## SCHEDULE OF FINDINGS AND QUESTIONED COSTS

## City of Shoreline January 1, 2023 through December 31, 2023

#### SECTION I – SUMMARY OF AUDITOR'S RESULTS

The results of our audit of the City of Shoreline are summarized below in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

#### **Financial Statements**

We issued an unmodified opinion on the fair presentation of the basic financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information in accordance with accounting principles generally accepted in the United States of America (GAAP).

Internal Control over Financial Reporting:

- Significant Deficiencies: We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- Material Weaknesses: We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the City.

#### Federal Awards

Internal Control over Major Programs:

- Significant Deficiencies: We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the City's compliance with requirements applicable to its major federal program.

We reported no findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

## **Identification of Major Federal Programs**

The following program was selected as a major program in our audit of compliance in accordance with the Uniform Guidance.

ALN Program or Cluster Title

20.205 Highway Planning and Construction

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$750,000.

The City did not qualify as a low-risk auditee under the Uniform Guidance.

#### SECTION II – FINANCIAL STATEMENT FINDINGS

None reported.

# SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None reported.

#### INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

## City of Shoreline January 1, 2023 through December 31, 2023

Mayor and City Council City of Shoreline Shoreline, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Shoreline, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated February 5, 2025.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We noted certain other matters that we have reported to the management of the City in a separate letter dated February 5, 2025.

#### REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

Pat McCarthy, State Auditor

Tat Macky

Olympia, WA

February 5, 2025

#### INDEPENDENT AUDITOR'S REPORT

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

# City of Shoreline January 1, 2023 through December 31, 2023

Mayor and City Council City of Shoreline Shoreline, Washington

# REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

#### Opinion on Each Major Federal Program

We have audited the compliance of the City of Shoreline, with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2023. The City's major federal programs are identified in the auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2023.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the City's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

Performing an audit in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
  design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the City's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered
  necessary in the circumstances;
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed; and

We are required to communicate with those charged with governance regarding, among
other matters, the planned scope and timing of the audit and any significant deficiencies
and material weaknesses in internal control over compliance that we identified during the
audit.

#### REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

#### Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

#### INDEPENDENT AUDITOR'S REPORT

#### Report on the Audit of the Financial Statements

## City of Shoreline January 1, 2023 through December 31, 2023

Mayor and City Council City of Shoreline Shoreline, Washington

#### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Shoreline, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the financial section of our report.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Shoreline, as of December 31, 2023, and the respective changes in financial position and cash flows thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Performing an audit in accordance with GAAS and *Government Auditing Standards* includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements:
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion
  is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time; and
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the financial section of our report be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). This supplementary information is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated February 5, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

#### **Management Discussion and Analysis**

As management of the City of Shoreline, we offer readers of the City of Shoreline's financial statements this narrative overview and analysis of the financial activities of the City of Shoreline for the fiscal year ended December 31, 2023.

#### **Financial Highlights**

- The Assets of the City Shoreline exceeded its Liabilities at the end of the most recent fiscal year by \$549,762,261. Of this amount, \$121,922,634 is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$50,968,879 from 2022. Revenues from governmental activities exceeded governmental expenses by \$40,793,224 and business-type activity revenues exceeded expenditures by \$10,126,501 in 2023 before transfers and special items.
- As of the close of 2023, the City of Shoreline's governmental funds reported combined ending net
  position balances of \$473,658,957 an increase of \$44,517,272 in comparison with the prior year.
  Approximately 20% or \$93 million, constitutes unrestricted net position which is available for spending
  at the government's discretion for general operations.
- At the end of the current fiscal year, assigned and unassigned fund balance of the general fund was \$59,416,152, or 101%, of the total general fund expenditures and transfers.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City of Shoreline's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund statements and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-wide financial statements**: The government-wide financial statements are designed to provide readers with a broad overview of the City of Shoreline's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the City of Shoreline that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities for the City include general government, public safety, physical environment (e.g., construction inspection and capital planning and design), transportation, economic environment (e.g., permitting, planning), and culture & recreation. The business-type activities of the City are the surface water utility and wastewater utility.

**Fund financial statements**. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Shoreline, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Shoreline can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds**. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Shoreline maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general capital fund, and the roads capital fund, all of which are considered to be major funds. Data from the other sixteen governmental funds are combined into a single, aggregated presentation.

The City of Shoreline adopts a biennial appropriated budget for its General Fund with annual spending plans. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

**Proprietary funds**. The City of Shoreline maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its surface water utility and wastewater utility. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Shoreline's various functions. The City uses internal service funds to account for its fleet of vehicles and equipment. The City also uses an internal service fund to provide for its unemployment compensation obligations. Because the services accounted for within the City's internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statement provides information for the surface water utility and wastewater utility. Surface water utility is considered a major fund of the City of Shoreline. Both surface water utility and wastewater utility are presented as major funds. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

**Fiduciary funds**. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds, but the funds are considered to be held in a custodial capacity for another entity.

**Notes to the financial statements**. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **Government-wide Financial Analysis**

City of Shoreline's Net Position December 31, 2023

	Governmenta	l Activities	Business-ty	pe Activities		Tota	al

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Shoreline, the net position was \$549,762,261 as of December 31, 2023.

By far the largest portion of the City's net position (65%) reflects the investment in capital assets (e.g., infrastructure, land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Total liabilities increased due to increases in long-term debt and an increase in the city's net pension liability. See Note 6: Pensions and Note 10: Long Term Debt for more information on these changes.

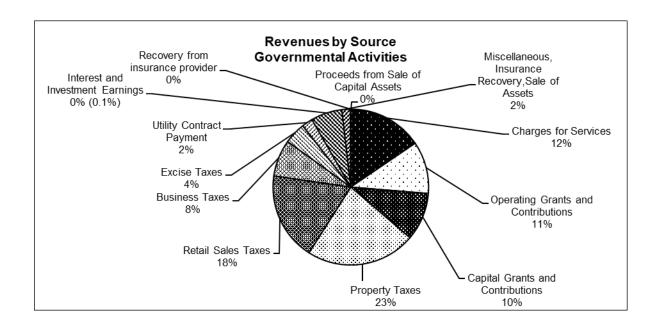

The unrestricted net position of both governmental and business activities is \$121,922,634 and may be used to meet the government's ongoing obligations to citizens and creditors.

**Governmental activities**. Governmental activities increased the City's net position by \$40,793,224 before transfers and special items. Key elements of the increase are as follows:

- Governmental revenues increased year-over-year by \$16,463,338, or 18%.
- Under the program revenues, charges for services increased \$2,115,493.
- Operating grants and contributions increased by \$4,930,284.
- Property taxes increased year over year by \$9,776,121, or 65%.
- Interest and investment earnings increased in 2023 by \$6,756,486 from 2022.

Governmental expenses increased year-over-year by \$6,352,551 or 10%. <u>General Government</u> expenses increased by \$1,991,229, <u>Public Safety</u> increased by \$1,102,992 or an increase of 6%. Costs for permitting, inspections, economic and engineering services increased by \$1,054,765, or 21% primarily related to increased staffing demands in permitting and inspections. <u>Transportation</u> expenses increased by \$2,245,500, or 15% which was primarily due to purchase and capitalization of real property. <u>Culture and Recreation</u> decreased by (\$58,466) from 2022.

**Business-type activities**. Business-type activities increased by \$10,126,501 compared to 2022 before transfers and special items. Key elements of this change are as follows:

- Total increase in revenue for business-type activities was \$4,757,750, a 15% increase over 2022.
  - Charges for Wastewater and Surface Water Utilities increased by \$3,134,050, which is an increase of 12% Interest and Investment Earnings increased by \$739,487.
- Total increase in expenses for business-type activities were \$1,970,296, an 8% increase from 2022, and in addition, net interfund transfers increased \$1,868,159 from 2022, due to a one-time expense for the new maintenance facility construction project.

#### Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

**Governmental funds**. The focus of the city's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2023, the City's governmental funds reported combined ending fund balances of \$157,572,727 increasing year-over-year by \$20,481,511, as follows: 1) the fund balance of the General Fund increased by \$11,253,304, 2) the fund balance of the General Capital Fund is \$39,261,254, which is an increase by \$3,330,886 compared to 2022, 3) the fund balance of the Roads Capital Fund increased by \$152,579); and 4) the fund balance of the non-major funds increased by \$5,744,742.

Approximately 51% or \$79,821,432 constitutes assigned and unassigned fund balances, which are available for spending at the government's discretion for general operations. In addition to the fund balances available for general operations there are \$2,529,019 of committed fund balance and \$75,222,276 of restricted/non spendable fund balance.

The City implemented GASB 54 during 2011 and the financial statements reflect that implementation. The General Fund as reported on the *Statement of Revenues, Expenditures and Changes in Fund Balances for Governmental Funds* consists of two funds: General Fund and Revenue Stabilization Fund.

As of December 31, 2023, the unassigned fund balance of the General Fund was \$47,073,839 while total fund balance reached \$62,193,965. As a measure of General Fund liquidity, it may be useful to compare the unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance is approximately 76% of the total General Fund balance and nearly 93% of the General Fund expenditures excluding transfers out.

The City's General Fund Balance total increased year-over-year by \$11,253,304. The variance from budget was \$19 million better than anticipated, so far this budget biennium. Key factors in this change of activities are as follows:

Overall General Fund revenues increased year-over-year by \$11,628,304, or a 17.5% increase. Revenues were more than budget by \$7,627,834. The largest factors comprising the year-over-year increase included:

- Tax revenue increased by \$7,843,043.
- Interest & Investment earnings increased by \$2,579,143.
- Charges for Services revenue increased by \$1,238,679.

