the limits of each policy. Equipment Breakdown insurance is subject to a per-occurrence deductible of \$10,000. Members are responsible for the deductible amount of each claim.

Privacy, Security, and Technology (Cyber) insurance is subject to a per-occurrence SIR of \$250,000. Members are responsible for a \$25,000 deductible for each claim, while the program is responsible for the remaining \$225,000 SIR.

Members contract to remain in the program for one year and must give notice before December 31 to terminate participation the following September 1. Renewal of the Interlocal Agreement occurs automatically each year. Even after termination, a member is still responsible for contributions to the program for any unresolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Agreement.

The program is fully funded by its member participants. Claims are filed by members with Clear Risk Solutions, which has been contracted to perform program administration, claims adjustment and administration, and loss prevention for the program. Fees paid to the third-party administrator under this arrangement for the year ending August 31, 2023, were \$3,297,083.

A board of directors, consisting of eight members, is selected by the membership from the east and west side of the state and is responsible for conducting the business affairs of the program. The board of directors has contracted with Clear Risk Solutions to perform day-to-day administration of the program. This program has no employees.

NOTE 13: PROPERTY TAXES

Property tax revenues are collected as the result of special levies passed by the voters in the District. Taxes are levied on January 1. The taxpayer has the obligation of paying all taxes on April 30 or one-half then and one-half on October 31. Typically, slightly more than half of the collections are made on the April 30 date. The tax collections occurring after the end of the fiscal period are unavailable for revenue accrual. Therefore, the fall portion of property taxes is not accrued as revenue. Instead, the property taxes due after the end of the fiscal period are recorded as a deferred inflow of resources.

NOTE 14: JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATIONS

The District is a member of the King County Director's Association (KCDA). KCDA is a purchasing cooperative designed to pool the member districts' purchasing power. The board authorized joining the association by passing Resolution 6-75 dated March 6, 1975, and has remained in the joint venture ever since. The District's current equity of \$41,708.98 is the accumulation of the annual assignment of KCDA's operating surplus based upon the percentage derived from KCDA's total sales to the District compared to all other districts applied against paid administrative fees. The District may withdraw from the joint venture and will receive its equity in ten annual allocations of merchandise or 15 annual payments.

NOTE 15: FUND BALANCE CLASSIFICATION DETAILS

The District's financial statements include the following amounts presented in the aggregate.

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportatio n Vehicle Fund
Nonspendable Fund Balance					
Inventory and Prepaid Items	\$74,785.69				
Restricted Fund Balance					
For Other Items					
For Fund Purpose		\$318,839.64			\$1,189,817.21
For Carryover of Restricted Revenues	\$866,825.35				
For Skill Centers					
For Carryover of Food Service Revenue					
For Debt Service				\$1,089,630.65	
For Arbitrage Rebate					
For Self-Insurance					
For Uninsured Risks					
Restricted from Bond Proceeds					
Restricted from State Proceeds					
Restricted from Federal Proceeds					
Restricted from Other Proceeds					
Restricted from Impact Fee Proceeds					
Restricted from Mitigation Fee Proceeds					
Restricted from Undistributed Proceeds					
Committed Fund Balance					
Committed from Levy Proceeds					

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportation Vehicle Fund
For Economic Stabilization					
Other Commitments					
Assigned Fund Balance					
Contingencies	\$3,524,480.86				
Other Capital Projects	\$3,000,000.00				
Other Purposes					
Fund Purposes			\$823,157.25		
Unassigned Fund Balance	\$7,953,293.69				

The board of directors has established a minimum fund balance policy for the general fund to provide for financial stability and contingencies within the District. The policy is that the District shall maintain an average of eight percent of revenues. Portions of fund balance that are set aside for the purpose of meeting this policy are recorded on the financial statements as a part of Unassigned fund balance.

NOTE 16: DEFINED CONTRIBUTION PENSION AND OPEB PLANS

457 Plan – Deferred Compensation Plan

(District employees have the option of participating in a deferred compensation plan as defined in §457 of the Internal Revenue Code that is administered by the state deferred compensation plan, or the District. The District does not make employer contributions to the plan.)

403(b) Plan – Tax Sheltered Annuity (TSA)

The District offers a tax deferred annuity plan for its employees. The plan permits participants to defer a portion of their salary until future years under two types of deferrals: elective deferrals (employee contribution) and non-elective contribution (employer matching) at {contribution rate in dollars or as a percentage of salary}. The employer contribution rate is set by {authority under which rates are established, such as the District's governing body or a union contract}.

The District complies with IRS regulations that require school districts to have a written plan to include participating investment companies, types of investments, loans, transfers, and various requirements. The plan is administered by a third party administrator. Plan assets are assets of the District employees, not the school district, and are therefore not reflected on the financial statements.

Voluntary Employees' Benefits Association (VEBA)

VEBA Trust is a non-profit, multiple employee voluntary employees' beneficiary association authorized under Internal Revenue Code 501(c)(g). The Trust is managed by a board of trustees appointed by the Association of Washington School Principals, Washington Association of School Administrators, and Washington Association of School Business Officials. The Trust provides health reimbursement plan for employees and eligible dependents. The plan can be used to reimburse employees for qualified health expenses during employment and after retirement. The terms of the WEA collective bargaining arrangements and administrative agreements specify the district's employer contribution rate of \$100 per month, two days equal to per diem, and a one-time contribution of \$550.00. Plan assets are assets of the District employees, not the school district, and are therefore not reflected on the financial statements.

