Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for District operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our independent audit report on the District's compliance with applicable requirements and safeguarding of public resources for the areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

Pat McCarthy

AUDIT RESULTS

This report describes the overall results and conclusions for the areas we examined. In those selected areas, District operations complied with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

About the audit

This report contains the results of our independent accountability audit of the Verdant Health Commission from January 1, 2016 through December 31, 2017.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the State Auditor to examine the financial affairs of all local governments. Our audit involved performing procedures to obtain evidence about the District's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, based on our risk assessment for the years ended December 31, 2017 and 2016, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Statutory authority – review of external and internal community programs
- Property taxes – review of authorized amounts
- Contracts and agreements, including bid law requirements for construction at the Kruger Clinic
- Selected Information Technology (IT) policies, procedures, practices, and controls protecting financial systems, IT systems and data
- Financial condition and fiscal sustainability
- Self-insurance compliance for workers compensation
- Open Public Meetings minutes

INFORMATION ABOUT THE DISTRICT

Public Hospital District No. 2 of Snohomish County, doing business as Verdant (Ver-dent) Health Commission, serves citizens in south Snohomish County. On September 1, 2010, the District entered into a lease and operating agreement with Swedish Health Services. Swedish now operates the acute-care hospital with 217 licensed beds, two primary care clinics, and an emergency department. The District formed the Verdant Health Commission to work with the community to provide complimentary health services and funding for priority healthcare needs within the District's service area. In January 2015, Verdant opened a Community Health & Wellness Center to serve residents of the District. All programming is free or low-cost to residents and supports healthy lifestyle choices.

An elected, five-member Board of Commissioners governs the District. Commissioners serve staggered, six-year terms. The Board appoints a Superintendent to oversee the District's daily operations and its employees. For fiscal year 2017, the District had operating costs of \$9.5 million.