General Fund expenditures, excluding operating transfers-out, increased year-over-year by \$5,407,254, or a 10% increase. Expenditures were \$6,104,522 less than budget. The most significant areas experiencing budget savings included:

- General Government expenditures came in less than budget by 9%.
- Public Safety expenditures were less than budget by 11%.
- Natural and Economic Environment expenditures were less than budget by 15%.
- Culture and Recreation expenditures were less than budget by 9%.

The Roads Capital Fund has a fund balance of \$27,475,807, which will be used for transportation capital improvements. The net increase in fund balance within the Roads Capital fund was \$152,579.

The Non-Major Funds have a fund balance of \$28,641,702, which will be used for: street and right-of-way maintenance; code abatement efforts; training and equipment to support investigations of illegal drug activity; public art projects; collection and use of transportation impact fees; debt service; and long-term maintenance of City facilities. The net increase in fund balance within these funds was \$5,744,742 and is largely attributable to receipt of traffic impact fees, park impact fees, debt proceeds, and the restricted additional 0.2% sales tax collections that funds sidewalk repairs.

**Proprietary funds**. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The net position of the City's Surface Water Utility Fund is \$29,634,426, which is an increase of \$812,882, or 3%. The Unrestricted Net Position available for general surface water operations at the end of 2023 amounted to \$7,360,976. Other factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities.

The Wastewater Utility Fund began its operation in October 2017 after an approval of an interlocal agreement with Ronald Wastewater District. The City fully assumed Ronald Wastewater District in 2021. Its net position at the end of 2023 is \$46,468,878 which is an increase of 12% over 2022. The fund's unassigned Net Position is \$15,584,468.

#### **General Fund Budgetary Highlights**

For reporting purposes under GASB 54, the General Fund as reported on the Statement of Revenues, Expenditures and Changes in Fund Balances for Governmental Funds consists of two funds: General Fund and Revenue Stabilization Fund. The appropriations for the two funds are adopted separately by the City Council. During 2023, the budget was modified only in the General Fund. No changes in the appropriations were made for the Revenue Stabilization Fund.

During 2023, \$6.227 million increase in appropriation to the 2023-2024 budget of the General Fund were made due to needs that were not known at the time of the 2023-2024 Biennial Budget development and prior amendments:

- \$2.454 million supplemental appropriation in the General Fund through Ord. No. 982.
- \$3.773 million supplemental appropriation in the General Fund through Ord. No. 993.

#### **Capital Asset and Debt Administration**

**Capital assets**. The city's asset balances for its governmental and business-type activities as of December 31, 2023, totals \$452,974,180 net of accumulated depreciation/amortization. These assets include infrastructure, buildings, land, machinery and equipment, vehicles, road improvements, park facilities, right-to-use leased assets, and construction-in-progress.

Additional information on the City's capital assets can be found in Note 4 of the Financial Statements.

**Long-term debt.** As of December 31, 2023, the City had total bonded debt and loans outstanding of \$88,016,132. This total amount represents General Obligation Bonds and related proceeds; General Obligation Notes, Revenue Bonds; and Public Works Trust Fund loans outstanding.

The City issued Taxable Build America general obligation bonds (BABs) in 2009 to be used to pay for the purchase of City Hall. These bonds were refunded in 2019 with a cash contribution of \$1,108,944 and the issuance of general obligation bonds which have a twenty-year repayment period, at fixed interest rates ranging from 2.5 to 5.0%. This refunding was undertaken in order to affect net present value savings in excess of \$3.0 million. These Series 2019A bonds will be repaid with real estate excise taxes and General Fund revenues. The City issued 2013 LTGO bonds to finance the purchase of the North Maintenance Facility. These bonds have a twenty-year repayment period, at a fixed interest rate of 3.75%. They will be repaid with general property taxes. In addition to refunding bonds, the City also issued LTGO 2019 bonds for the purpose of financing the City's Sidewalk Prioritization Program. These bonds have a fifteen-year repayment period and were issued at a premium with fixed rates ranging from 3.0 to 5.0%. They will be repaid with voter Transportation Benefit District sales tax. In 2020, the City issued a limited tax general obligation note of \$25,000,000 to be used to provide interim financing for the acquisition of property for parks and recreation purposes and the payment of other capital needed described in the City's Parks, Recreation & Open Space Plan, and to pay costs of issuance for the Note.

In June of 2022, the City retired the 2020 BAN and re-issued a limited tax obligation BAN for \$16,600,000 in order to continue the interim financing for the acquisition of property for park and recreation purposes, other capital expenditures described in the City's Parks, Recreation & Open Space Plan, and to pay costs of issuance for the note. In 2022, the City issued \$38,500,000 in Voter approved Unlimited Tax General Obligation Bonds to support investments identified in the PROs plan, including the repayment portion of the BAN.

The City issued Surface Water Utility Revenue Bonds in 2016 and 2018 for various Surface Water Utility projects. These bonds each have a fifteen-year repayment period, at fixed interest rates of 2.23% and 3.35% respectively.

#### City of Shoreline's Outstanding Debt General Obligation and Revenue Backed Debt

Washington State statutes limit the amount of general obligation debt that a unit of government can issue to 7.5 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt capacity for the City was \$1,005,273,775. Additional information regarding the City's long-term debt can be found in Notes 10 and 11 of the Financial Statements.

#### **Economic Factors and Next Year's Budgets and Rates**

During 2023, the fund balance in the General Fund, including the Revenue Stabilization, increased by \$11,253,304 to \$62,193,965. The total fund balance includes committed, assigned, and unassigned balances. The City's Reserve policy for the General Fund requires a Cash Flow Reserve of \$3,000,000, a budgeted biennium operating contingency of 2% operating revenues, and a budgeted biennium insurance reserve of \$255,000.

#### **Requests for Information**

The financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Shoreline Administrative Services Director, 17500 Midvale Ave N., Shoreline, WA 98133-4905.

# CITY OF SHORELINE RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2023

#### MCAG No. 1015

Amounts reported for governmental activities in the statement of activities are different because

Net change in fund balances - total governmental funds	\$ 20,481,511
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded,	
(were less than) depreciation in the current period.	21,165,653
The issuance of long-term debt (e.g., bonds) provides current financial resources to governmenta funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any	
effect on the net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts	
are deferred and amortized in the statement of activities. This amount is the net effect of	
these differences in the treatment of long-term debt and related items	134,443
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	380,135
Some expenses reported in the statement of activities do not require the use of current financia resources and, therefore, are not reported as expenditures in governmental funds.	1,818,132
Internal service funds are used by management to charge the costs of fleet management, management information systems, and unemployment to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	537,398
Change in net position of governmental activities	\$44,517,272

#### Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Shoreline have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies are described below.

#### A. REPORTING ENTITY

The City of Shoreline was incorporated on August 31, 1995, and operates under the laws of the state of Washington applicable to a non-charter code city with a Council-Manager form of government. Shoreline is administered by a City Manager and a seven-member City Council, with one of its members serving as Mayor. The City's major operations are as authorized under the laws of the State of Washington applicable to a non-charter code city.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Government-Wide Financial Statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. The City's policy is not to allocate indirect costs to a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

# C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The Government-Wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The financial statements for governmental funds are prepared using the current resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual, when they are both measurable and available. Available means collectible within the current period or soon enough thereafter (generally 60 days) to pay current liabilities. Revenues that are measurable but not available are recorded as receivables and offset by deferred inflows of resources. The City considers property taxes collected within 60 days of year end to be available. Intergovernmental revenues received as reimbursement for specific purposes are recognized when the expenditures are recognized. As a result, the City has a revenue recognition period of up to 12 months for intergovernmental non-exchange transactions (Grant Revenues). Intergovernmental revenues and recreation revenues received but not earned are recorded as unearned revenues. Franchise fees, licenses, fines, penalties, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are accrued when earned.

Retail Sales and Use Taxes and Business and Occupation Taxes: Accounting for Taxpayer-Assessed Tax Revenues in Governmental Funds, requires that revenues from taxpayer-assessed taxes such as sales taxes, net of estimated refunds, should be recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available to finance expenditures of the fiscal period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to the long-term portion of compensated absences and claims and judgments, are recorded only when payment is due.

The City reports the following major governmental funds:

#### **General Fund**

The General Fund is the City's operating fund. It accounts for all financial resources and transactions of the general government except those required to be accounted or elected to be accounted for in another fund. Major resources include property tax, sales tax, utility tax and franchise fees, gambling tax, licenses and permits, charges for services and intergovernmental revenue. Major programs include public safety (police, prosecuting attorney, jail housing, permitting, building inspection, and code enforcement), general governmental services (finance, legal, human resources, and facilities), culture and recreation (parks and recreation), natural and economic environment (economic development, planning, and environmental services).

#### General Capital Improvement Fund

This fund receives resources designated specifically for capital purposes such as proceeds from the 2006 General Obligation Bond and the 2013 Limited Tax General Obligation Bond as well as real estate excise tax. Projects in the General Capital Fund are divided into two major categories: facilities projects and parks projects.

#### Roads Capital Improvement Fund

This fund receives resources designated specifically for transportation related capital purposes such as funding from the TBD, real estate excise tax, capital grants, and support from the General Fund. Projects in the Roads Capital Fund are divided into three major categories: pedestrian/non-motorized projects, system preservation projects, and safety/operational projects.

The City reports the following major proprietary funds:

#### Surface Water Utility Enterprise Fund

This fund accounts for the resources received and expenses required for the operations of the City's surface water utility and construction of capital facilities. The primary revenue source for this fund is a storm drainage fee which is assessed annually against both residential and commercial properties.

#### Wastewater Utility Fund

This fund accounts for the resources received and expenses required for the operations of the City's wastewater utility and construction of capital facilities. The primary revenue source for this fund are wastewater fees billed against both residential and commercial properties on a monthly basis.