NOTE 17: TERMINATION BENEFITS

Compensated Absences

Employees earn sick leave at a rate of 12 days per year up to a maximum of one contract year.

Under the provisions of RCW 28A.400.210, sick leave accumulated by District employees is reimbursed at death or retirement at the rate of one day for each four days of accrued leave, limited to 180 accrued days. This chapter also provides for an annual buyout of an amount up to the maximum annual accumulation of 12 days. For buyout purposes, employees may accumulate such leave to a maximum of 192 days, including the annual accumulation, as of December 31 of each year.

These expenditures are recorded when paid, except termination sick leave that is accrued upon death, retirement, or upon termination provided the employee is at least 55 years of age and has sufficient years of service. Vested sick leave was computed using the termination payment method.

Vacation pay, including benefits, that is expected to be liquidated with expendable available financial resources is reported as expenditures and a fund liability of the governmental fund that will pay it.

Wapato School District No. 207

Schedule of Long-Term Liabilities

For the Year Ended August 31, 2023

Description	Beginning Outstanding Debt September 1, 2022	Amount Issued / Increased	Amount Redeemed / Decreased	Ending Outstanding Debt August 31, 2023	Amount Due Within One Year

WAPATO SCHOOL DISTRICT NO. 207

Notes to the Schedule

For the Year Ending August 31, 2023

NOTE 1 – BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting. Expenditures represent only the federally funded portions of the program. District records should be consulted to determine amounts expended or matched from non-federal sources.

NOTE 2 – SCHOOLWIDE PROGRAMS

The District operates a “schoolwide program” in all buildings. Using federal funding, schoolwide programs are designed to upgrade an entire educational program within a school for all students, rather than limit services to certain targeted students. The following federal program amounts were expended by the District in its schoolwide programs: Title I (84.010) - \$1,857,220 State Basic Education, - \$26,507,366.

NOTE 3 - NON CASH AWARDS – FOOD COMMODITIES

The amount of food commodities reported on the schedule is the market value of commodities received by the School District during the current year. The value is determined by the USDA.

NOTE 4 – FEDERAL INDIRECT RATE

The Wapato School District claimed indirect costs under this grant using its federal restricted rate of 5.66%.

The Wapato School District has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 5 – FEDERAL INDIRECT RATE

The Wapato School District claimed indirect costs under this grant using its federal restricted rate of 4.34%.

NOTE 6 – UNRESTRICTED RATE

The Wapato School District claimed indirect costs under this grant using its unrestricted rate of 22.04%.

NOTE 7 – FEDERAL INDIRECT RATE

The Wapato School District claimed indirect costs under this grant using its federal restricted rate of 4.49%.

NOTE 8 – UNRESTRICTED RATE

The Wapato School District claimed indirect costs under this grant using its unrestricted rate of 17.34%.

CORRECTIVE ACTION PLAN FOR FINDINGS REPORTED UNDER UNIFORM GUIDANCE

Wapato School District No. 207 September 1, 2022 through August 31, 2023

This schedule presents the corrective action planned by the District for findings reported in this report in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Finding ref number: 2023-001	Finding caption: The District's internal controls were inadequate for ensuring compliance with federal Title 1 grant requirements for assessment system security.
Name, address, and telephone of District contact person: Sylvia Bazan, Business Manager; 212 W. 3rd Street, Wapato, WA 98951; (509) 877-4181	
Corrective action the auditee plans to take in response to the finding: <i>Starting with the 2023-24 Spring Smarter Balanced / WCAS administration, the district will require all buildings to complete a Test Security and Building Plan designed using the OSPI template. This will be completed at all buildings that conduct SBA/WCAS testing, including our Online Academy. This will be expanded to include the WIDA ACCESS and ALT-ACCESS and the remaining buildings for the 2024-25 assessment year. All Test Security and Building Plans will be sent to the District Assessment Coordinator at the conclusion of each assignment window for review. Any aspect of the plan found incomplete, missing, or otherwise not meeting standard will be sent back to the Building Assessment Coordinator for completion with guidance from the DAC and then returned to the DAC for final review.</i>	
Anticipated date to complete the corrective action: 5/1/24	

Finding ref number: 2023-002	Finding caption: The District did not have adequate controls for ensuring compliance with procurement requirements for the Special Education Program.
Name, address, and telephone of District contact person: Sylvia Bazan, Business Manager; 212 W. 3rd Street, Wapato, WA 98951; (509) 877-4181	
Corrective action the auditee plans to take in response to the finding: <i>The District understands the finding issued under procurement for special education services. In order to ensure we are following District policies, we plan to implement a check list for procuring contract services. The checklist will provide detail steps that must be followed prior to securing a contract with any vendor. We will re-train all administrative staff on the procurement policy and procedure 6220 as well as the new checklist that will be implemented. On an annual basis, policy 6220 and the checklist will be reviewed at our administrative nuts and bolts meeting. This will ensure all administrative staff have a review of the policy and checklist for procuring contract services.</i> <i>In addition, the business office will implement a process to issue a purchase order for all contract services that will clearly detail the amount of the contract.</i>	
Anticipated date to complete the corrective action: 8/31/24	

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, www.sao.wa.gov. Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
