**Office of the Washington State Auditor  
Pat McCarthy**

July 1, 2024

Board of Regents  
University of Washington  
Seattle, Washington

**Report on Accountability**

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The Office of the Washington State Auditor takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for University operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

Attached is our independent audit report on the University's compliance with applicable requirements and safeguarding of public resources for the areas we examined. We appreciate the opportunity to work with your staff and value your cooperation during the audit.

Sincerely,

Pat McCarthy, State Auditor  
Olympia, WA

## AUDIT RESULTS

### Results in brief

This report describes the overall results and conclusions for the areas we examined. In those selected areas, University operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

### About the audit

This report contains the results of our independent accountability audit of the University of Washington from July 1, 2022 through June 30, 2023.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.310, which requires the Office of the Washington State Auditor to examine the financial affairs of all state agencies. Our audit involved obtaining evidence about the University's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the year ended June 30, 2023, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Cash receipting – timeliness and completeness of deposits at the Dental Clinic, Burke Museum, and Lab Medicine
- Gifts – receipting, investing, and assessments
- Payroll – gross wages, overtime, and recruitment incentive payments
- Purchase cards – Athletics and Lab Medicine (Pathology)
- Investments – management and monitoring of investments
- Asset inventory – procurement and tracking of inventory items
- Accounts payable – general disbursements, electronic funds transfers, and travel expenditures
- Scholarships – compliance with eligibility at the Office of Student Financial Aid and School of Law
- Student tuition and fees – evaluated design of controls

## RELATED REPORTS

### **Financial**

We perform an annual audit of the statewide basic financial statements, as required by state law (RCW 43.09.310). Our opinion on these financial statements is included in the Annual Comprehensive Financial Report (ACFR). The ACFR reflects the financial activities of all funds, organizations, agencies, departments and offices that are part of the state's reporting entity. The results of that audit are published in a report issued by the Office of Financial Management in December of each year and can be found at [www.ofm.wa.gov](http://www.ofm.wa.gov).

### **Federal programs**

In accordance with the Single Audit Act, we annually audit major federal programs administered by the state of Washington. Rather than perform a single audit of each agency, we audit the state as a whole. The results of that audit are published in a report issued by the Office of Financial Management in March of each year.

## INFORMATION ABOUT THE UNIVERSITY

Founded on November 4, 1861, the University of Washington is one of the oldest state-supported institutions of higher education on the Pacific Coast. The University has three campuses located in Seattle, Tacoma and Bothell and 20 schools and colleges. The primary mission of the University is the preservation, advancement and dissemination of knowledge.

The University is governed by a 10-member Board of Regents, appointed by the Governor and confirmed by the state Senate. The University's budget for fiscal year 2023 was approximately \$9.49 billion. The primary revenue sources include tuition, grants, contracts, and medical services. The University employs approximately 42,000 faculty and staff members, and 4,500 graduate student employees. Enrollment for Autumn Quarter 2023 was 60,703 undergraduate, graduate, and professional students.

A highly rated research institution, the University generated \$2.10 billion in gift, grant, and contract revenue during fiscal year 2023. The University is one of the largest U.S. public educational institutions that receives federal assistance. The University also has many self-sustaining business operations that include UW Medicine (which includes four hospitals and multiple clinics), educational outreach, intercollegiate athletics, housing and food services, and parking operations, and several other specialized service facilities.

## ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, [www.sao.wa.gov](http://www.sao.wa.gov). Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