Additionally, the City reports the following fund types:

<u>Debt Service Funds</u> account for the accumulation of resources for the payment of general obligation bond principal, interest, and related costs.

<u>Internal Service Funds</u> account for equipment rental and fleet management provided to other departments of the City on a cost reimbursement basis. Also included is the management of unemployment related costs which is solely funded by the General Fund and is not charged on a reimbursement basis.

<u>A Custodial Fund</u> is used to account for the collection of state sales tax and other fees of the State of Washington for other special districts.

Generally, the effect of interfund activity has been eliminated from the Government-Wide Financial Statements.

Amounts reported as program revenues include 1) charges to customers, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. General revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the surface water utility fund are surface water utility fees. The primary operating revenues of the internal service funds are interfund charges for services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, when possible, then to use unrestricted resources as needed.

#### 1. Budgetary Basis of Accounting

Biennial appropriated budgets are adopted for the general, special revenue, debt service, internal service, and proprietary funds on the modified accrual basis of accounting and constitute the legal authority for expenditures. The appropriated budget is prepared by fund, and while each department and year has a budget plan, the expenditure appropriation is at the fund level for the biennium. Appropriations in all budgeted funds lapse at the end of the biennium even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments).

Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at the end of the biennium, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

#### 2. Amending the Budget

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of a fund or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the City Council.

When the City Council determines that it is in the best interest of the City to increase or decrease the appropriation for a particular fund, it may do so by ordinance.

The budget amounts shown in the financial statements are the final authorized amounts as revised during the year based on the annual budget plan.

The financial statements contain the original and final budget information for the General Fund based on the budget plan. The original budget is the budget plan for 2022 as included in the first biennial budget appropriation. The final budget is the original budget plan adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized changes applicable for the 2022 fiscal year.

#### D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND EQUITIES

#### 1. Cash and Cash Equivalents

For purposes of the statement of cash flows, the City considers all highly liquid investments to be cash held in the City's bank accounts, petty cash, and change accounts and are therefore included as cash equivalents. See Note 2, Deposits and Investments for additional information.

#### 2. Investments (See Note 2 Deposits and Investments)

#### 3. Receivables

Taxes Receivable consist of property taxes, surface water utility taxes, and related interest and penalties (see Note 3 *Property Taxes*). Accrued Interest Receivable consists of amounts earned on investments, notes, and contracts at the end of the year.

Customer Accounts Receivable consist of amounts owed from private individuals or organizations for goods and services including amounts owed for which billings have not been prepared. Notes and contracts receivable consist of amounts owed on open account from private individuals or organizations for goods or services rendered and for taxes due to the City.

## 4. Amounts Due to and from Other Funds and Governments, Interfund Loans and Advances Receivable

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund loans receivable/payable. All outstanding balances between funds are reported as due to/from other funds. Additional information regarding interfund loans is disclosed in Note 12, Interfund Receivables, Payables and Transfers.

Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

These accounts include amounts due to or from other governments for grants, entitlements, taxes, and charges for services.

#### 5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$4,999 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Costs for additions or improvements to capital assets are capitalized when they increase the effectiveness/efficiency or increase the life of the asset.

The costs for normal maintenance and repairs are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. With the implementation of GASB Statement 89, *Accounting for Interest Cost Incurred before the End of Construction Period* GASB Statement 89, *Accounting for Interest Cost Incurred before the End of Construction Period* interest GASBS No. 89, Accounting for Interest Cost Incurred before the End of Construction Period, interest incurred during the construction phase of the capital assets of business-type activities is no longer included as part of the capitalized value of the assets.

Property, plant, and equipment of the City is depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Years
Buildings	20-30
Infrastructure	25-80
Other Improvements	2-50
Vehicles	5-10
Computer Equipment	3-5

See Note 4 Capital Assets for additional information.

#### 6. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of calculating the restricted net position related to the net pension asset, the City includes the (net pension asset only/net pension asset and the related deferred outflows and deferred inflows/net pension asset and related deferred inflows).

#### 7. Deferred Outflows

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position which applies to future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. The City recognizes deferred outflows of resources relating to its pension plans.

See Note 6 Pension Plans, for additional information.

#### 8. Leases

Lessee: The City is a lessee for noncancelable leases. The City recognizes a lease liability and an intangible right-to-use lease asset in the government-wide and proprietary fund financial statements. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized using the (straight-line basis/effective interest method) over its useful life.

Governmental funds recognize a capital outlay and other financing source at the commencement of a new lease. Lease payments in governmental funds are reported as debt service principal and debt service interest expenditures.

Key estimates and judgements related to lease include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate
  charged by the lessor is not provided, the City generally uses its incremental borrowing rate as the
  discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the
  measurement of the lease liability are composed of fixed payments and purchase option price that the
  City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lessor: The City is a lessor for noncancelable leases. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measure as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term using the (straight-line basis/effective interest method).

Key estimates and judgements related to lease include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease liability are compose of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

#### 9. Compensated Absences

Compensated absences are absences for which employees will be paid, such as vacation leave or accrued compensatory time. Compensated absence liabilities are reported in the government-wide statements, as well as the proprietary funds.

Vacation leave, which may be accumulated up to 368 hours, is payable upon resignation, retirement or death.

Sick leave accrues at the rate of 8 hours per month and is only payable separation if the employee is eligible for retirement, as defined by the rules and regulations of the Washington State Public Employees Retirement System. In the event an employee qualifies for a sick leave cash-out, the employee is paid for 10% of his accrued but unused sick leave.

#### 10. Other Accrued Liabilities

These accounts consist of accrued wages and accrued employee benefits.

#### 11. Long-Term Debt

(See Note 10 – Long-Term Debt and Note 11 - Changes to Changes in Long-Term Liabilities)

#### 12. Unearned Revenues

This account includes amounts recognized as receivables but not revenues in governmental funds. In these instances, the revenue recognition criteria have not been met as discussed in Note 1C. *Measurement Focus, Basis of Accounting, and Financial Statement Presentation.* 

#### 13. Deferred Inflows

In addition to liabilities, the statement of financial position reports a separate section for the deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and will not be recognized as an inflow of resources (revenues) until that time. Unavailable revenues from prepayments and property taxes are reported as deferred inflows on the governmental fund statements. Only the unavailable revenues from non-property tax sources are included in the government-wide statements. This amount is deferred and recognized as an inflow of resources in the period when the amounts become available. The City also recognizes deferred inflow of resources relating to its pension plans.

See Note 6 Pension Plans, for additional information.

#### 14. Fund Balance Classifications

The components for reporting the City's fund balances are non-spendable, restricted, committed, assigned and unassigned.

- **A.** Non-spendable fund balance cannot be spent because it is either not in a spendable form (such as inventory or prepaids) or it is legally or contractually required to remain intact.
- **B.** Restricted fund balance includes amounts where constraints have been imposed by external parties, including creditors, grantors, and laws and regulations of other governments.
- **C.** For committed fund balance the government's highest level of decision-making authority is the City Council and a formal action by ordinance, resolution or motion is required to be taken to establish, modify or rescind a fund balance commitment.
- **D.** For assigned fund balance the City Council assigns amounts to a specific purpose (for example budgeted use of fund balance) by adopting an ordinance to establish or amend the City's budget.
- **E.** Unassigned fund balance is any remaining amount after accounting for A-D above.

For the classification of fund balances the government considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City's assumed spending order of fund balances is committed balances first, followed by assigned balances, then finally unassigned amounts.

#### 15. Fund Balance Details

Fund balances in the governmental funds at December 31, 2023 were as follows:

Fund Balance Components	Fund	Details	Amount	Total
Nonspendable Fund Balance	General	Prepaid Expenditures	\$ 238,234	
	General Capital	Prepaid Expenditures	4,503	
	Roads Capital	Prepaid Expenditures	22,260	
	Other Governmental	Prepaid Expenditures	17,041	\$ 282,038
Restricted Fund Balance	General	Opioid Litigation Settlement	10,560	
	General Capital	Restricted for Parks Bond projects	32,467,419	
	Other Governmental	Restricted for police use only	281,813	
	Other Governmental	Restricted for parks	5,536,829	
	Other Governmental	Restricted for 2016 UTGO Bond Payments	9,809	
	Other Governmental	Restricted for 2020 UTGO Bond Payments	10,561	
	Other Governmental	Restricted for sidewalk expansion debt service	10,900,904	
	Other Governmental	Restricted for transportation	9,979,782	
	Roads Capital	Restricted for transportation	15,742,561	\$ 74,940,238
Committed Fund Balance	General	Committed for Pandemic Response	2,522,069	
	General	Imprest Cash	6,950	\$ 2,529,019
Assigned Fund Balance	General	Available Fund Balance	12,342,313	
	General Capital	Available Fund Balance	6,789,332	
	Other Governmental	Available Fund Balance	1,904,962	
	Roads Capital	Available Fund Balance	11,710,986	\$ 32,747,594
Unassigned	General	Remaining Fund Balance	47,073,838	\$ 47,073,838
		Total Fund Balances	\$ 157,572,727	\$ 157,572,727

#### 16. Minimum Fund Balances

The City's Reserve and Fund Balance Policies as adopted by motion of the City Council include the following provisions.

#### **General Fund Operating Reserves**

The City shall maintain a General Fund Operating Reserve to provide adequate cash flow, budget contingencies, and insurance reserves. The General Fund Operating Reserves will be determined as follows:

- 1. Cash Flow Reserve: The City shall maintain a cash flow reserve within the General Fund in an amount equal to \$3,000,000. The City will review annually the required cash flow reserve level that is necessary to meet the City's cash flow needs. If it is determined that \$3,000,000 is not adequate, the Finance Director shall propose an amendment to these policies.
- 2. Revenue Stabilization Reserve: The City shall maintain a revenue stabilization reserve of \$6,831,752 equal to thirty percent (30%) of annual economically sensitive revenues within the City's operating budget to cover revenue shortfalls resulting from unexpected economic changes or recessionary periods.
- 3. Budget Contingency: The City shall maintain a budget contingency reserve within the General Fund equal to 2% of budgeted operating revenues.
- 4. Insurance Deductible Reserve: The City shall maintain an insurance reserve within the General Fund to be used for potential substantial events that cause damage to the City's fixed assets and/or infrastructure

However, due to certain reporting criteria not being met, the General Fund's Operating Reserves enumerated above are included in the General Fund's unassigned fund balance.

The City will maintain fully funded reserves for the replacement of vehicles, computer equipment, and other equipment identified on the City's fixed asset listing. Contributions will be made through assessments to the using funds and maintained on a per asset basis.

#### City Street Fund Reserves

The City shall maintain an operating reserve within the City's Street Fund an amount equal to 20% of annually budgeted operating revenues.

#### Surface Water Utility Fund Reserves

The City shall maintain an operating reserve within the Surface Water Utility Fund of an amount equal to no less than 20% of budgeted operating revenues.

#### Note 2 - DEPOSITS AND INVESTMENTS

#### A. DEPOSITS

At December 31, 2023, cash on hand was \$13,914,630, excluding \$1,983 on hand for the Custodial Fund. The carrying amount of the City's deposits was \$13,898,565 and the bank balance was \$19,605,786.

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in event of a failure of a depository financial institution, the city would not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The city deposits and certificates of deposit are mostly covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

#### **B. INVESTMENTS**

Interest Rate Risk: Interest rate risk is the risk the city may face should interest rate variances affect the fair value of investments. The city does not have a formal policy that addresses interest rate risk.

Investment Type	Fair Value	Matur	ities Less Than 1 Year	Maturi	ties 1 to 3 Year
U.S. Treasuries	\$ 55,846,989	\$	49,775,843	\$	6,071,147
U.S. Agencies	10,451,246		9,449,769		1,001,477
Corporate Notes/Bonds	5,406,474		1,400,818		4,005,656
Bank Notes/Bonds	252,523		-		252,523
Total	\$ 71.957.232	\$	60.626.430	\$	11.330.803

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The city does not have a formal policy that addresses credit risk.

Investment Type	Fair Value	Aaa	Aa2	Aa3	A1	A2	А3	P1
U.S. Treasuries	\$55,846,989	\$53,390,390						\$2,456,600
U.S. Agencies	10,451,246	10,451,246						
Corporate Notes/Bonds	5,406,474		423,482	1,431,043	1,469,062	752,811	346,293	983,784
Bank Notes/Bonds	252,523		252,523					
Total	\$71,957,232	\$63,841,636	\$676,005	\$1,431,043	\$1,469,062	\$752,811	\$346,293	\$3,440,383

Rating agency: Moody's

#### **Investments in Local Government Investment Pool (LGIP)**

The city is a participant in the Local Government Investment Pool as authorized by Chapter 294, Laws of 1986, and is managed and operated by the Washington State Treasurer. The State Finance Committee is the administrator of the statute that created the pool and adopts rules. The State Treasurer is responsible for establishing the investment policy for the pool and reviews the policy annually and proposed changes are reviewed by the LGIP advisory Committee.

Investments in the LGIP, a qualified external investment pool, are reported at amortized cost which approximates fair value. The LGIP is an unrated external investment pool. The pool portfolio is invested in a manner that meets the maturity, quality, diversification, and liquidity requirements set forth by the GASBS 79 for external investments pools that elect to measure, for financial reporting purposes, investments at amortized cost. The LGIP does not have any legally binding guarantees of share values. The LGIP does not impose liquidity fees or redemption gates on participant withdrawals.

The Office of the State Treasurer prepares a stand-alone LGIP financial report. A copy of the report is available from the Office of the State Treasurer, PO Box 40200, Olympia, Washington 98504-0200, online at http://www.tre.wa.gov.

As of December 31, 2023, the City's investment in the LGIP totaled \$98,163,437.

#### **Investments Measured at Fair Value**

The City measures and reports investments at fair value using the valuation input hierarchy established by generally accepted accounting principles, as follows:

- a. Level 1: Quoted prices in active markets for identical assets or liabilities.
- b. Level 2: These are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3: Unobservable inputs for an asset or liability.

At December 31, 2023, the City had the following investments measured at fair value:

Investments by Fair Value Level	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Federal Treasury Obligations	\$ 55,846,989	\$ 55,846,989		
Federal Agency Obligations	10,451,246	10,451,246		
Corporate Obligations	5,406,474	5,406,474		
Bank Obligations	252,523	252,523		
Cash Held In Investment Account	77,576	77,576		
Total Investments by FMV	\$ 72,034,808	\$ 72,034,808	\$ -	\$ -

#### **Summary of Deposit and Investment Balances**

Reconciliation of city's deposits and investment balances as of December 31, 2023, is as follows:

	Government Wide		Fidu	iciary Fund	Total		
Cash on Hand	\$	13,914,630	\$	1,983	\$	13,916,613	
Deposits in State LGIP		98,163,437				98,163,437	
Non-Pooled Investments		72,034,808				72,034,808	
Total Deposits and Investments	\$	184,112,875	\$	1,983	\$	184,114,858	

#### **Note 3 - PROPERTY TAXES**

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities.

Property Tax Calendar					
January 1	Taxes are levied and become an enforceable lien against properties.				
February 14	Tax bills start being mailed.				
April 30	First of two equal installment payments is due.				
May 31	Assessed value of property is established for next year's levy at 100 percent of market value.				
October 31	Second installment is due.				

Property taxes are recorded as receivable and revenue when levied. No allowance for uncollectible taxes is established because delinquent taxes are considered fully collectible. Prior year tax levies were recorded using the same principal, and delinquent taxes are evaluated annually.

If other tax jurisdictions maximize their respective property tax levy, the City may levy up to \$1.60 per \$1,000 of assessed valuation for general governmental services.

The City's regular levy for 2023 was \$1.39 per \$1,000 on an assessed valuation of \$15,932,890,046 for a total regular levy of \$22,146,717.

The Washington State Constitution and Washington State law, RCW 84.55.010, limit the rate.

In 2022, Shoreline voters passed Proposition 1, which set Shoreline's maximum regular property tax rate at \$1.39/\$1,000 for collection in 2023. It also sets the limit factor for levy increases in 2024-2028 at 100% plus annual inflation (Seattle CPI-U); uses the 2028 levy amount to calculate subsequent levy limits; and exempts qualifying seniors and persons with disabilities per RCW 84.36.381.

## Note 4 – CAPITAL ASSETS AND DEPRECIATION

### A. Capital asset activity for the year ended December 31, 2023, was as follows:

Governmental Activities	Beginning Balance 01/01/2023		Increases	Decreases	Ending Balance 12/31/2023
Capital Assets, not being depreciated:					
Land	\$ 175,092,650	\$	10,330,430	\$ -	\$ 185,423,080
Construction in Progress	\$ 31,122,994	\$	19,350,204	\$ (23,163)	\$ 50,450,034
Total Capital Assets, not being depreciated:	\$ 206,215,643	\$	29,680,634	\$ (23,163)	\$ 235,873,114
Capital Assets, being depreciated:					
Right-to-use leased land	\$ 125,708	\$	-	\$ -	\$ 125,708
Buildings	\$ 47,215,383	\$	-	\$ -	\$ 47,215,383
Improvements other than buildings	\$ 22,621,759	\$	187,396	\$ -	\$ 22,809,155
Machinery and equipment	\$ 5,764,182	\$	231,055	\$ (37,900)	\$ 5,957,337
Right-to-use leased equipment	\$ 165,238	\$	41,966	\$ -	\$ 207,204
Infrastructure	\$ 267,179,630	\$	61,856	\$ (1,305,209)	\$ 265,936,276
Total Capital Assets, being depreciated:	\$ 343,071,900	\$	522,273	\$ (1,343,110)	\$ 342,251,063
Less Accumulated Depreciation for:					
Right-to-use leased land	\$ (33,247	) \$	(33,247)	\$ -	\$ (66,494)
Buildings	\$ (18,975,551	) \$	(1,507,790)	\$ -	\$ (20,483,341)
Improvements other than buildings	\$ (10,878,865	) \$	(657,726)	\$ -	\$ (11,536,590)
Machinery and equipment	\$ (3,627,324	) \$	(440,392)	\$ 10,829	\$ (4,056,887)
Right-to-use leased equipment	\$ (39,934	) \$	(45,435)	\$ -	\$ (85,369)

#### Note 5 - OTHER RESTRICTED NET POSITION

The government-wide statement of net position reported \$74,943,254 in restricted net position, of which that full amount is restricted by enabling legislation.

#### Note 6 - PENSION PLANS - State Sponsored

The following table represents the aggregate pension amounts for all plans for the year 2023:

Aggregate Pension Amounts - All Plans		
Pension liabilities	(2,512,717)	
Pension assets	5,705,490	
Deferred outflows of resources	4,916,565	
Deferred inflows of resources	(3,164,618)	
Pension expense/expenditures	(463,384)	

#### **State Sponsored Pension Plans**

Substantially all City full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under cost-sharing, multiple-employer public employee defined benefit and defined contribution retirement plans. The state Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available annual comprehensive financial report (ACFR) that includes financial statements and required supplementary information for each plan.

The DRS ACFR may be downloaded from the DRS website at www.drs.wa.gov.

#### Public Employees' Retirement System (PERS)

PERS members include elected officials; state employees; employees of local governments; and higher education employees not participating in higher education retirement programs.

PERS is composed of and reported as three separate plans for accounting purposes: Plan 1, Plan 2/3 and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although employees can be a member of only Plan 2 or Plan 3, the defined benefits of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of Plan 2/3 may legally be used to pay the defined benefits of any Plan 2 or Plan 3 members or beneficiaries.

**PERS Plan 1** provides retirement, disability and death benefits. Retirement benefits are determined as 2% of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. PERS Plan 1 retirement benefits are actuarially reduced if a survivor benefit is chosen. Members retiring from active status prior to the age of 65 may also receive actuarially reduced benefits. Other benefits include an optional cost-of-living adjustment (COLA). PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

#### Contributions

The **PERS Plan 1** member contribution rate is established by State statute at 6%. The employer contribution rate is developed by the Office of the State Actuary, adopted by the Pension Funding Council and is subject to change by the legislature. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) for 2023 were as follows:

PERS Plan 1		
Actual Contribution Rates	Employer	Employee
January – June	<u> </u>	1
PERS Plan 1	6.36%	6.00%
PERS Plan 1 UAAL	3.85%	
Administrative Fee	0.18%	
Total	10.39%	6.00%
July – August	·	
PERS Plan 1	6.36%	6.00%
PERS Plan 1 UAAL	2.85%	
Administrative Fee	0.18%	
Total	9.39%	6.00%
September – December		
PERS Plan 1	6.36%	6.00%
PERS Plan 1 UAAL	2.97%	
Administrative Fee	0.20%	
Total	9.53%	6.00%

PERS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as 2% of the member's AFC times the member's years of service for Plan 2 and 1% of AFC for Plan 3. The AFC is the average of the member's 60 highest-paid consecutive service months. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 retirement benefits are actuarially reduced if a survivor benefit is chosen. Other PERS Plan 2/3 benefits include a COLA based on the CPI, capped at 3% annually. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

**PERS Plan 3** defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. Members are eligible to withdraw their defined contributions upon separation. Members have multiple withdrawal options, including purchase of an annuity. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

#### Contributions

The **PERS Plan 2/3** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The rates are adopted by the Pension Funding Council and are subject to change by the Legislature. The employer rate includes a component to address the PERS Plan 1 Unfunded Actuarial Accrued Liability (UAAL).

As established by Chapter 41.34 RCW, Plan 3 defined contribution rates are set at a minimum of 5% and a maximum of 15%. PERS Plan 3 members choose their contribution rate from six options when joining membership and can change rates only when changing employers. Employers do not contribute to the defined contribution benefits.

The PERS Plan 2/3 defined benefit required contribution rates (expressed as a percentage of covered payroll) for 2023 were as follows:

PERS Plan 2/3			
Actual Contribution Rates	Employer 2/3	Employee 2	Employee 3
January – June			
PERS Plan 2/3	6.36%	6.36%	Varies
PERS Plan 1 UAAL	3.85%		
Administrative Fee	0.18%		
Total	10.39%	6.36%	
July – August		·	
PERS Plan 2/3	6.36%	6.36%	Varies
PERS Plan 1 UAAL	2.85%		
Administrative Fee	0.18%		
Total	9.39%	6.36%	
September – December		·	
PERS Plan 2/3	6.36%	6.36%	Varies
PERS Plan 1 UAAL	2.97%		
Administrative Fee	0.20%		
Total	9.53%	6.36%	

The City's actual PERS plan contributions were \$712,230 to PERS Plan 1 and \$1.317.724 to PERS Plan 2/3 for the year ended December 31, 2023.

#### **Actuarial Assumptions**

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation completed in 2023 with a valuation date of June 30, 2022. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary's (OSA) 2013-2018 Demographic Experience Study and the 2021 Economic Experience Study.

Additional assumptions for subsequent events and law changes are current as of the 2022 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2023. Plan liabilities were rolled forward from June 30, 2022, to June 30, 2023, reflecting each plan's normal cost (using the entry-age cost method), assumed interest and actual benefit payments.

- **Inflation:** 2.75% total economic inflation; 3.25% salary inflation
- **Salary increases**: In addition to the base 3.25% salary inflation assumption, salaries are also expected to grow by service-based salary increase.
- Investment rate of return: 7.00%

Mortality rates were developed using the Society of Actuaries' Pub. H-2010 mortality rates, which vary by member status (e.g. active, retiree, or survivor), as the base table. OSA applied age offsets for each system, as appropriate, to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale, also developed by the Society of Actuaries, to project mortality rates for every year after the 2010 base table. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout their lifetime.

Methods did not change from the prior contribution rate setting June 30, 2021, Actuarial Valuation Report (AVR).

#### **Discount Rate**

The discount rate used to measure the total pension liability for all DRS plans was 7.0%.

To determine that rate, an asset sufficiency test was completed to test whether each pension plan's fiduciary net position was sufficient to make all projected future benefit payments for current plan members. Based on OSA's assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.0% was used to determine the total liability.

#### **Long-Term Expected Rate of Return**

The long-term expected rate of return on the DRS pension plan investments of 7.0% was determined using a building-block-method. In selecting this assumption, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns provided by the Washington State Investment Board (WSIB). The WSIB uses the CMA's and their target asset allocation to simulate future investment returns at various future times.

#### **Estimated Rates of Return by Asset Class**

The table below summarizes the best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023. The inflation component used to create the table is 2.2% and represents the WSIB's most recent long-term estimate of broad economic inflation.

Asset Class	Target Allocation	% Long-Term Expected Real Rate of Return Arithmetic
Fixed Income	20%	1.5%
Tangible Assets	7%	4.7%
Real Estate	18%	5.4%
Global Equity	32%	5.9%
Private Equity	23%	8.9%
	100%	

#### Sensitivity of the Net Pension Liability/(Asset)

The table below presents the City's\_proportionate share of the net pension liability/(asset) calculated using the discount rate of 7%, as well as what the City's proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6%) or 1-percentage point higher (8%) than the current rate.

Plan	1% Decrease (6%)	Current Discount Rate (7%)	1% Increase (8%)
PERS 1	\$3,510,456	\$2,512,717	\$1,641,926
PERS 2/3	\$6,205,404	\$(5,705,490)	\$(15,491,042)

#### **Pension Plan Fiduciary Net Position**

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

# Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the City reported its proportionate share of the net pension liabilities and assets as follows:

Plan	Liability (or Asset)
PERS 1	\$2,512,717
PERS 2/3	\$(5,705,490)

At June 30, the City's proportionate share of the collective net pension liabilities was as follows:

Plan	Proportionate Share 6/30/22	Proportionate Share 6/30/23	Change in Proportion
PERS 1	0.110254%	0.110075%	(0.000179%)
PERS 2/3	0.140214%	0.139203%	(0.001011%)

Employer contribution transmittals received and processed by the DRS for the fiscal year ended June 30, 2023 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported by the DRS in the *Schedules of Employer and Nonemployer Allocations* for all plans.

#### **Pension Expense**

For the year ended December 31, 2023, the City recognized pension expense as follows:

Plan	Pension Expense
PERS 1	\$(1,071)
PERS 2/3	(462,313)
TOTAL	\$(463,384)

#### **Deferred Outflows of Resources and Deferred Inflows of Resources**

At December 31, 2023, the City\_reported deferred outflows of resources and deferred inflows of resources related to pensions from the following:

PERS 1	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		
Net difference between projected and actual investment earnings on pension plan investments		\$(283,445)
Changes of assumptions		
Changes in proportion and differences between contributions and proportionate share of contributions		
Contributions subsequent to the measurement date	\$309,371	
TOTAL	\$309,371	\$(283,445)

PERS 2/3	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$1,162,202	\$(63,748)
Net difference between projected and actual investment earnings on pension plan investments		(2,150,173)
Changes of assumptions	2,395,362	(522,095)
Changes in proportion and differences between contributions and proportionate share of contributions	\$385,544	(145,157)
Contributions subsequent to the measurement date	664,086	
TOTAL	\$4,607,194	\$(2,881,172)

Deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2024. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	PERS 1
2024	\$(192,844)
2025	(242,525)
2026	149,537
2027	2,387
2028	
Thereafter	
Total	\$(283,445)

Year ended December 31:	PERS 2/3
2024	\$(914,624)
2025	(1,147,350)
2026	1,785,632
2027	666,033
2028	642,304
Thereafter	29,940
Total	\$1,061,936

#### Note 7 – LOCAL GOVERNMENT PENSION TRUST FUND PLANS

The City established a Money Purchase Retirement Plan and Trust under Internal Revenue Code Section 401(a) effective April 1996. This is a defined contribution plan, which was established in lieu of participation by the City in the Social Security system. The Plan assets are currently held with Mission Square, the plan provider.

Under this plan, employees contribute 6.2%. The City also contributes 6.2% into the employee account. Participation in this plan is mandatory. Employee and employer contributions are vested immediately. The City contributed \$1,348,150 for the current year; the amount recognized as a pension expense for the period.

Each employee may direct his/her investments among various investment options. Upon separation of service prior to retirement, all employee contributions may be withdrawn without regard to age.

The City also established a Money Purchase Retirement Plan and Trust in 1997 with the Mission Square (formerly known as ICMA-RC Retirement Corporation), as an alternative to the Washington State Public Employees Retirement System Plan II. The only employee eligible to participate in this plan is a former City Manager.

As of December 31, 2023, the assets in the Mission Square Money Purchase Plans were valued at \$44,739,299.

The City established a 457 (b) Deferred Compensation Plan and Trust. Participation. This is a defined compensation plan where currently all elective contributions are made solely by City employees. For 2022 financial reporting, the City incorporated the requirements of the Governmental Accounting Standards Board (GASB) Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans. All assets are withheld through payroll

deductions and remitted to Mission Square who holds the assets. There is no city match for this benefit. Similar to the Mission Square Money Purchase Plan, each employee may direct his/her investments among various investment options. Upon separation of service prior to retirement, all employee contributions may be withdrawn without regard to age.

#### Note 8 - CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

#### A. SIGNIFICANT COMMITMENTS

The City requires architectural, engineering, and other professional services to plan and manage its current and future construction projects. Below is a listing of the City's significant commitments for active and future projects, which include professional services:

		REMAINING
PROJECTS	SPENT TO DATE	COMMITMENT
147/148TH PEDESTRIAN BRIDGE	\$ 2,997,985	\$ 8,095,232
PARK BOND PROJECTS	2,663,835	7,224,512
145TH and I-5 INTERCHANGE	616,999	3,349,403
145TH CORRIDOR	510,452	2,689,583
175TH STREET - STONE ST	3,270,338	2,344,163
BALLINGER MAINTENACE FACILITY	4,667,313	2,302,297
RICHMOND MIDBLOCK CROSSING	636,427	1,527,152

COMPREHENSIVE PLAN	190,126	309,875
FENCE DEMOLITION		300,000

### Note 9 - LEASES

The City's leased assets consist of land, buildings, and equipment. The City implemented GASB No. 87 in 2022.

Year Ended December 31, 2023	Beginning Balance		Increases		Decreases		End Balance	
Leased Land	\$	125,708	\$	-	\$	-	\$	125,708
Leased Buildings								
Leased Equipment		165,238		41,966		-		207,204
Total		290,946		41,966		-		332,912
Accumulated Depreciation Right to Use Leased Land		33,247		33,247				66,494
Accumulated Depreciation Leased Buildings		-		-		-		-
Accumulated Depreciation Leased Equipment		39,934		45,435		-		85,369
Total	\$	73,181	\$	78,682	\$	-	\$	151,863

Year Ended December 31	Principal	li	nterest	Total		
2024	\$ 75,330	\$	1,900	\$	77,230	
2025	47,431		1,116		48,547	
2026	41,825		623		42,448	
2027	15,220		188		15,408	
2028	2,967		30		2,997	
2029-2033			-		-	
Total	\$ 182,774	\$	3,856	\$	186,630	

In conjunction the City's leased assets, the following lessor information is provided:

The city leases cell tower space in both Hamlin and Keough Parks. The lease agreement for Hamlin Park is for 5 years commencing June 18, 2020, and has three additional 5-year extensions, each of which start automatically if the lessee has not notified the city in writing of its intent not to renew within 90 days of the expiration of the current term. The full lease term including optional extensions, is through June 17, 2040. The initial annual rate is \$17,603.04 and increases at a fixed rate of 2% per year through the term of the lease, including extensions. The lease agreement for Keough Park is for 5 years commencing October 1, 2018 and has four additional 5 year extensions, each of which start automatically if the lessee has not notified the city in writing of its intent not to renew within 90 days of the expiration of the current term. The full lease term including optional extensions, is through September 30, 2043. The initial annual rate is \$40,622.40 and increases at a rate equal to CPI each year, with a 2% minimum and a 5% maximum through the term of the lease, including extensions.

The analysis in the table below assumes that both leases will be renewed through the full terms, as that is considered most likely. For the Keough Park lease, the assumed rate for the CPI is the maximum 5% per year.

Year ended December 31	Principal	Ξ	nterest	Total		
2024	\$ 49,968	\$	18,436	\$	68,404	
2025	53,342		17,917		71,258	
2026	56,882		17,362		74,244	
2027	60,597		16,770		77,367	
2028	64,495		16,140		80,635	
2029-2033	387,995		69,757		457,753	
2034-2038	518,558		46,996		565,554	
2039-2043	556,965		17,846		574,811	
Total	\$ 1,748,801	\$	221,226	\$	1,970,026	

#### Note 10 - LONG-TERM DEBT

The City issues general obligation and revenue bonds to finance the acquisition or construction of land, buildings, improvements, and infrastructure, and the purchase of equipment. Bonded indebtedness has also been entered into, in prior years, to advance refund general government activities and is being repaid from the applicable resources. The revenue bonds are being repaid by proprietary fund revenues.

General obligation bonds currently outstanding are as follows:

Purpose	Final Maturity	Interest Rate	Ori	ginal Amount	Outstanding 12/31/2023
Limited Tax General Obligation Bonds, 2019					
Series A (Refunding 2009 General Obligation					
Build America Bonds)- City Hall	2039	2.50 - 5.00%	\$	15,490,000	\$ 13,410,000
Limited Tax General Obligation Bonds, 2019 Series B - Sidewalk Prioritization Project	2034	3.00 - 5.00%		10,000,000	7,955,000
Unlimited Tax General Obligation Bonds, 2022 - Parks, Recreation, Open Space Plan	2041	4.00 - 5.00%		37,840,000	36,570,000
Total			\$	63,330,000	\$ 57,935,000

The annual debt service requirements to maturity for general obligation bonds are as follows:

	Governmen	tal A	ctivities	Bus	iness-Ty	pe Activities	
Year Ending December 31, 2023	Principal		Interest	Princ	ipal	Interest	
2024	\$ 2,500,000	\$	2,449,562				
2025	2,615,000		2,330,363				
2026	2,745,000		2,205,613

Total	\$ 57,935,000	\$	22,664,144	\$	-	\$	-

The City issued a 2021 Limited Tax General Obligation Bond for \$8,060,000 to facilitate the delivery of sidewalk rehabilitation, annual road surface maintenance or other transportation improvement projects authorized to be supported by Vehicle License Fee (VLF) revenues. This is a drawdown bond, with \$2,015,000 and \$2,821,000 being drawn down in 2021 and 2022, respectively. In 2023, the City drew down the remaining \$3,224,000. As of December 2023, \$7,116,960 in drawdowns were outstanding.

General obligation bond direct placements currently outstanding are as follows:

gament and plants						
Purpose	Final Maturity	Interest Rate	Orig	ginal Amount	(	Outstanding 12/31/2023

Total	\$ -	\$ -	\$ 4,239,172	\$ 659,753			

In proprietary funds, any unamortized debt issue costs for issuance are recorded as an asset and bonds are displayed net of premium or discount; annual interest expense is decreased by the amortization of debt premiums and increased by the amortization of debt issuance costs and discounts. As of December 31, 2023, the proprietary funds had no unamortized debt issue costs, premiums or discounts.

At December 31, 2023, the City had cash and investments of \$10,844,544 In the debt service funds to service the general bonded debt; no reserve requirements are stipulated by these bonds. Restricted assets in the proprietary fund contain \$0 in sinking funds and reserves, as no sinking funds or reserves are required by bond indentures.

The City has pledged future surface water revenues and ULID assessments, net of expenses, to pay \$1,148,586 and \$3,090,586 in revenue bonds issued in 2016 and 2018, respectively. Proceeds from the bonds provided financing for various storm water projects. The bonds are payable solely from net revenues of the utility. The 2016 Revenue Bonds and 2018 Revenue Bonds are payable through 2031 and 2033, respectively. Annual principal and interest payments on the bonds are expected to require less than 10% percent of net revenues. Currently, the total principal and interest remaining to be paid on the two bonds is \$4,898,925. Principal and interest paid for revenue bonds the current year and total revenues, net of grant revenues, were \$542,083 and \$9,245,348, respectively.

#### A. Refunded Debt:

In prior years, the City defeased certain general obligation bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for defeased bonds are not included in the City's financial statements. At December 31, 2023, \$14,735,000 of bonds outstanding are considered defeased.

#### B. Authorized Debt Issuances not Issued:

In 2019, with Ordinance No. 853, the City Council authorized the issuance of one or more series of limited tax general obligation bonds in the aggregate principal amount of \$42,000,000 related to transportation improvement projects supported by voter approved Transportation Benefit District .2% Sales Tax. This authorization is set to expire December 31, 2029. The \$10,000,000 in 2019B General Obligation bonds issued in 2019 were issued under this authorization, leaving a balance of \$32,000,000 authorized for future issuances.

In April 2024, with Ordinance No. 1010, the City Council authorized the issuance of one or more series of limited tax general obligation bonds in the aggregate principal amount not to exceed \$4,500,000 to provide interim financing for city facilities, including the acquisitions of land and to finance costs of issuing the notes. The effective date of this ordinance was May 7, 2024. This authorization is set to expire one year after the effective date.

#### C. Arbitrage:

The City's bonds are subject to federal arbitrage rules which the City is committed to meeting.

#### D. Terms Specified in Debt Agreements Related to Significant Finance-Related Events:

The terms of the Limited 2013 G.O. Bond stipulates that, in the event of the City's failure to pay bond principal in a timely manner, "...the City shall be obligated to pay interest on the Bond at the same rate provided in the Bond from and after its maturity of date fixed for prepayment until the bond, both principal and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Bond Fund, and the Bond has been called for payment by giving notice of that call to the Registered Owner."

Both the 2016 and 2018 Revenue Bonds stipulate that, in the event the bonds are determined to be taxable, the interest rates will immediately be adjusted upwards. In such an eventuality, the 2016 Revenue Bonds' interest rate would be increased from 2.23% to 3.43%; and the 2018 Revenue Bonds' interest rate would be increased from 3.35% to 4.19%.

Neither the 2019A nor the 2019B G.O. Bonds "are subject to acceleration upon the occurrence of a default. The City is liable for principal and interest payments only as they become due. In the event of multiple defaults in payment of principal or of interest on the Bonds, the registered owners would be required to bring a separate action for each such payment not made."

The 2021 G.O. Bonds are subject to provisions relating to both taxability events and default. "Upon the occurrence and continuance of an Event of Taxability, the interest rate on the principal amounts drawn down on the 2021 Bonds shall be adjusted effective as of the date on which the Event of Taxability occurred to a taxable equivalent rate." Additionally, in the event of default (but only until such time as the default is either waived or cured by the purchaser), "the interest rate on the 2021 Bonds shall be equal to 5.87%."

In any event of default on the 2022 Bond Anticipation Notes and "until such time as such event of default has been remedied or waived in writing by the bank, the interest rate on the note shall be increased to the bank's prime rate plus five percentage points (5.0%) and the bank may pursue any other remedies to which it is entitled."

If the rate of interest on the note shall ever exceed the maximum rate allowed by law, such excess interest shall be deferred until such date that the interest rate calculated thereunder ceases to exceed such maximum rate. If there remains any excess interest owed hereunder after termination of the note the City shall pay such interest as a fee to the bank.

#### Note 11 – CHANGES IN LONG-TERM LIABILITIES

During the year ended December 31, 2023, the following changes occurred in the City's long-term liabilities:

=		-						, ,		
		Beginning					En	ding Balance	D	ue Within
	Ва	lance 1/1/23	-	Additions	R	Reductions		12/31/23	(	One Year
Governmental Activities:

Net Pension Liability		2,607,447		2,264,404		2,740,329		2,131,522		
Governmental Activity long-term liabilities		92,154,959		6,656,538		7,120,297		91,691,199		3,371,617
Business-Type Activities:										
Surface Water Utility Bonds - Direct Placement		4,642,325				403,153		4,239,172		415,382
Compensated Absences		222,055		197,754		152,338		267,472		26,747
Net Pension Liability		462,429		386,683		467,918		381,195		
Business-Type Activity long-term liabilities	\$	5,326,809	\$	584,438	\$	1,023,409	\$	4,887,838	\$	442,129

For governmental activities, compensated absences and net pension liabilities are generally liquidated in the General Fund, Street Fund, General Capital Fund and Roads Capital Fund.

#### **Note 12- INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

#### A. Interfund Transfers

The City's interfund transfers are primarily to support the operations of other funds and are recorded as "Operating Transfers" and classified with "Other Financing Sources or Uses." The principal purposes for interfund transfers include interfund subsidies and transfers into debt service and capital project funds.

Interfund transfers at December 31, 2023 were as follows:

							Tra	ansfer From

#### **Note 13 - RISK MANAGEMENT**

#### A. Property and Liability

The City of Shoreline is a member of the Washington Cities Insurance Authority (WCIA). Utilizing Chapter 48.62 RCW (self-insurance regulation) and Chapter 39.34 RCW (Interlocal Cooperation Act), nine cities originally formed WCIA on January 1, 1981. WCIA was created for the purpose of providing a pooling mechanism for jointly purchasing insurance, jointly self-insuring, and / or jointly contracting for risk management services. WCIA has a total of 169 members.

New members initially contract for a three-year term, and thereafter automatically renew on an annual basis. A one-year withdrawal notice is required before membership can be terminated. Termination does not relieve a former member from its unresolved loss history incurred during membership.

Liability coverage is written on an occurrence basis, without deductibles. Coverage includes general, automobile, police, errors or omissions, stop gap, employment practices, prior wrongful acts, and employee benefits liability. Limits are \$4 million per occurrence in the self-insured layer, and \$16 million in limits above the self-insured layer is provided by reinsurance. Total limits are \$20 million per occurrence subject to aggregates and sublimits. The Board of Directors determines the limits and terms of coverage annually.

All Members are provided a separate cyber risk policy and premises pollution liability coverage group purchased by WCIA. The cyber risk policy provides coverage and separate limits for security & privacy, event management, and cyber extortion, with limits up to \$1 million and subject to member deductibles, sublimits, and a \$5 million pool aggregate. Premises pollution liability provides Members with a \$2 million incident limit and \$10 million pool aggregate subject to a \$100,000 per incident Member deductible.

Insurance for property, automobile physical damage, fidelity, inland marine, and equipment breakdown coverage are purchased on a group basis. Various deductibles apply by type of coverage. Property coverage is self-funded from the members' deductible to \$1,000,000, for all perils other than flood and earthquake, and insured above that to \$400 million per occurrence subject to aggregates and sublimits. Automobile physical damage coverage is self-funded from the members' deductible to \$250,000 and insured above that to \$100 million per occurrence subject to aggregates and sublimits.

In-house services include risk management consultation, loss control field services, and claims and litigation administration. WCIA contracts for certain claims investigations, consultants for personnel and land use issues, insurance brokerage, actuarial, and lobbyist services.

WCIA is fully funded by its members, who make annual assessments on a prospectively rated basis, as determined by an outside, independent actuary. The assessment covers loss, loss adjustment, reinsurance and other administrative expenses. As outlined in the interlocal, WCIA retains the right to additionally assess the membership for any funding shortfall.

An investment committee, using investment brokers, produces additional revenue by investment of WCIA's assets in financial instruments which comply with all State guidelines.

A Board of Directors governs WCIA, which is comprised of one designated representative from each member. The Board elects an Executive Committee and appoints a Treasurer to provide general policy direction for the organization. The WCIA Executive Director reports to the Executive Committee and is responsible for conducting the day-to-day operations of WCIA.

For each of the past three fiscal years, the City did not have any settlements which exceeded its insurance coverage.

#### A. Health and Welfare

The City of Shoreline is a member of the Association of Washington Cities Employee Benefit Trust Health Care Program (AWC Trust HCP). Chapter 48.62 RCW provides that two or more local government entities may, by Interlocal agreement under Chapter 39.34 RCW, form together or join a pool or organization for the joint purchasing of insurance, and/or joint self-insurance, to the same extent that they may individually purchase insurance or self-insure.

An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC Trust HCP was formed on January 1, 2014, when participating cities, towns, and non-city entities of the AWC Employee Benefit Trust in the State of Washington joined together by signing an Interlocal Governmental Agreement to jointly self-insure certain health benefit plans and programs for participating employees, their covered dependents and other beneficiaries through a designated account within the Trust.

As of December 31, 2023, 264 cities/towns/non-city entities participate and have enrollment in the AWC Trust HCP.

The AWC Trust HCP allows members to establish a program of joint insurance and provides health and welfare services to all participating members.

In April 2020, the Board of Trustees adopted a large employer policy, requiring newly enrolling groups with 600 or more employees to submit medical claims experience data in order to receive a quote for medical coverage. Outside of this, the AWC Trust HCP pools claims without regard to individual member experience. The pool is actuarially rated each year with the assumption of projected claims run out for all current members.

The AWC Trust HCP includes medical, dental and vision insurance through the following carriers: Kaiser Foundation Health Plan of Washington, Kaiser Foundation Health Plan of Washington Options, Inc., Regence BlueShield, Asuris Northwest Health, Delta Dental of Washington, Willamette Dental Group, and Vision Service Plan. Eligible members are cities and towns within the state of Washington. Non-city entities (public agency, public corporation, intergovernmental agency, or political subdivision within the state of Washington) are eligible to apply for coverage into the AWC Trust HCP, submitting application to the Board of Trustees for review as required in the Trust Agreement.

Participating employers pay monthly premiums to the AWC Trust HCP. The AWC Trust HCP is responsible for payment of all covered claims. In 2023, the AWC Trust HCP purchased medical stop loss insurance for Regence/Asuris and Kaiser plans at an Individual Stop Loss (ISL) of \$2 million through United States Fire Insurance Company. The aggregate policy is for 200% of expected medical claims.

Participating employers contract to remain in the AWC Trust HCP for a minimum of three years. Participating employers with over 250 employees must provide written notice of termination of all coverage a minimum of 12 months in advance of the termination date, and participating employers with under 250 employees must provide written notice of termination of all coverage a minimum of 6 months in advance of termination date. When all coverage is being terminated, termination will only occur on December 31. Participating employers terminating a group or line of coverage must notify the AWC Trust HCP a minimum of 60 days prior to termination. A participating employer's termination will not obligate that member to past debts, or further contributions to the AWC Trust HCP. Similarly, the terminating member forfeits all rights and interest to the AWC Trust HCP Account.

The operations of the Health Care Program are managed by the Board of Trustees or its delegates. The Board of Trustees is comprised of four regionally elected officials from Trust member cities or towns, the Employee Benefit Advisory Committee Chair and Vice Chair, and two appointed individuals from the AWC Board of Directors, who are from Trust member cities or towns. The Trustees or its appointed delegates review and analyze Health Care Program related matters and make operational decisions regarding premium contributions, reserves, plan options and benefits in compliance with Chapter 48.62 RCW. The Board of Trustees has decision authority consistent with the Trust Agreement, Health Care Program policies, Chapter 48.62 RCW and Chapter 200-110-WAC.

The accounting records of the AWC Trust HCP are maintained in accordance with methods prescribed by the State Auditor's office under the authority of Chapter 43.09 RCW. The AWC Trust HCP also follows applicable accounting standards established by the Governmental Accounting Standards Board ("GASB"). In 2018, the retiree medical plan subsidy was eliminated, and is noted as such in the report for the fiscal year ending December 31, 2018. Year-end financial reporting is done on an accrual basis and submitted to the Office of the State Auditor as required by Chapter 200-110 WAC. The audit report for the AWC Trust HCP is available from the Washington State Auditor's office.

#### C. Industrial Insurance

The City of Shoreline participates in the State of Washington's Employment Security Department's Industrial Insurance program. Payments are made quarterly.

#### D. Unemployment

The unemployment compensation insurance program is a federal-state system designed to provide partial wage loss compensation to workers during periods of temporary unemployment.

The City elected the reimbursement (self-insurance) method for claim payment and maintains the Unemployment internal service fund. The City reimburses Washington State's Employment Security Department on a quarterly basis for claims approved and paid.

Changes in claims liabilities for the two past years are as follows:

Year	_	eginning Balance	Adds	R	eduction	Ending Balance
2022	\$	21,340	\$ 76,758	\$	83,753	\$ 14,345
2023	\$	14,345	\$ 77,094	\$	49,860	\$ 41,579

#### **Note 14 – TAX ABATEMENT**

GASBS 77: Tax Abatement Disclosures requires that the City is disclose any tax abatements affecting its revenues, whether issued by the City or another government. Below is a table of the required disclosures:

	Tax Abateme For the Year Ended		
Brief Description of	City of Shoreline's	City of Shoreline's	Other Government

	b) Stimulate new construction or rehabilitation of existing vacant and underutilized buildings for revitalization of designated areas.		
	c) Assist in directing future population growth to targeted areas, thereby reducing development pressure on single-family residential neighborhoods. d) Achieve developmental		
	densities that stimulate a healthy economic base and are more conducive to transit use in the designated targeted area.		
4) Tax being abated	Property Tax	Property Tax	Property Tax
<ol><li>5) Authority to abate taxes</li></ol>	SMC 3.27 and RCW Chapter 84.14	RCW Chapter 84.36.560	RCW Chapter 84.26
6) Eligibility criteria	The program is meant to incentivize the creation of multi-family housing by providing a property tax exemption on new or rehabilitated multi-family buildings in exchange for setting aside a minimum of 20% of the homes as income- and rent-restricted (RCW 84.14.020) or selling a minimum of 25% of units to qualifying nonprofits or local governments that will ensure permanent affordable home ownership	exemption. b) At least 75% of the occupied dwelling units in the rental housing or lots in a mobile park are occupied by a very low-income household. c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the	which meets the definition set forth in RCW 84.26.020 within twenty-four months prior to the application for special valuation; and (4) Be protected by

	developers who build or rehabilitate four or more units. Additional requirements apply to rehabilitated properties which are already occupied.	(i) A federal or state housing program administered by the department of community, trade, and economic development. (ii) A federal housing program administered by a city or county government; (iii) An affordable housing levy authorized under RCW 84.52.105; or (iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW.	review board as described in RCW 84.26.050
procedures	Each owner of a property must enter a legally binding agreement with the City of Shoreline, which is then recorded with King County. The agreement details the affordability requirements and other stipulations for compliance with the program. In 2021, the City Council approved increasing the eligible period of exemption from 12 to 20 years, with Ordinance No. 944 for properties meeting certain additional criteria. Existing participants may apply to extend their participation to 20 years.	must submit an application to the City of Shoreline and enter a legally binding agreement with the City upon approval.	
7b) Abatement Mechanism: How recipient's taxes are reduced	Only the ad valorum value of housing-related improvements qualifying under the terms of Chapter 3.27, are exempt. Land value continues to be taxed.	The ad valorum value of land, residential improvements and personal property exclusively used to provide rental housing are exempt.	
7c) Abatement Mechanism: How amount of abatement is determined	The entire appraised value of the participating property's residential improvements is exempt.	personal are exempt.	valued under RCW

provisions	If a property fails to comply with the affordability restriction, the City Manager has the authority to cancel a tax exemption, and the Assessor has the authority to impose fines, collect back taxes, and charge interest on back taxes.	has been granted pursuant to RCW 84.36.560, with certain exceptions, the county treasurer shall collect all taxes which would have been paid had the property not been exempt during the three years preceding, or the life of such exemption, if such be less, together with the interest at the same rate and computed in the same way as that upon	With a few exceptions, whenever property classified and valued as eligible historic property under RCW 84.26.070 becomes disqualified for the valuation, there shall be added to the tax an additional tax equal to: (a) The cost multiplied by the levy rate in each year the property was subject to special valuation; plus (b) Interest on the amounts of the additional tax at the statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the property had not been valued as historic property under this chapter; plus (c) A penalty equal to twelve percent of the amount determined in (a) and (b) of this subsection.  (2) The additional tax and penalties, together with applicable interest thereon, shall become a lien on the property which shall have priority.
	To qualify for a 20-year exemption, the owner must commit to renting at least 20 percent of the dwelling units as affordable to low-income households for a term of at least 99 years, and the property must satisfy that commitment and all required affordability and income eligibility conditions adopted by the City under RCW Chapter 84.14.020.	The real and personal property owned or used by a nonprofit entity is to be used to provide rental housing for qualifying households or used to provide space for the placement of a mobile home for a qualifying household within a mobile home park	The owner shall, for the ten-year period of the classification: (a) Monitor the property for its continued qualification for the special valuation; (b) Comply with rehabilitation plans and minimum standards of maintenance as defined in the agreement; (c) Make the historic aspects of the property accessible to public view one day a year, if the property is not visible from the public right-of-way; (d) Apply to the local review

			board for approval or denial of any demolition or alteration; and (e) Comply with any other provisions in the original agreement as may be appropriate.
10) Dollar amounts of taxes abated	\$752,336	\$94,229	\$109,378
11) Amounts Received or Receivable from Other Governments Associated with Abated Taxes	N/A	N/A	N/A
12) Other commitments made by the City	N/A	N/A	N/A
13) Quantitative threshold for individual disclosure	N/A	N/A	N/A
14) Information omitted due to legal prohibitions	N/A	N/A	N/A

#### **Note 15 - CONTINGENCIES AND LITIGATION**

#### A. Contingent Liabilities

The City has recorded in its financial statements all material liabilities. In the opinion of management, the City's participation in and coverage provided by the WCIA pool and insurance reserves are adequate to pay all known or pending claims.

The City is contingently liable for the repayment of refunded debt. See Note 11: Long-Term Debt.

The City participates in several federal and state-assisted programs. These grants are subject to audit by the grantors or their representatives. Such audits could result in requests for reimbursement to grantor agencies for expenditures disallowed under the terms of the grants. City management believes that such disallowances, if any, would be immaterial.

#### **B.** Litigation

The City had several other lawsuits pending at the end of 2023. In the opinion of management, it is highly improbable that any of those cases would result in material liabilities to the City.

#### Note 16 - JOINT VENTURE

In 2022, the cities of Shoreline, Bothell, Kenmore, Kirkland, and Lake Forest Park concluded that by combining and expanding the North Sound RADAR Navigator, a grant-funded regional "co-response" pilot program which pairs law enforcement with mental health professionals to provide crisis de-escalation, with the Kirkland Community Responder Program which responds to calls involving underlying behavioral health, substance abuse or developmental disability components, the Regional Crisis Response Agency (Agency) would provide enhanced services to its citizens.

In October of 2022, the City of Shoreline's Council approved Resolution No. 501 authorizing the creation of the Regional Crisis Response Agency and its incorporation under 24.06 RCW as a non-profit corporation. All five

participating cities in the Agency's creation executed the interlocal agreement and, in February of 2023, the Agency was formed.

The Agency is partially grant-funded, and the City of Kirkland is to cover the cost of 3.5 FTEs. The remaining start-up and operating costs will be borne by each of the cities on a pro-rata basis based upon relative populations. The City of Shoreline's share is 25% of startup and operating costs. In 2023, the City paid \$411,144 to the Agency. This included start-up costs.

Each participant is to pay its determined % share of the annual budget quarterly no later than January 15, April 15, July 15, and October 15 each year.

In the event of dissolution, the Agency's assets will be shared based upon the average percentage participation over the six previous years.

#### **NOTE 17 - OPIOID LITIGATION SETTLEMENT**

The State of Washington along with other states settled claims that certain prescription drug companies and pharmaceutical distributors engaged in misleading and fraudulent conduct in the marketing and sale of opioids and failed to monitor for, detect and prevent diversion of the drugs. The City also settled the same claims and related claims. Due to its settlement of these claims, the City will receive payments from the Defendant companies over the next eighteen years. The City is required to use these funds for activities to remediate the opioid crisis and treat or mitigate opioid use disorder and related disorders through prevention, harm reduction, treatment, and recovery services.

Any settlements received following year-end which have not been accrued as receivables at year-end due to timing issues are disclosed in Note 18 – Subsequent Events.

#### **NOTE 18 - SUBSEQUENT EVENTS**

#### A. BONDS AUTHORIZED

On April 29, 2024, the City Council approved Ordinance No. 1010 authorizing the issuance of up to \$4,500,000 in short-term limited tax general obligation bond anticipation notes. Additional information is provided in Note 10: Long-Term Debt.

#### **B. OPIOID LITIGATION SETTLEMENT**

Due to timing constraints, certain opioid litigation settlement payments received in 2024 were not accrued as receivables for the year ended December 31, 2023. As of June 14, 2024, a total of \$0, had been received in 2024 but not accrued as 2023 receivables.

#### CITY OF SHORELINE, WASHINGTON

#### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended December 31, 2023

#### **NOTE 1 - BASIS OF ACCOUNTING**

This schedule is prepared on the same basis of accounting as the City of Shoreline's financial statements. The City of Shoreline uses the Generally Accepted Accounting Principles (GAAP) basis of accounting.

#### NOTE 2 - FEDERAL DE MINIMIS INDIRECT COST RATE

The City has elected the 10 percent *de minimis* indirect cost rate allowed under the Uniform Guidance. However, this indirect cost rate was not applied to any federal grants during the year.

#### NOTE 3 - PROGRAM COSTS

The amounts shown as current year expenditures represent only the federal grant portion of the program costs. Entire program costs, including the City of Shoreline's portion, are more than shown. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, <a href="www.sao.wa.gov">www.sao.wa.gov</a>. Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
